Where Women Is Boss
When Eugene Wright traveled through the Sahara Desert he visited a group of women who plied the trade of making travel arrangements for tourists. He found that the women, who were all humpbacks, made the arrangements and that the men, who were all humpbacks, attended to the tourists. The women, who were all humpbacks, were the dominant sex in the society, and the men, who were all humpbacks, were the subordinates. The women, who were all humpbacks, were the ones who made the decisions, and the men, who were all humpbacks, were the ones who carried them out. The women, who were all humpbacks, were the ones who had the power, and the men, who were all humpbacks, were the ones who had the power. The women, who were all humpbacks, were the ones who had the money, and the men, who were all humpbacks, were the ones who had the money. The women, who were all humpbacks, were the ones who had the respect, and the men, who were all humpbacks, were the ones who had the respect. The women, who were all humpbacks, were the ones who had the influence, and the men, who were all humpbacks, were the ones who had the influence. The women, who were all humpbacks, were the ones who had the authority, and the men, who were all humpbacks, were the ones who had the authority.

Basketball, the major sport at Juniata College, will start under the guidance of Coach Henry Peters this year. Peters has been in charge of the team for the past 20 years and with a schedule as difficult as the one which faces him this year, Coach Peters will have plenty of work.

The schedule arranged is one of the most difficult any school in Pennsylvania. It includes practices all first week and the team is expected to lose its bi-monthly meetings in the very near future. Mr. Dugay, faculty advisor, along with the re-organization committee, have arranged some very interesting programs. These programs include slides showing German scenes, the reading of German plays, talks by outside speakers, informal conversation, and many other interesting features. The officers remaining from last year are: Robert Mayock, president; James Ramsey, vice-president.

A POEM

MY LECTURE CHAIR

By A. E. Ruil

Bucknell University
At Wilkes-Barre, Penna.

The Bucknell University Junior College at Wilkes-Barre is a branch of Bucknell University. The admission requirements at the Junior College are the same as the admission requirements at Lewisburg. Credits earned at the Junior College are Bucknell University credits; they will be accepted wherever Bucknell University is recognized.

Bucknell University has widened its campus to include the Wyoming Valley. Two full years of college work may be taken at the Junior College. The courses offered to freshmen and sophomores at Lewisburg are duplicated at Wilkes-Barre. The University has equipped expensive, modern laboratories at the Junior College in order that satisfactory courses in science may be given. No other institution offers such facilities in Wilkes-Barre. The Junior College is rapidly building up a library of its own under the direction of a professionally trained librarian.

Bucknell University also offers a wide variety of late afternoon and evening courses at the Junior College Building in Wilkes-Barre. Such courses are offered for both graduate and undergraduate credit.

The Bucknell University Junior College has an exceptional faculty. Every member of the staff has had graduate training; several have received doctors' degrees from the leading universities of America. The faculty includes men who have come from the graduate schools of Harvard, Yale, Columbia, Chicago, Cornell, Stanford, Duke, Virginia, and Michigan.

For further information, consult the Registrar, George R. Faint, 29 W. Northampton Street, Wilkes-Barre, Penna. (Telephne W.-B. 2-6330.) A catalogue or special bulletin will be mailed upon application to the Registrar.
