Student Federalist Organize Chapter

The newest organization on the campus is the Student Federalists. This club is a national organization for the promotion of a world federation of nations. This was the title of a speech by Clarence Streit in his book, "Union Now!"

The Student Federalists were organized in Scarsdale, New York, by Harris Wolford, a high school student, in January, 1941. Since then it has grown to over twenty-five chapters. The great interest in this plan for world peace shows that the youth of America can think seriously about world problems and want to show that they are vitally interested in solving them. This is their way of proving that they are not primarily concerned with the frivolities that are usually connected with youth. They want to help make this peace a lasting one. To do this the Student Federalists propose the forming of a federal union of all free peoples, identical in principle with the United States, Canada or Switzerland. Student Federalists feel that their goal is one of arousing public opinion and creating a consciousness of the fact that the minds of everyone who might be concerned no matter in how small a way.

Bucknell students have organized a chapter of the Student Federalists, and these officers have been elected: President, Elmer Hershkowitz; vice-president, Betty Paff; secretary, Evelyn Heimstein; treasurer, Seymour Bachman.

Since this chapter is the only one in the area of northeastern Pennsylvania, the members are planning to organize other chapters in the various schools in this vicinity which are having summer sessions. The real work will begin then, however, when the schools open. It is the hope of the local chapter that a branch of this organization can be started in every school.

The students at Bucknell, especially should be interested in this movement since Bucknell students, they will be the leaders of the future, and in order to be good citizens they must be well-informed.

Don't forget the Movie Party on July 7. See page two for details.

Freshman Week Program

An Orientation Program was held for the entering freshmen from Monday, June 12, until Friday, June 16. The program began with an address of welcome in assembly and conferences with faculty advisers on Monday. On Tuesday Miss Sanguillano spoke to the freshmen on "Standards of the College." On Wednesday, Mr. Swift spoke on "Scholastic Adjustments," while Mr. Paff explained "How to Use the Library" on Thursday. An informal reception was held for the new students on Friday afternoon. Among the new students were Louise Brennan, Doris Daniel, Helen Pugnus, Alice Timmer, Gerald Steckel, Joseph Feldmann, Robert Boyd, William Nancarrow, Zenon Wall.

Class Officers Are Elected

The election of class officers was held on Monday, June 18, in Chase Theatre. Representatives to Student Council were also elected. Following are the list of officers:

Freshmen

President, Robert Boyd; Vice-President, Albert Stratton; Secretary, Louise Brennan; Council representatives, Patricia Steele, Leonard Stein.

Sophomores

President, Robert Pernoski; Vice-President, Paul Koval; Secretary, Jack Walsh; Council representatives, Irene Sieminski, Gerald Groblovski.

Junior

President, Gifford Cappelini; Vice-President, Pauline Lastowski.

Tenth Annual Commencement of Bucknell University Junior College was held on Thursday evening, June 16, at the First Baptist Church of Wilkes-Barre. Dr. Everett L. Hunt, Dean and Professor of English at Swarthmore College, spoke on the "Wisdom of Leisure and the Wisdom of Experience."

Dr. Hunt maintained that there are two kinds of wisdom: that of leisure and that of experience. The former is gained from study and from books, but the latter comes from observation and practical experience. A man is not a real success unless he knows both kinds of wisdom.

The invitation was given by Dr. Charles S. Rush, Minister of the First Baptist Church, Miss Helen Louise Siller sang "The Twenty-Third Psalm." A selection of choral music, "Lift Thine Eyes," was given by members of the Glee Club, directed by Prof. Paul Gill.

Mr. Gilbert S. McClintock, Chairman, Board of Trustees; Captain A. M. H. New, President of Bucknell University; and Dr. Eugene S. Farley, Director of Bucknell University Junior College, presented certificates to the graduates. Rabbi Samuel Wolf of B'nai Israel Synagogue gave the benediction.

College Solicits $500,000 Endowment

Bucknell University Junior College is conducting a campaign for a five-year campaign. To date, this college is a four-year school. The trustees considered this undertaking in three years, but it was finally decided that they would try to establish a four-year college in Wilkes-Barre. Mr. Gilbert McClintock and Mr. Julius Long Stern are chairmen of the campaign, which is $500,000 has been raised to date. Because a number of givers can not make their plans for the summer, a modified campaign will be conducted throughout the summer. It is expected that the total will reach $750,000, which will be raised by this fall.

Since 1933 Bucknell University Junior College has served Wilkes-Barre and Wyoming Valley, paying its own way from the tuition income and the support received from interested friends. It is clear that the endowment and repair of the campus are not advanced by Bucknell University. Nearly 2,000 students have been served by the college. During the last two years the state has provided the Junior College with buildings and equipment valued at $350,000. However, the state requires that an educational institution have an endowment of $50,000, or an annual income of $25,000 before it will charter it as an independent four-year college. As the Junior College has no guaranteed income of $25,000, it is essential that the endowment be obtained if a charter is to be gained.

Several years ago the editorial board of the College paper made a survey of student opinion to find out how many students wished to complete their college education in Wilkes-Barre. The students were substantially unanimous in their desire to complete their last two years in Wilkes-Barre. The Bucknell alumni and students have continually urged that a four-year college be established.

Wyoming Valley is one of the few, and perhaps the largest of the concentrated population areas in the United States which does not have a four-year college for women. For generations the educational facilities denies many of the young people the advantages of a higher education. The cost of a college education away from home is prohibitive. The endowment will assure the future of Bucknell University Junior College.
"C'MON, STUDENTS, LET'S GO!"

Do you smell wood burning? Well, don't worry, it's just our own Student Council again hard at work. The President, Gifford Cappellini, Vice-President, Robert Perenski, and Secretary, Irene Sieminski, along with the rest of the Council are planning a full program of activities for us for this coming summer semester.

The Student Council, as you know, is composed of representatives from each class and from each of the student organizations grouped under College Activities.

It is responsible for the support of student activities and for the planning of social and extra-curricular programs in co-operation with the Faculty Advisers, the Dean of Women, and the Director. It may initiate new activities and obtain consideration of proposals important to the welfare of the students and the college. The Council is also responsible for the budgeting of student funds.

Once each month the Council meets with the Director, the Dean of Women, and the Faculty Advisers. In this meeting plans and policies are discussed, but final action is left to the Student Council.

So, come on, Students, get behind your Student Council. It is through them that you can introduce new ideas. They've already received the best cooperation of the students in the past, so let's not make this year an exception. As "Cap" so perfectly puts it, "The Student Council is you!" Remember that.

OPPORTUNITY KNOCKS ONCE

At the present time a campaign is being conducted to raise funds for the endowment of Bucknell University Junior College. As students of the college, we may not be able to contribute to this campaign financially, but there is something else that we can do.

It is an old adage that "Opportunity knocks once," and it is also often said that the man who takes advantage of the opportunity is the one who will be successful. Now is the time when the opportunity for creating a four-year school has arisen. Every one of us here can help in this campaign by standing solidly behind our school and the thing for which it stands. The cooperation of each one of us is needed. So let us be ready whenever we are called upon to do something which will better the school. There has always been a great deal of cooperation in the past on the part of the student body. Let's see if this cooperation can't continue.

BUY WAR BONDS

Speaking For Myself

Hi ya, Freshmen!

Please don't glance at this, say, "Oh, just another welcome speech," because it's more than that.

I realize I haven't been here long enough to advise you as to what you should not do, but I do know how I felt when I first came to Bucknell and how my feelings has grown into something wonderful.

There are so many perfect things about college. It's so hard to explain but I'm sure you'll understand. All the little touches which may seem so new and different to you will become things you'll always remember. Being called "Miss" and "Mister" makes you feel so grown-up, doesn't it? Time flies when you're having fun, and you find that you've grown up.

You'll get a lot of teasing during Freshman Week and sometimes we upper classmen may really bully you. Don't get upset. You'll get used to it as we grow in as we advance. It's all in fun. You'll look back later and realize how much you miss it.

If I may I'd like to conclude with two verses from a poem I wrote the other day when I was a sub-Freshman. (Gee, I sound like I have my B. S. already.

But what I'm trying to express, I can say it in four lines, Many thanks, goodbye. Between the kidding times:

"Have fun while you're with us, Catch on to every trick, Cause two years may seem awful But honestly, they're quick." E. D.

Bucknell Is On The Air

Several students, twice within the past month, have participated in a broadcast over Station WBAX. These radio programs feature students debating on vital international problems.

The first broadcast which took place on May 22 turned out very well. The subject for discussion was "The Story Plan for World Union" and the data was very well handled by Jean Hasey, Robert Fischer, Ruth Punshon, and Elmer Hershkowitz.

The second broadcast, June 4, covered the interesting and topical topic of "What shall we do with Cyprus after the war?" Thus speaking, Ruth Higman, Betty Faint, Harvey Trachborne, and Edite Miller.

During the broadcast we had the privilege of having Mr. G. W. Dyer, an able historian, was moderator on both programs. We would like to extend our thanks to Mr. Dyer and thank Dr. Nicholson for all the time and effort he has given to these broadcasts. I am sure that you will not worry that you would never have succeeded without his help.

The Bucknell Broadcasting Station is being con- templated, so when you hear about preparations merrily. We grasped and thieved Mary (you must know Mary), dripped in with a literary enthusiasm to pick up Rogers and Gangard on the way and arrived at Chase in time to have a little neigh- borer of a time. It was a little better but nothing more- ing to find the rest of the gang.

We found nothing. After a short period, Mackiewics and Harding put in an appearance and things started to go well again. We didn't find out for one or two, we'll certainly be able to start. We relieved our feelings every ten minutes or so until we saw two more figures cruising into view. By the hair we figured that it was show. Ruth and Kenny but then again, where was Buckingham? We were Bucknell and Mackiewics the ast to get things out without foaming at the mouth and Gangard and Harding put in again. We were all the rest of the proper to say, "You were?" "Where's She?" Kenny nonchalantly retorts, "Oh, I don't know. I was working on this weekend working onThe Student Pageant... and in the dinner dance and didn't think that you or anybody else would get those pictures of Bryn and Carol at the drug store, and then we saw them. They were all in the street and never had their hats on the Bucknell staff. For the honor of Bucknell and the Student Pageant, we... so we'll... we... so we'll... "We'll... we... we... "We... we..." "I'll hurry over to Chase station and get these two..." They waved gaily and dashed across the street. Do you wonder if they're really in the different and really steeled to act. Having already diagrammed the setting arrangements in Chase Lab, we had no problems. We'll be together, with Rogers, Gangard, and us, too, in the front seat, and Kenny, Ruth, and downstairs and Harding and Buck- ningham as the top layer in the back seat, we're all on our way. Today. D'accord. Au revoir.

TWO LIETENANTS VISIT COLLEGE

Two lieutenants in the U.S. Army were among the visitors to Bucknell, Friday, June 23. They were Lt. John Monfette and Lt. Donnelly. Lt. Mangan, a former student of phyllic, is a graduate of the United States Military Academy at West Point, and was married a few days after graduation. Lt. Don- nelly, also a former student, taught English at the college for one semester.

MOVIE PARTY TO BE JULY 7

On Friday evening, June 7, there will be another "Bucknell Night" held in Chase Theatre. This will be a "Death of a Salesman" party, and will consist of a movie, "Death Takes A Holiday" with Frederic March. There will be refreshments afterwards. David Mankin will be the reception committee, assisted by Robert Lehet and Gerald Groblewski. The committee will be in the reception facilities, aided by Leonard Stein and Robert Boyd. Stewards for the reception committee of the refreshment committee, assisted by Lorraine Rogers and Estelle Smith in charge of publicity.

CAMPUS HASH

BY RITA WERTHEIMER

Aftership meeting the teary eyes and memories of our new found alumni, we've decided that we must go on. Gone are the days of picking Rogers and Gangard on the way and arriving at Chase and finding nothing. Now, we have another group of Phil's and every one, knows, there's nothing quite so entertaining to the ones im- mune, that is a cup of Freshmen during batting. The student body may be at this point breathe a collective sigh of relief. Right now, there's no intention of going into that again. Together with a particularly well-weathered one this week, we leave that to our successor in September. You're welcome.

We'd like to tell you some of the sides-light of the pageant that happens behind the scenes, and some of them are so good — but even we guess not. After a month's ceaseless effort, trying to shake the dust of Don- nelly's elasticity and our Night- mares and those Woodland Shocks, we're tired out, believe that we should let it lie.

As you well know, we've heard of new activity, we're becoming selective in the matter of material. This is a necessity as we're going to knock that other people have the same ideas for this issue and our editor's sake, I hope the copy materializes, (Smith, put that bat down. I'll tell, you'll tell now).

At this point, I don't want to go on of our own accord and with no malicious intent, you understand? the whole idea of willing hands on the Bucknell staff. For the honor of Buck- nell and every Bucknell student, we heavily extend a most, most, most cordial invitation to all students, young and old alike, (too, Fischer, especially) to come out and really support your Bea- con. Thank you.

We've tried hard, Punshon, but we guess it's no use. Person assistants and we've seen around, just will creep into the paper. And here they come and go. But, you see, we're the one that seems to dis- turb instructors and students both, is seven o'clock class time, speaking from experience, say, that's not that we don't like to hear the old missen men cordially as they get ready to wave the horses up, what really disturbs us is the fact that the horses have the audacity to neighbor a few times and then turn over on their other hind legs to eat another forty winks! Now we ask you —

We really couldn't help telling of the fun we had at Farley's Farm, and in particular, of our gathering by the barn a few days ago, as days do, and we went out.

HELP THE BOYS AND GIRLS IN SERVICE — BUY ANOTHER WAR BOND
UNROLLING THE REEL

BY PHYLLELS SMITH

Film reviews are here again, "Galsight," the current hit up
starring Charles Boyer. In
gridible Productions, US-
 tons, promises to be in the same
class as last year's "A Touch of
chills and thrills. Some of you
probably remember "Galsight" as the
theatrical stage hit, "Angels Street".

Joseph Cotton is also coming to the
United States "South Pacific Went
Away". This is a modern love
story set against a war back-
ground in which Cotton plays a
Naval officer. Claudeette Colbert
is supposed to play a mother in this film with
Jennifer Jones and Shirley Tem-
perley as her daughters. Robert
Walker provides the love interest.

We're still singing to miss
"The White Cliffs" which
to the screen the dramatiza-
tions of the life of Dr. Miller's poem. We've heard it
by Lynn Fontanne and have
read it in a few of several
ines and it remains one of
Dr. Miller's classic hits.

Galsight" is set in France, a
great star like Irene Dunne to
deliver to the justice of the
place. There is a splendid cast, including
Miss May Whitty, Van Johnson, Alan
Marshall, Roddy McDowell, and
some promising new stars, Peter Law-
ford.

Edna Ferber's intriguing "Sar-
atoga Trunk" is coming to the
screen with Ingrid Bergman as Clara
evading Marlene Dietrich's
ite her. Flora Robson, the
English actress, is doing a
make-up to play the New Orleans
Negro-French-Indian maid
Angeline in the story. It prom-
ises to be worth seeing.

It is useless without saying that
"Cover Girl" should be good if
you like Gene Kelly and beauti-
ful Rita Hayworth. (And who doesn't?) Jess Barker who
appeared in "Government Girl"
also stars in this film.

A picture which should rank with
"Stage Door" and "Wide
lives" is "Going My Way,"
starring Bing Crosby as a young
sting band leader. Bing has
the role of Father Fitzgibbon
crotchety, lovable superior, Rich
dancing star. The Bing Crosby Opera makes his appearance in the
picture.

Also coming to the screen is
Andrew Cromin's famous book,
"The Keys of the Kingdom". Gregory Peck in his second
appearance on the screen has won the
towel role of Father Fran-
Chisholm. Roddy McDowell will
play the puppy as a boy.

Something New's Been Added
Have you seen it? Isn't it
grand? It's just what we've been
waiting for - just what students like to have and new
students will want to know -
what is? Why, the new student
manual course.

The Manual course is a brown
booklet--but it's oh, so important. It's
ready and waiting to tell us what a
course in film will do for the
students interested in requirements for
accreditation? Do you want to
know about the colleges? Do you want to

Do you want to know about the
films? Do you want to know about
books? Do you want to know about
musical comedies? Do you want to know about the
sinema? Do you want to know about
radio? About television? About the
world? About the future? About the
future is? You are curious to know

BOOK REVIEW

THE COLUMNISTS

By Charles Fisher

Charles Fisher has written a
thing that is particularly timely. Duri-
ging war time the public is
fascinated by the news in the
papers and magazines. In
newspaper columns and
analysts read the daily
columns with more faith than in
the serious articles.

Fisher writes his book a "sur-
vey of the most interesting
the columnist. He has the leading
news of the day and subjected to
an analysis; the author
holds them up to the
highest journalistic standards and
some of these columns are
found lacking.

Mr. Fisher's own opinion,
leading
woman in the field; Ray
Clappier, who believed in being on
the spot report news; Walter
Lippman, ex-liberal; and
pigeon with his
American West
Ellen; Ernie Pyle; Pearson
And all; these
and many others
resume.

Fisher reveals the methods by
which they gather their material,
he tells you what they do, what
their salary is, and he includes
personal and intimate anecdotes . . . all of which makes
for an interesting, informative
book that is both swiftly and
easily read.

Mr. Fisher has his own opinion
among each of these columns and
doesn't hesitate to voice it; however,
more history and background of the individual columnist to the
reader to form his own opinion.

Ruth Rothman.

Bucknell BrieFs

The Pre-Med Club recently
toured the Wilkes-Barre General
Hospital, being much impressed
by the iron lung, blood bank, and
other features of the tour. Some
of the club members have grad-
ated, while others are taking a
summer vacation this summer. However,
Jim Hoff's picture appeared
in the Navy as a Pharmacists' Mate.
The Clarion, which is published
by the Thespian held last Friday not
only was novel, but also
successful.
The energetic workers
aired all the curtains from the stage.
Have you noticed the painters
around the school lately, and
the new facade of the library?
It certainly looks nice. That
calculating look in the eyes of
the staff members merely indi-
cates that they are either figuring
out a news article or else won-
dering whether or not they can manage to decorate the Beacon room.
The theater still does a house
cleaning of their own and
we are afraid that they have been cluttering up the place for months.
Here's hoping the
light page in the fall edition.
If you know of any Bucknell
servicemen who would like to
be included in our next issue,
Miss Louise Saba of Cafeteria
and Student Council fame will
be glad to include you if you have the
address.

The library has a new volume on
algebra which has just been
in honor of the recent
Governors' convention. It's most in-
teresting and shock full of pictures.

Page Four

Bucknell Campaign (Continued from Page 1)

from home is two to three times as much, and this additional cost causes these students to try not to go to college.

5,000 students graduate from Luzerne and Wyoming High Schools annually. The percentage of these graduates entering college is 43% to schools within the State. Applying established percentages to the number who graduate, it follows that 2,000 students will enter college each year. 450 or 500 of these students will continue onto a four-year college.

Due to the draft of the eighteenth, and the old school graduates, Bucknell University Junior College cannot expect normal population. More students are needed to maintain this community as long as the war lasts. Thus, additional income is needed from other sources, which is the purpose of the Bucknell campaign.

The Board of Trustees of the college has chosen to use this crisis as an incentive to finance the conversion of the college to state aid. The college is dependent, locally operated, full four-year college, under a new name, the University of the Alleghenies for self-support. The campaign appeal is being conducted now to maintain the college for the students, individuals and the general public.

It must be remembered also that 110,000 men from North eastern Pennsylvania are in the services of the United States. It is estimated that about 11,000 of these men will seek an opportu nity for training. They will, probably will prefer to live at home while they continue their education after having been out of the country for several years.

At present, Scranton has the community in the area with a four-year college for men. There should be a college in Wilkes-Barre ready to serve the 40,000 veterans from their area.

Our College is being considered in terms of a lifetime investment. However, there is immediate need for training and other special night courses for the benefit of company personnel.

Bucknell University Junior College has four buildings, at present, which were gifts to the college. The membership today is 10,000 and 15,000 elected voters.

The Board of Trustees of Bucknell University has repe tedly offered complete independent en ture to the Junior College. However, the Junior College would remain independent with Bucknell University but would continue to finance the program of instruction for a four-year college, the Junior College would retain independent relationships with Bucknell University.

At present the college is considered a part of Bucknell University from the administrative point of view. When the college was chartered, all assets accumulated by the college would be transferred to the new community college.

It is hoped that the college will be able to make the college a community college because then it could offer a more varied program. The purpose of a community college is to bring the college to the student by building the college in larger centers of population. It also offers the type of instruction required by students of the community. A community college also offers continuous refreshment for industries, and public officials. Evening courses are offered for men and women who cannot study at night, and public forums are initiated so the citizens may discuss the problems that are significant in their community.

The immediate purpose of the Endowment Fund campaign is to increase the endowment fund and to advance the college toward its ultimate goal.

In conclusion with the campaign a radio broadcast was conducted over station WBAX on Saturday, June 10, at which Dr. Farley J. B. Carr of the J. B. Carr Biscuit Co., were speakers.

New Teachers at B. U. J. C.

This summer there have been two additions to the summer faculty. They are Miss Katherine V. Bone and Mr. Joseph S. Knapper.

Mr. Bone, who resides in Forty Fort, teaches Chemistry and Physics at Forty Fort High School during the regular school year. At Forty Fort School Miss Bone holds the position of Head of the Science Department. She is a graduate of Penn State College and Bloomsburg State Teachers College where she received her B.S. and M.S. degrees. Miss Bone thinks Bucknell Junior College is a very splendid place and enjoys teaching here very much.

Mr. Knapper, who is a resident of Pottsville, has come to Bucknell this summer to teach Business Administration. He is a graduate of Penn State College where he received his B. S. and M. S. degrees. Mr. Knapper has done some additional work toward a Ph.D degree. He has been teaching Physics and Mathematics at Penn State and last year taught at Penn State Junior College in Pottsville. Between 1931 and 1935 he was head of the Mathematics and Physics Department at Albright College in Reading. Mr. Knapper thinks Bucknell Junior College is a great opportunity to teach with Bucknell since 1904 when, as an undergraduate, he used to teach Bucknell a class or two about how to play football.

We bought bonds to hasten D-Day, but why not buy another for V-Day?

Dr. Mayer Speaks in Assembly (Continued from Page 1)

Interested, were introduced by Dr. May. Gifford Cappellini spoke about the Student Council of which he is president. Lorraine Rogers talked about the work of the Thespian society which is interested in theatrical productions. Phyllis Smith brought to the membership the groups which are interested in the creative arts and sciences. The student Federalists, and the Pre-Med Club.

Class Officers are Elected (Continued from Page 1)

Secretary, Marian Ganard. Class representatives, Lorraine Rogers, Louise Saba, David Hart, Robert Lehet.

In view of the fact that Florence Mackiewicz is president of the Beta Gamma Chi and president of the Thespian society, she has resigned as female representative on the Student Council. However, she will still remain on the Council as head of the Thespian society.

At an election of the upper sophomore girls, Lorraine Rogers was elected female representative.

Freshman Week

Albert Stratton, Richard Watson, Leonard Stein, Donald Bogusewski, Paul Patrignant, Carl Gonsinger, Harold Jones, William Lugg, Mary Mayock, Gertrude Nemeth, Ernest Borek, Joseph Nowak, Marie Ruddy, Murray Strassman, Donald Swarts, Jean Whithay, and Jane Wolksman. Some of the new freshmen are special students.

Alumni News

John H. Jones, Naval Reserve Buffalo, has returned to Duke University, Durham, North Carolina, after a first year's service overseas. President Barre has released 67% of his students who will enter college each year, 400 or 500 of these students will continue onto a four-year college.

Thus, additional income is needed from other sources, which is the purpose of the Bucknell campaign.

The Board of Trustees of the college has chosen to use this crisis as an incentive to finance the conversion of the college to state aid. The college is dependent, locally operated, full four-year college, under a new name, the University of the Alleghenies for self-support. The campaign appeal is being conducted now to maintain the college for the students, individuals and the general public.

It must be remembered also that 110,000 men from North eastern Pennsylvania are in the services of the United States. It is estimated that about 11,000 of these men will seek an opportu nity for training. They will, probably will prefer to live at home while they continue their education after having been out of the country for several years.

At present, Scranton has the community in the area with a four-year college for men. There should be a college in Wilkes-Barre ready to serve the 40,000 veterans from their area.
