Ralph Barsodi Will Speak At College

Economic Club Sponsors Visit Of Noted Authors On March 27

The Economic Club of Bucknell University will have as its guest on Wednesday, March 27, Mr. Ralph Barsodi, an economist, who will address local stu-
dents in economics and so-
ciology. Mr. Barsodi is appearing on the campus at Lewisburg during the week of March 26.

Mr. Barsodi was born in New York City on October 25, 1898. His education consisted solely of private tut-
oring.

He is widely known as a lecturer and writer on economic subjects. He has also contributed articles to many mag-
nazines.

Two of his books on economic subjects which were well received by the critics were: "The Flight From the City" and "This Ugly Civilization.

"The Flight From the City" relates the history of the American rural homestead which is non-profit paying. In praise of this book the following comments have been made:

"A fascinating book."—Boston Trans-
script.

"...with this book documents what is at once the most romantic and the most con-
cretely human story of our era. It is a noble story, a story of ideal landed self-sufficiency which has been forgotten in American Intelligence."—The Nation.

"Mr. Ralph Barsodi is at the same time an excellent writer and a dangerous Ameri-
can, decent and a New Dealer."—The New Republic.

Mr. Barsodi's book is starting in its demonstration of how near to self-suf-
ficiency a family can become within a few miles of New York City without sacrificing comfort, conveniences of life and education.

Faculty Members To Judge Debate Series

A regional debate contest has been planned by Forty Fort High School, during which the Forty Fort debaters will participate in a series of eight debates, meeting the high school debating teams of this district. These contests are being judged by members of the Buck-
nell University Junior College faculty. The debate subject is to be announced shortly with the names of the judges.

Pre-Med Students Organize New Club

Burns Is Chosen President; Adviser Speaker On First Program

On Monday evening, March 4th, the pre-medical students organized a soci-
ety to supplement their class discussions and broaden their under-
standing of the work which they intend to pur-

 Chase N. Burns was unanimous-
ly elected president. The other offi-
cers are: Dorothy H. Smith, first vice-president; Charlotte A. Clough, second vice-

under the direction of Professor Forrest E. Kellner.

The program was under the direction of Professor Forrest E. Kellner.

The "Clean-Up" is a plan dealing with all-town effort and cute the mud-slinging which enters into political elections. The leading char-
acter is Nina Buckner, who enters the race for mayor in spite of the fact that she is a Buckner. John-

The work will be staged, according to present plans, in the following order:

The cast of nine characters had yet to be determined. The play is written by the faculty and is to be produced by the students.

Rehearsals will start immediately under the direction of Professor Forrest E. Kellner.

CollegeLibrarian Is Speaker

Miss Kathryn Hughes, librarian of Bucknell University Junior College, ad-

tended the "Clean-Up" by Barry Conners. The play will be staged, according to present plans, in the following order:

The cast of nine characters had yet to be determined. The play is written by the faculty and is to be produced by the students.

Rehearsals will start immediately under the direction of Professor Forrest E. Kellner.

College Librarian Is Speaker

Miss Kathryn Hughes, librarian of Bucknell University Junior College, ad-

tended the "Clean-Up" by Barry Conners. The play will be staged, according to present plans, in the following order:

The cast of nine characters had yet to be determined. The play is written by the faculty and is to be produced by the students.

Rehearsals will start immediately under the direction of Professor Forrest E. Kellner.

As I See It

Professor gently admonishes class for being late and boisterous... lecture commenced... birth rate seems to be decreasing.... note of figures... many behind child care... backs of people's heads look so funny... I wonder if it will rain... in 1864, 1,400,000 soldiers of country's gains... played on farms... Molloy needs a haircut... Levin has a chalk mark on his back... Goldilocks... (here I take notes most conscientiously for a moment—something important.)

Several minutes later... professor still going softly... but psychological effect of a keen appreciation for the approaching lunch hour... previously detracted... honest endeavor to concentrate... Lotus swallows, is probably thinking... The United States is long suffering... how many bars one crosses... neck... I cross my leg; my foot is asleep... MacKee asks Scruener to perform a magic trick... to an out-of-town visitor just why a new group is formed among the local miners? Do you know anything about the decision of the Supreme Court of the United States in the Gold Question? What is Plagiarism's? One of you, one of these mentally stagnant sluggards who murmur complacently, "All I ever read is the sports page and the weather strip!" Perhaps you do; that means you may have overlooked the news or you lack the general knowledge by arguing that your lessons occupy all your time. At any rate, the chances are nine out of ten you can't hold your own in any adult discussion of current events. Do you feel sheepish and wish you'd taken fifteen minutes off this morning to read at least the headlines? The newspaper's the only means of keeping informed about foreign complications, domestic events, and the situations you may regret not having known about. One of the primary aims of a college education is to broaden the cultural outlook. If you are studying for a profession, college alone does not equip you. Use your history courses to understand the trends of contemporary life. Let your social sciences broaden your general interests.

In reading newspapers and the better monthly magazines, one can always find a way to understand everything you read; you will find yourself utilizing bit by bit the information that you are assimilating in the classroom. If you do not now study at home, you should. Then, indeed, there will be no purpose to many of the cultural courses you may be studying now; they will be losing the finest thing that a higher education can offer—usefulness.

Buy? Of course you are busy, we all are, all of us. And magazines are the keepers of keeping in touch with the world in a simple way. If you are going to read a few, summarize—summarize all offered to people of your years. This will make for more important facts for themselves. If you make use of even this second-hand information you will be keeping your finger on the pulse of the world.

**Social Notes**

The members of the newly-organized Sigma Nu Sigma fraternity were entertained at the home of A. D. Maynor on Friday, March 8. Hubert Hart poured.

Ambrose Baricks went to Lewiston last weekend and found the Bucknell nation-wide broadcast.

Sallie Hinton entertained at a luncheon and two patients on March 16. The following were present: Helen Arna, Marjorie Richards, Beverly Jones and Phyllis Scureman, Ruth Gibbons, Irna Hewitt, Peggy Anderson, Peter, Leo Devendorf, Mary Hunsley, and the hostess.

Ambrose Scureman was hostess at an "open-house" party after the Seminary game on Friday evening, March 8.

Duncan Thomas entertained thirty-five guests at a basketball party at the Student Union, Thursday evening, March 8. The hostess was Misses Lusk and Royer.

Mrs. Royer entertainer and faculty members at a party honoring Mr. and Mrs. Donald Stillman, on Saturday evening, March 9.

**The Fall Of The Locks**

In the quiet of her room. When the barber’s lights were gleaming Cast a knock upon the door. A knock he never heard before.

"Oh, sir! Oh, sir!" A sweet voice cried As Chuckie Connors came inside. Will you do a favor for me? And cut away my brownish hue?

And so into the chair he went. A man with more than grave intent. And from his brush there soon was shown A mother’s pride of just that morn.

"Oh, thank you, sir," our Chuckie cried, "I’m afraid to go outside You see the birds that therein nest must find another place of rest."

And now before the school he stands There never was a braver man. A man who thought it was a prank To leave his head without a lock. -Emmet M. Molloy.

**Regulation**

Fair Alethis, come away with me. Leave conventions to the fool And sail across the sea. Out beyond the sun’s rise To dawns of a new day; On the whitecaps of the waves To emerald lakes away.

Can you hear the wind a-whispering Promises to all mankind? See the moon—man-walking at— Can’t you leave your home behind?

Come Alethis, sweet Alethis, Toward the paradise sky. We’ll find the rainbow pot ’o’ gold And steal it—you and I. -Marion Peters.

**Student Organizations**

The Student Council

Justin O’Donnell, chairman

Ambrose Baricks, first vice-president

Hubert Hart, second vice-president

Jean Armstrong, secretary

John Hurley, treasurer

The Sophomore Class

Justin O’Donnell, president

Jean MacKeeley, vice-president

Eleanor Scureman, secretary

Frances Antonelli, treasurer

The Freshman Class

Alexander Curnow, president

Fred Semmer, vice-president

Lillian Harris, secretary

John Jud, treasurer

The Political Science Club

James Ramsey, president

Robert Renshaw, vice-president

Belle Hinton, secretary-treasurer

Meetings are held on the forth and third Mondays of each month in Room 102.

The German Club

Ambrose Baricks, president

Thomas Thomas, vice-president

Eleanor Scureman, secretary

Robert Mayock, treasurer

Meetings are held on the first Tuesday of each month.

The Dramatics Society

Eleanor Scureman, president

Robert Renshaw, vice-president

Marjorie Richards, secretary

Debating Club

Max Edwards, manager

Berta Gamma Chi

Jean Armstrong, president

Irene Hewitt, vice-president

Margaret Austin, secretary

Marjorie Richards, treasurer

Meetings are held on alternate Thursdays in the Women’s Lounge.

The Mathematical Club

Albert Rohdes, president

Donald Russele, vice-president

William Belawinger, sec.-treas.

Meetings are held every other Friday.

The Economics Club

Ambrose Baricks, president

Marjorie Richards, secretary-treasurer

Robert Meleon, luncheon manager.

George Jacobs, field-trip manager.

Luncheon meetings are held monthly at the Y. M. C. A. Science Club

Victor Navekas, president

Vincent Maslowski, vice-president

Jean Armstrong, secretary-treasurer.

Meetings are held bi-weekly.

The Engineers Club

Anthony Yodis, chief engineer.

James Burns, assistant engineer.

William Boyle, draftsman.

Meetings are held once a month.

The Pre-Med Club

Charles Burris, president.

Bernard Finkelstein, vice-president.

Nicholas Gobin, secretary.

Fred Semmer, treasurer.

**College Issues New Descriptive Bulletin**

16 Page Booklet Contains News And Pictures of School Organizations

A new 16 page bulletin of information about Bucknell University Junior College was issued last Tuesday, March 19. This new bulletin contains the Junior College Calendar, the officers of administration and the faculty, and pictures of the college building, the library, and the organic, inorganic, physics and biology laboratories.

In the section dealing with the extra-curricular activities there appears a picture of this year’s basketball team. This cut, as well as the others, is three by four and three-fourth inches in size. Also included in the bulletin is a short description of the dramatics, literary, and musical organizations.

This bulletin of information should be of great help in putting before the community the educational advantages offered by the Junior College.

**J. C. Team Finishes Season With 7 Wins**

Losing two of its last three games, the Junior College basketball team finished the 1934-35 season with a record of seven games won and nine lost. The freshman team of Bucknell University defeated the local team in an extra period game played at Lewiston on Wednesday, March 4. The final score was 25-31. On Friday, March 8, the Wyoming seminarian team was again victorious in an interesting game played at the Peteetown gymnasium. Bucknell was on the short end of a 39-29 score. The Junior College team came back to defeat the St. Thomas College freshmen at Branton on Saturday, March 16, by a score of 27 to 21. The Junior "Varsity" team and the girls’ team played teams of Kingst on Township High School at Trucksville on Friday, March 16. The Junior "Varsity" won 15-17, but the girls lost to the high school team, 15-9.

**Debaters Are Guests At Society Banquet**

The regular banquet meeting of the Political Science club was held last Tuesday, March 19, at the Y. M. C. A. Guests of the club were the Elizabethtown College and the Bucknell University Junior College debating teams.

The two teams debated the desirability of adopting an international agreement to prevent the shipment of arms and munitions. Maxwell Edwards, Robert Renshaw, and Thomas Mayock of the Junior College team upheld the negative side of the question. The Elizabethtown debaters were James Behrens, Arthur Hollinger, and Elwood Lents. James Ramsey, president of the Political Science Club, presided. Registrar George R. Faint was chairman.

The Dean's Statement

Ed. note—In response to the editor's request that he write for publication in "The Bison Stampede" a brief article giving his impressions of the Junior College and the results of his recent visit, Dean Rivenburg has graciously written the following statement. Unfortunately, it did not arrive early enough for publication in our last issue.

I was happy to accept Dr. Eisenhauer's invitation to visit the Junior College and talk personally with the students who are planning to transfer to Bucknell or other universities next year.

When I accepted the invitation, I took it for granted that two days would be ample time to talk with those students who might wish to see me. I found, however, that three extremely busy days were not enough, and I am planning to return within the next two weeks, at which time I shall be glad to talk with any of the thirty Sophomores whom I did not see, and with any whom I saw who would like to talk with me again.

During the three days I interviewed fifty-six of the eighty-six Sophomores at the Junior College, and talked with thirteen of them the second time, in addition to a few parents. This gave me a splendid opportunity to form an impression of the Junior College students, and to learn their estimate of the work and worth of the College. I was greatly pleased to learn in what high esteem the students hold the Junior College, and that they feel the College has made a splendid contribution to Wilkes-Barre and the surrounding communities. That means a great deal, for the Sophomores of this year will soon be graduates of the Junior College, and a large number of them will graduate in the years which they may enter.

I am glad to be able to report to you that more than twenty have made application for transfer to the University, and I trust that the number of those who can continue with their course at Bucknell will be considerably more than doubled by September.

Romney H. Rivenburg.

Engineering Club Plans Activities

Campus Professors To Speak Before Group; Trips Are Arranged

A permanent organization of the Junior College engineering students has been formed under the name Epsilon Engineering Club. Anthony Yodis is chief engineer of the club and James Burns and William Boyle act as assistant engineer and draftsmen, respectively. Yodis is a graduate of Nanticoke High School, while Burns was graduated from St. Mary's High School and Boyle from E. L. Meyers High School.

Professors Veris B. Hall and William R. Schuyler are the club's faculty advisers. A large part of the success of the organization is due to the efforts of the faculty and students to promote interest in modern engineering and to create a spirit of fellowship among the engineering students.

At the last meeting of the Epsilon Engineering Club, Professor Warren Garman of the campus engineering department spoke on "The Engineer and His Problems." George A. Ireland, assistant professor of electrical engineering, spoke on the campus at the next meeting on "Television." Robert C. Kour, assistant professor of chemical engineering, will speak on "Metalurgy and Metallurgy" at a later date.

Facility Members III.

Three members of the faculty of Bucknell University Junior College have been transferred to their homes within the past two weeks with severe attacks of grippe. Professor Schuyler, Mr. Godcharles, and Mr. Stillman have been, however, recovered and have resumed their duties.

Bucknell University
At Wilkes-Barre, Penna.

The Bucknell University Junior College at Wilkes-Barre is a branch of Bucknell University. The admission requirements at the Junior College are the same as the admission requirements at Lewisburg. Credits earned at the Junior College are Bucknell University credits; they will be accepted wherever Bucknell University is recognized.

Bucknell University has widened its campus to include the Wyoming Valley. Two full years of college work may be taken at the Junior College. The courses offered to freshmen and sophomores at Lewisburg are duplicated at Wilkes-Barre. The University has equipped expensive, modern laboratories at the Junior College in order that satisfactory courses in science may be given. No other institution offers such facilities in Wilkes-Barre. The Junior College is rapidly building up a library of its own under the direction of a professionally trained librarian.

Bucknell University also offers a wide variety of late afternoon and evening courses at the Junior College Building in Wilkes-Barre. Such courses are offered for both graduate and undergraduate credit.

Bucknell University Junior College has an exceptional faculty. Every member of the staff has had graduate training; several have received degrees from the leading universities of America. The faculty includes men who have come from the graduate schools of Harvard, Yale, Columbia, Chicago, Cornell, Stanford, Duke, Virginia, and Michigan.

For further information, consult the Registrar, George R. Faint, 29 W. Northampton Street, Wilkes-Barre, Penna. (Telephone W-B 2-6330.)

A catalogue or special bulletins will be mailed upon application to the Registrar.

John H. Eisenhauer
Director
