Baseball Candidates Hold First Practice
2 Games Scheduled With Wyoming Seminary For May 30

Candidates for the baseball team held their first outdoor practices last week under Coach Henry B. C. Keller, director of the team. Fitting, fielding, and batting were stressed in the first work.

Mrs. Eleanor Scureman, 37, Mrs. Claire Collinder, a publicist—

ROHLFS JOINS FRATERNITY
Epsilon Sigma Honor Local Student
Albert Rolfs, a member of the Sophomore class at the Junior College, was honored last week by election to Beta Epsilon Sigma honorary fraternity on the campus. To gain admission into this group a student must be a leader in scholarship, but must also prove traits of character which are essential to a good engineer. Rolfs, who was one of two sophomore elect to Beta Epsilon Sigma, spent the past weekend in Lewisburg, where he attended initiation exercises. Rolfs is the first Sophomore to be thus honored by a campus group.

Trio Presents Concert

The Wilkes-Barre Trio gave a program of chamber music in the Bucknell University Junior College auditorium on Tuesday, March 24. Selections of seventeenth century German and French music were included in the program. Since this year marks the 250th birthday anniversary of Bach and Handel, the musiciens devoted the first part of the program to their works. Compositions of Dama and Mozart were also on the program.

Present Marcellotta Shaw
Miss Catherine Westfield, former student of Tony Bar, gave an interesting marionette show in the auditorium on last Monday evening. The presentation, "Snow White and the Dwarfs," was given under the auspices of the Winter Scout Troop 18 of the First Baptist Church. Several Bucknell students assisted in the program.

Registrar Addresses Merchants
Registrar George R. Faint spoke at the Fort Ducre Hotel yesterday before the Sales Executive Council of the Wyoming Valley Chamber of Commerce. His subject was "From Tangible to Intangible:."

To the next issue:

The cast for Barry Conners' "The Clean-Up," a final outdoor production of the Dramatics Society, as announced last Tuesday, is as follows:

High School Seniors, Nina's brother—Joe Lord, '37.
Nina Buckmaster, a young wife—Eleanor Scureman, '37.
Mrs. Collinder, a publicist—Martha Peters, '37.
Mrs. Amos Woodruff, another publicist—Sarah Hinton, '37.
Mrs. Lucreta Austin, another publicist—Mirko Toohey, '37.

The cast for "The Clean-Up" is announced by Director E. Keller, director of dramatics, as follows:

High School Seniors, Nina’s brother—Joe Lord, '37.
Nina Buckmaster, a young wife—Eleanor Scureman, '37.
Mrs. Collinder, a publicist—Martha Peters, '37.

The cast for "The Clean-Up" is announced by Director E. Keller, director of dramatics, as follows:

Are You Up With The World?

In a recent issue of Time Magazine, there appeared an article about recent changes in the world. It was written by Alvin C. Eru and titled "The Future of Canada." The article discusses the changes in the world and how they affect people.

The Forum

A Reply

To the Editor:

We have taken it upon ourselves to write this letter to the editor of the stampede, which many students are extending to the magazine. The report of the "humble" American has been sent to the stampede, and we are writing you in just this situation. We are writing to the stampede.

The main group picked for slaughter at the stampede is a student. The stampede is created for the sole purpose of providing together certain students who had common interests and no longer cared to be annoyed by certain elements.

Lastly O'Spade of casting for our next play. He asked that the cast be a bit more select. We are not sure if this is our opinion that this has been asked, and whether it is a necessity for bringing in the union of the student is personally interested in the selection.

Can it be that the Observer is jealous of the above mentioned parties? Or why has he troubled himself to criticize them? Whose he the Observer's opinion, I want to know. I want to know if he is contempt and be a normal being. We are not sure if the Observer quoted Pope. Not to be outdone, we will do the same.

In search of wit some lose their common sense, and then turn Critics in their own defense.

Each born alike, who can, or cannot write,
Or with a Rival's or an Eunuch's spout,
All fools have the form to deride,
And fain would be on the laughing side.

Snap Shots

A new type of school entertainment, the "Snap Shot," has been inaugurated at the Joint Junior College at Joint, Illinois. The college has recently purchased a new Snap Shot machine which will be used to photograph the students. The Snap Shot machine will be used to photograph the students.

The questions were something like this:

1. Do you own a '25 Cadillac (A '24 Packard will do as well) or, in fact, do you own a car?
2. Can you raise a moustache; can you raise your guinea pigs?
3. Do you smoke a pipe?
4. Do you raise high school girls around the town?
5. Do you argue about who is broader, and who is broader, your hips?
6. Do you drink tea?
7. Do you like tests like this?
8. Do you like to be noticed, and not have to be noticed?
9. Do you smoke tobacco, or use any other nostril polish?

Appreciation
At the conclusion of a successful Science Exposition presented to the science students of the Wyoming Valley, the Science Club wishes to express its thanks to the faculty of the Science Department and to the administration for their cooperation in making this event a success.

No definite plans have been formed for the future.

Sweet daughter of a rough and stormy sire, hoar winter's blooming child, delightful spring.—Mrs. Barbault.

So then the year is repeating its old society scenes once more. How much we thank God! to its most charming chapter. The violas and the Mayflowers are as its inscriptions or vignettes. It always makes a pleasant impression on us when we open up one of these pages of the book of life.—Goethe.

Spring hangs her infant blossoms on the trees, marked in the creole of the western breeze.—Cowper.

Bucknell Students Will Enter Tennis Tournament

Several Bucknell students will participate on Friday and Saturday evenings, in the auxiliary gym of the new Y. M. C. A. against one of the largest fields in the history of the Northeastern Pennsylvania Table Tennis tournaments. The tournament, sponsored by the Wyoming Valley Table Tennis Association and sanctioned by the Pennsylvania Table Tennis Association, will consist of both men's singles and men's doubles. Play will continue through the semi-finals in both events on Friday night so that the semi-finals and finals in the singles and doubles can be played Saturday evening. All matches will be governed by the laws of table tennis as adopted by the United States Table Tennis Association. Trophies will be awarded to winners and runners-up in both events.

Math Club Will Meet

The Math Club will hold its next meeting on Monday, April 15. Albert Rubinstein, president of the club, will speak on "Numbers of Notation."

Bucknell University
At Wilkes-Barre, Penna.

The Bucknell University Junior College at Wilkes-Barre is a branch of Bucknell University. The admission requirements at the Junior College are the same as the admission requirements at Lewisburg. Credits earned at the Junior College are Bucknell University credits; they will be accepted wherever Bucknell University is recognized.

Bucknell University has widened its campus to include the Wyoming Valley. Two full years of college work may be taken at the Junior College. The courses offered to freshmen and sophomores at Lewisburg are duplicated at Wilkes-Barre. The University has equipped expensive, modern laboratories at the Junior College in order that satisfactory courses in science may be given. No other institution offers such facilities in Wilkes-Barre. The Junior College is rapidly building up a library of its own under the direction of a professionally trained librarian.

Bucknell University also offers a wide variety of late afternoon and evening courses at the Junior College Building in Wilkes-Barre. Such courses are offered for both graduate and undergraduate credit.

The Bucknell University Junior College has an exceptional faculty. Every member of the staff has had graduate training; several have received doctors' degrees from the leading universities of America. The faculty includes men who have come from the graduate schools of Harvard, Yale, Columbia, Chicago, Cornell, Stanford, Duke, Virginia, and Michigan.

For further information, consult the Registrar, George R. Faint, 29 W. Northampton Street, Wilkes-Barre, Penna. (Telephone W-B 2-6330)

A catalogue or special bulletins will be mailed upon application to the Registrar.

John H. Eisenhauer
Director

TIME GOES BY
March 27: Jean McKeeney motors to school on Linkhead Street from 9:30 to 10:30.
March 30: Helen Arms, economist, attends lecture by Ralph Borsodi, economist.
March 31: Justin O'Donnell gives a talk to new club sponsors. Has had teas in mouth.
April 1: Marj Richards attends Meyer's Memorial play.
April 2: Bridge feud between Gertrude Sims and Helen Club, incident. At Hart reaches climax when conscripted near Florida.
April 3: Robert Mayock fails to make grand slam and fails.
April 5: Eleanor Revenur leaves for week-end in New York City.
March 30: Ambrose Sarick engages star to typist to write for Stampede.
March 30: Victor Navikas and Ali Warakozinki win Dr. Tainter over the North Mountains in quest of iguana eggs.

April 1: Justin O'Donnell again wins April Fool's Contest for "the most handsome athlete in Bucknell University Junior College".

Pre-Med Society
Hears Professor

Schuyler Speaks On Medicine, Club Visits Health Center
William H. Schuyler, assistant professor of medicine, talked on "Chemistry of Nutrition" to the members of the Pre-Med Club on Monday evening, March 25th. In his discussion Professor Schuyler emphasized the close relation between chemistry and medicine. He pointed out how the relation became less direct as chemistry began to take a leading part in industry.

On Monday morning, March 30th, members of the club visited the Kirby Health Center, where they inspected tables and other equipment used in the Health Center. Conducted by the director, this visit was made through the kindness of Dr. Charles S. Crittenden, director of the center, according to arrangements made by Charles Burns, president of the club, and Bernard Finberg, vice-president.

The club will hold its next meeting on Monday evening, April 8th.

The Art of Pamphleteering
(Continued from Page 2)

is a masterpiece of compact and skillfully presented material representing high scholarship and serious thinking, but, at the same time, widely accessible and readable. The two items cited at the head of this column seem to the reviewer particularly interesting.

Those who have not yet learned that Mr. Borsodi is something more than a politician, and that he reveals some of the most thoughtful and practical statesmanship to be found in any public figure of the present, can have no more reason to miss his acquaintance. "America Must Choose," an address delivered to a degree, ought, if widely disseminated and extensively perused, to go far to direct public policy of the United States on the basis of intelligence. It is, or can be, enlightening upon the extent to which it actually is read, a landmark in the history of influence now at work in the present period of change, of reflection, and of calculation. As for literary style, it is nothing here of a refined excellence, quite unlike the weaknesses of the influence of most public figures, of this or of any other.

Professor Blakeslee's contribution to the series is entitled to rank with Secret. The appearance of the scholarly work of an acknowledged scholar, but it is written for the lay reader. He says that the subject of his pamphlet, "Conflicts of Policy in the Far East," is more than ordinary importance for the American public is true. To say that the presentation is as excellent as the subject warrants is to say that this pamphlet is created as part from most of the current output on this theme. Scholars will derive nothing new from Blakeslee's treatment except in organization, and in literary style of presentation. The pamphlet is valuable because it services this scholar renders, and, furthermore, because it is an example of matters fraught with serious consequences. It is an accident that this pamphlet has created a small sensation in Japan, where it is received with considerable emotion, especially adverse.

These two pamphlets are due to a social influence in the neighborhood, and are said to have been read in the United States. But to be effective they must be read. They cost but Twenty-five cents.

D. J. Gage.

Many Visitors At Science Exhibits

More than 200 persons visited the Junior College during the Open House. It was represented by the departments of the college on Friday and Saturday. March 22nd and 23rd. In all, the visitors were students from local high schools for whom the demonstrations were planned especially. The students registered during the programs came from the following schools:

- Plymouth High School
- G. A. R. High School
- Kingston High School
- Nanticoke High School
- Wyoming High School
- Newport Township High School
- Port Hill High School
- Edwardsville High School
- Hanover Township High School

Wilkes-Barre Township High School

Plains High School

Pittston High School

Cook Hill High School

Meyers High School

West Pittston High School

Ashland High School

Wyoming Seminary

Larksville High School

Long Boulevard School

White Haven High School

North Wilkes-Barre-Bailey Polytechnic Institute of Brooklyn

The demonstrations were presented to students in the college science departments under the direction of Virgil B. Hall, assistant professor of physics, William H. Schuyler, assistant professor of chemistry, and Roy C. Tasker, assistant professor of biology. Student chairman appointed arrangements were made by Victor Navikas, president of the Science Club, Albert Rohfs, president of the Math Club, Anthony Yoko, chief engineer of the Epsilon Engineering Society, Charles Burns, president of the Pre-Med Club.

Ralph Borsodi Defends Decentralization Plans

About 112 people heard the lecture by Ralph Borsodi, noted economist, held in the college auditorium on Wednesday evening, March 27th. Mr. Borsodi took as his topic "The World's Dilemma About the Problem of Living: Capitalism, Communism, Fascism, and the Decentralization of Government and Industry." In developing his subject, the speaker pointed out that, in this opinion, the solution to the problem of living today centered in the decentralization of population, of industrial and of wealth. Rather than a nation, or if Capitalism, communism, fascism, and other forms of society existed today, Mr. Borsodi maintained, failed completely to accomplish this desired end and offered no alternative solution that was to be preferred to the trend toward decentralization. For concrete illustration of his argument, Mr. Borsodi referred to the experience along this line being carried out at the School for Living in Suffern, New York, of which he is the director. He said that, Mr. Borsodi said, people were shown how to establish homesteads in which they could become practically self-sufficient economically and lead a fuller life socially. Mr. Borsodi has, for many years, a leading figure in subversive movements throughout the country and has written several books in which he presents his arguments for the development of such projects.

The lecture at the Junior College was sponsored by the college Economics Society. Andrew Sarick, president of the club, introduced the speaker.

Mrs. Tasker Speaks On China

Mrs. Roy C. Tasker will lead a discussion of the Monday Book Club with the College Women's Club on April 1.

The discussion will deal with books on China and will be illustrated with an exhibit of Chinese works. Mrs. Tasker spent several years in China.
