1951 Penn State Graduate To Head Physical Education Department

By JACK CURTIS, Editor

John Reese, Wilkes wrestling coach, will become director of physical education as well as head soccer coach next fall, it was learned yesterday by the Beacon.

In addition, Reese will become head baseball manager next spring. It was revealed, making him the first three-sport coach in many years at Wilkes.

He replaces Robert W. Partridge, who has been the physical education, soccer and baseball head coach since the opening of Rec Hall in 1950. Partridge resigned, effective in June, to accept a position on the faculty of the Kent School, Kent, Conn.

Reese will also continue as head wrestling coach at the college. A job he has held, part-time, with a good deal of success for the past two years.

Presently a member of the faculty of Kingston High School, the new appointee will resign teaching and coaching duties at the West Side school effective this June.

FLANNERY RETAINS EXTEMPORANEOUS TITLE

Wilkes' J. Harold Flannery Jr. became the first speaker ever to win the Pennsylvania extemporaneous speaking tournament two years running.

Flannery, a senior from West Pittston, won his second victory at the annual debating association of Pennsylvania colleges debating and speaking tournament held at Allegheny College, Meadville, last weekend.

In the prelim round of the speaking contest, he spoke for ten minutes on the subject: Why Is The United States Unwilling to Compete with Foreign Competition on an Equal Basis?

In the final rounds of the speaking contest, he spoke on changes in Russian government personnel as signs of a de-Ironing policy. In addition to his debathing, Flannery also engaged in the tournament as a member of the negative side of the debate team, which bounced back last weekend with a record somewhat improved over that of the week before, when it lost at Dartmouth. This time, Flannery triumphed with an eighth, winning six, and losing only four.

The debaters defeated the Penn State University men's team and were further victorious over Mt. Mercy College, Richmond, California State Teachers College, Washington University, and the Westminster women's team.

The local falconry was defeated by St. Vincent's, Seton Hall, and the Westminster men.

On the affirmative side of the question, the United States recognition of Communist China were Warren Williams and James Tompkins, while Jesse Cooper and J. Harold Flannery Jr. spoke for the negative.

Never and Flannery each placed first in four of their debates, and will appear as a team in the Regional District Seven tournament which decides eligibility for the national tournament later in the season at West Point. The Regional meet will be held in two weeks at St. Peter's College.

In addition to debating, Wilkes was also entered in the extemporaneous speaking and oratory events at the tournament. Besides Flannery, who won speaking contest, Virginia Bruske went fourth in the female oratory division with a talk on "Are We Persecuting Our Teachers?"

Dr. Arthur R. Kruger, coach, accompanied the team and served on the tournament committee as well.
More on Parking – A Possibility

A letter to the editor which appeared in last week's edition of the Beacon suggested a possible solution to the Wilkes parking problem, the problem which is—there just ain't enough room for all the autos.

The brief note, signed "Willie Students in Favor of Better Wilkes-Barre Parking" (we're checking to see if it is on the subscription list), came in favor of parking spaces on the River Common Strip town, which for some reason, we feel sure, and except for the weak arguments in favor of the idea, made its point.

As a matter of fact, the idea is one of a number now being considered at City Hall. Another, perhaps a little more practical, would see South River Street widened 20 feet or so on the river side of the business, South Market Street Bridge and South Street, would, according to statements from persons close to City Hall, allow for angular parking.

According to present plans, Bloomsburg being the first to pop into our mind, the parking spaces there will be used immediately. And, if you're still wondering about the beautification of the area, there would be no particular eye-sores created. It sounds good to us. And according to the sources, this is a definite possibility.

Neveras Picked for Federal Bank Post; Begins at Philly in June

James Neveras, Wilkes senior, has been named this week to the executive training program of the Federal Reserve Bank of Philadelphia. He will begin training following his graduation and will be assigned to one of the current projects. The position will enable him to familiarize himself with the area and to work toward an economics major at the University of Pennsylvania.

Upon completion of the two-year training period, he will move into a junior executive position with the Federal Reserve system, which also pays its employees on a competitive basis. Neveras formerly resided in Hazleton and graduated from Hazleton High School, but is now a resident of Korn Krest. He has been active in college politics, serving as sophomore and junior class president.

Among other activities he has served as dormitory president and, for the past four years, helped Wilkes win the John Hopkins trophy earlier this year. In addition, he has been co-editor of Ammacna, Wilkes yearbook, and is its co-editor this year.

In March of 1982, Fred Davis, another Wilkes student was appointed to a similar position to which Neveras has been named.

Dr. W. Hancock Addresses Government Group

Dr. Willard B. Hancock, state official, spoke here last night on legislation and government programs. He addressed a meeting of the Luzerne County Boroughs Association. Dr. Hugo V. Malley, Wilkes professor, is chairman of the organization.

Hancock, director of the Bureau of Municipal Affairs in the state Department of Internal Affairs, talked on "Legislation for Local Governments Before the Present Legislature."

In 1952, Hancock was among the nine delegates from Luzerne County at the opening session of the first Pennsylvania Regional Planning Conference in the anthracite area.

A former native of Plains, he returned to his education in the local community.

Elliot Addresses Kiwions

George E. Elliot, recently appointed to success ideals, "Bill" Elliott spoke Wednesday before a meeting of the Pi Kappa, Pa., Kawiion. The talk followed a noon dinner meeting.

Dr. Vulis Sticken by Kidney Alliment; In W.B. General

Dr. Stanley V. Sicken, head of the Wilkes religion and philosophy departments was stricken Wednesday night with a kidney attack. He was moved to General Hospital early yesterday morning. At the time of this bulletin, it was reported that no operation was thought necessary, and that Dr. Vujicic would be able to return to his classes on Monday.

14 Get February Diplomas

Blaker, Kaufman, and Warmouth on Dean's List, Whitby Reports

By JAY CAVEL

John J. Whitby, registrant, made final tests the names of four students who have completed their studies and received their degrees in February.

Of the fourteen who graduated, there were placed on the Wilkes College Dean’s List for the fall semester. Those who received this honor were: John Warren Blaker, Joshua Jay Kaufman, and Dale Warmouth.

Those who graduated were:

John Francis Aquilina, B.S. in commerce and finance; John War-

raine, B.S. in chemistry; James Welter, B.S. in English; Eulalia R. J. Darby, B.S. in psychology; Irwin Harold Leiter, B.S. in mathematics; Joshua Kay Whit-

y, B.S. in commerce and finance; Ann Louise Lutzel, B.A. in humanities; Alfred Nicholas, B.S. in secondary education.

Eugene Vincent Snee, B.S. in elementary education; Albert A. Stover, B.S. in English; Charles Aloysius Wilkins, Jr., B.S. in commerce and finance.

Letter to the Editor of "Sunday Independent"

Editor, "Sunday Independent"

We are students at Wilkes College. We are concerned with the problem of parking. We are tering up parking places with the cars we need to get to school from Scranton, Wilkes-Barre, Bloomsburg and West Side points, and with the demands of students, the mayor and other officials have made it difficult, if not impossible, to help in solving our parking problem.

If we want to get on record in favor of parking spaces on the River Common Strip, then the only people who oppose the move on the grounds it will destroy the neatness of the city, as we are sure our many years of living here, that the horrors of cars parked on the River Common Strip are not a threat to the community, are sure our children will be able to survive the horror, too.—Willies students in favor of Better Wilkes-Barre Parking.

Parking Stickers Only for 3-Hour Lab Students

Students are reminded that those with three-hour or longer laboratory classes are eligible for the special parking stickers obtainable from the Becon editorial staff. During the change-up of the manuscript for last week's Beacon, some confusion still seems to exist. We have written to the three-hour laboratory courses or requests are not eligible for these stickers.

Hoopsters Settle for Break Even Campaign

By JOHN REES
Head Wrestling Coach

I must admit that this year when I was asked to write this article, I felt much better than I did last year. Actually our won and lost record was not as good this year, but our team was really much better. If you recall last year we had trouble getting enough boys to make a full team, whereas this year there was only one occasion when we had to forfeit a bout, and that was because of a bad injury. The interest in wrestling shown was wonderful.

Everyone worked hard and was more than conscientious about practice. It will still take a couple of years before we become a wrestling power, but I think that we are ready to blossom soon. Five of our eight boys are freshmen or sophomores, so you can see the possibilities the future holds.

Looking back over the season it was another in the way. A team seemed to wrestle very well against the good teams and poorly against the weak. I am sure that we will try and avoid this from now on. We have the weight beat and did a fine job. Bob Morgan, Sam Szygula, Don Reynolds, Don McPadden, Neil Nadurka, and Jerry Ellis were all returning veterans and they were the tops on the team. Al Kuzi, Stan Abrams, and Seymour Heitman were all first year men who did well for us. Dave Thomas, a freshman, did a wonderful job and had a winning season.

In all it was a good year and we did it in the way of building wrestling. I feel strongly that we need to be strengthened in a few spots but the nucleus of a good team for next year is here. I am looking forward to next year and I am optimistic about the season.

BRESNAHAN STARS AGAINST MANSFIELD; REGAINS TITLE

Lanky John Bresnahan adds his name to repeat performers this year as the Player of the Week honors. Bresnahan was the first basketball player of the season to lead Mansfield.

Even though the Colonels fought a good battle, losing to fashionable Mansfield crew he was a standout throughout the game.

Coach George Rallston has predicted a few days before that the team was off its best form and was going through a hot spell and they showed it. Although the Totals won by a high dead-eye through.

Two more rebounds during the game which held the Mansfield man down no end, and scored his double figure season and lead the losing cause.

Bresnahan has been consistent in his play through the season. He started as one of the question marks that could make or break the rebuilding season for the Blue and Gold forces.

His play has shown that he is a player that a factor, many times that being the steadier factor in the entire season and as the season to his ability.

Bresnahan is a perfectionist who never stops practicing. He is always at work trying to improve, and is one of three in our team who are possible to stop shots that he has mastered.

More than one rival coach has heard to remark this year that he would almost welcome the Bresnahan big fellow on their team. The Bea-

Hooping Season Season Smashed By Mansfield and East Stroudsburg In All-Important Last Two Games

By EDGERTON LEWIS

Coach George Ralston's basketball crew missed a winning season by dropping their last two games of the season to Mansfield and East Stroudsburg.

The Colonels were forced to settle for a seasonal record of 10 wins against 10 losses. Their season is complete and the end of a fine campaign. In seven away contests the home boys were able to grab only one victory, that over Wilkes.

Round into Top Form

By JONNIE BALL

With two weeks of competition the new mixed bowling league is destined to be the most suc-

cessful to date, according to the history of the college.

The second day of competition returns Community Alleys on Sunday nights, the coed league has shown the type of competition we have been lacking in the past.

League "B" opened the legging season on Jan. 23. The Walling Wags whacked the Ram-nagging Five for four points. Walling Wags also beat a rival league with 10, and Joe Troilo paced the Walling Total game high for the season thus far. R.F. Price led the Ramnaggers with a 183 series.

Raislon's Bailers, with Mickey Weirhouse, Mike Balto, and Mickey Perlmuth all averaging over 150, mowed down the Kingspin. Lajewski and Larich sparked the Kingspin.

Before the handicap of having only three men present, the Deadly Dodgers beat a rival league with one point in their duel with the Ramshaking Six. Karl Brin and Joe Troilo, partners of the Dodgers was almost a one-man effort.

College Terrys High

The College Terrys rolled up the season's high threes with a series of 252, and junior fresh-

men shatled the maples for a fan-

Each game has shown plenty of power in taking four from the Weekeen Warriors. Rylowitz, Smith and Kolasek helped hurt from Margaret Luty, high girl with an average. Dick Murray's 151 game for Weekeker was wasted. Jobs had a game and their three from the Spare Boys with Harv and Stocker doing the heavy work. Dick Ka-

plin had a 231 game, which was their one point. This match was won by George Ralston's three with a seven 9 shot split. Points were awarded for the season is sched-

uled for this Sunday. All members of League "B" are urged to be present at the JCC by 6:30 p.m.

WINNING SEASON SMASHED BY MANSFIELD AND EAST STROUDSBURG IN ALL-IMPORTANT LAST TWO GAMES

BY EDGERTON LEWIS

Coach George Ralston’s basketball crew missed a winning season by dropping their last two games of the season to Mansfield and East Stroudsburg.

The Colonels were forced to settle for a seasonal record of 10 wins against 10 losses. Their season is complete and the end of a fine campaign. In seven away contests the home boys were able to grab only one victory, that over Wilkes.

Last Saturday the Eagles journeyed to Mansfield and the teachers club, after two weeks without a game, by staving off a last minute rally tolicate the Colonels behind most of the way, but managed to go ahead for a short time in the first half, 3-16. Then the host club regained the lead and had a 30-26 edge at halftime.

In the second stanza, the teachers secured their biggest lead of the this," and the final score, 76-56. The Blue and Gold countered and began making a comeback to cut the lead to 5-10 and the scramble on, only to have time run out.

John Bresnahan was high man in the scoring game with 19 points. John Linkowski paced the victors with 13 points and Joe Szymka with 2 single high for Mansfield with 42 tallies.

Dropped in For the Win

Wednesdays, the Raistornen travelled to Stroudsburg where the boys will try and get for a winning campaign for the Colonels.

By beginning the second half the victory held the entertainers to six points while riling the margin to 58-52. It was a short-lived advantage with the teachers scoring and fell behind their opponents.

Yap Stresses Importance of Asia In Security of U.S. and Free World

The security of the United States today rests upon that of southeast Asia, Dr. Diosado M. Yap, of the Philippines, emphasized Tuesday at assembly. When the greatest struggles of the epoch occur, it may well be this area which will save the world for which America strives.

For centuries beneath the exploitation of the colonizing European nations the Asian peoples suffered in teeming millions. On the other hand, America has taken an opposite attitude toward the region, and the Communists cannot point accusing fingers at the United States for its interest in the Far East.

When the United States did go into the area, it was to aid the people of the area, as in the Philippines, where the standard of living was raised to the region's highest, and to which independence was recently granted.

Because of the kindness and benefits of America, the Philippines stood by it during the war, while other Asian nations revolted or collaborated against their mother countries. It is that loyalty and friendship which now occasions American interest in southeast Asia. Both the United States and the Philippines desire to preserve the peace bought with the blood of their men. In the area, three main objectives of the Communists are its tremendous manpower, its industrial potential, with emphasis on Japan, and its multitudinous natural resources.

We stand today in Formosa to deny those objectives, and have stood in Indo-China and Korea, but we must continue in our efforts, remembering that for the Communists the road to London and Paris lies through the Far East.

It is because of this that the United States has taken upon itself the union of the free nations of the area, as it has the leadership of the free world.

The East turns to America today because, unlike the nations of Europe, America is willing to do more than grant political independence or economic aid; America recognizes the dignity of Asians as human beings.

Ellen Witick Accepts Job In Pennzo, Elementary School

Ellen Witick has accepted a position in Broomhall, Pa., as a teacher in the first grade, it was learned yesterday from Placement Director John Chwalek. Miss Witick, a resident of Old Forge, will receive a B.S. degree in Elementary Education this June.
