Dr. Craig to Leave WC in June

Ends 12 1/2 Years at Wilkes; New Head of English Dep't.

By JANICE SCHUSTER

Dr. Mary E. Craig recently announced her plans to retire at the end of the semester. She has been on the Wilkes faculty for the past twelve and one-half years.

The English department feels that she is completing a new phase of life in which she can travel abroad to visit her many friends and relatives.

In June she plans to sail for Holiday, England, and stay there for the summer. She has been here for the past several years, Dr. Craig, who is of English ancestry, has many cousins here in this country. After completing her many ambitions, the English Department head hopes to settle in Ohio where she was reared.

Dr. Craig feels very optimistic about the progress of the Wilkes Valley and Wilkes College which she has become such a vital part. Miss Craig received her AB degree at Cornell University, and then went on to the University of Chicago where she worked for her Master's degree. She completed the work for Doctorate at Cornell University.

Before coming to Wilkes, Dr. Craig taught at Webster Reserve University and Beaver College where she was Chairman of the English Department. She has a wide background in writing and much interest in education, Dr. Craig belongs to the Modern Language Association, the College English Association, and the Cornell University Women's Club.

Ed Club Hears FTA Convention Reports
By NORMA DAVIS

This week's meeting of the Education Club was enlivened by reports of delegates who attended the Sixth Annual Pennsylvania Future Teachers of America Convention held last weekend at Juniata College.

Interesting reports of the delegates disclosed the purpose of the convention to be that of promoting interest and exchanging ideas on the problems encountered by future teachers. The two-day convention included business meetings, conferences, and the election of new officers.

The Wilkes College Education Club was one of 18 Pennsylvania colleges represented. The group, who attended the convention at Juniata were Gene Fouts, Joseph Lappa, Gery Neely, Nancy Morris, and Jeanette Perrine.

Cruger Speaks at Debate

Debate Coach Arthur N. Cruger will speak at the Speech Convention in New York this weekend.

LETTERMEN TO SHINE TODAY AND MONDAY

The Wilkes Lettermen are offering a sporting proposition. It may be April First today, but the wearers of the "WC" presumably are not fooling — they do intend to get some polish.

What the tough and ready brawlers will do today and Monday will not be to rise, but rather to stoop and shine. And the rest of the campus should benefit thereby — for a price, naturally.

The bleecher-warmers and Monday morning coaches will be granted this service from the athletic plants for a paltry quarter. For two bits, 25 cents, the price of a hot dog, inflation you know, the noble sons of Wilkes will wield polishes and rags, the profits produced thereby doing good for both Letterman and donor alike, inasmuch as the guilt gained gains, among other projects, to pay for the coming April Showers Blast.

Just think! At a quarter apiece, that's eight white bucks for one green one.

FROM THE TOP — The Lettermen of Wilkes will shine the shoes of anybody on campus from the top administrator to the lowest foot. If Wilkes, last year's club president, buffs the leather of Dr. Eugene S. Farley (left) and Dean of Men George F. Balston, Balston is the Lettermen's advisor.

AMNOLICA APPLICATION LETTERS DUE TUESDAY

The Yearbook office announces that the time has come for applicants to get those all important letters written and sent into the Publications Board. According to Co-editors Jean Kravitz and James Nevers, letters should be addressed to the Board of Publications, Wilkes College.

Positions open for next year are those of editor, for which the college offers a $500 annual scholarship, and Partial scholarships are offered for assistant editor posts. Also open are the jobs of business manager and photographers.

Final dates for filing of candidates' names is next Tuesday.

GALLIA LEAVES BIO. POST AT END OF THIS SEMESTER

Miss Rose Marie Gallia will retire from instructing in the Wilkes College Biology department at the termination of this semester, it was announced officially late yesterday.

The young instructor, who conducted lectures or laboratory classes in comparative anatomy, histology, embryology, and qualitative analysis, announced she will be married in August and will establish a residence in Allentown, Pennsylvania.

She has no immediate plans to continue in a teaching career.

Careers Conference Attended by Over 100

The third annual Wilkes-sponsored Careers Conference was attended by over 100 local high school students last Friday. Dr. Gordon D. Bell, director of the northeastern Pennsylvania Blood Center, was the main guest speaker for the discussion of careers in Medicine, Dentistry, as Laboratory Technicians, Chemistry, and Biology.

Guidance Director John J. Chwalek announced that the next conference will be held on April 15th. Careers in Retailing will be discussed.

Take Second in District 7 Meet, Qualify for Nationals; At Notre Dame Today

By T. R. PRICE

The Wilkes College debaters qualified last weekend for the national debate tournament to be held late next month in Washington. The local team duplicated its feat of last year by again emerging in second place in the District Seven elimination held last weekend at St. Peter's College, Jersey City.

Wilkes was second to St. Joseph's of Phila-delphia in contests involving some 22 teams from an area spanning the states of Pennsylvania, Maryland, New Jersey, Delaware, the District of Columbia. St. Peter's was third, George Washington and Penn State tied for fourth.

Inasmuch as the same system of team-matching was employed at the District eliminations as is used by the national tournament, the Wilkes debaters were able to find several additional teams.

At the West Point tournament last December, Wilkes took on the Associated UCLA, Nebraska, Oregon, national runners-up Florida, to compile an impressive record which placed the local team among the country's top 20 teams.

Debaters Talk at Notre Dame Today

The Wilkes debaters took to the air yesterday as they made their way to South Bend, by way of Chicago, to take part in the Notre Dame Invitational debate tournament called "Brick by Brick." They will be the only team from an Eastern college.

The two-man team of James Nevers and J. Harold Flannery, Jr., fresh from last weekend's St. Peter's tournament which qualified them to participate in the national tournament in West Point, will argue the question of United States recognition of Communist China.

Both debaters are juniors and in their last year of intercollegiate competition.

By familiarizing themselves with the midwestern teams and techniques, the Notre Dame tournament will provide the Wilkes team with something of a preparation for the nationals in West Point.
Assembly Live Need
By Detroy, Liva
In Music Recital
Assembly Tuesday at the Wilkes gym was a musical program featuring Ferdinand Liva and Mr. and Mrs. John Detroy of Wilkes-Barre. Liva, violin soloist, played "Berceuse," "Son of Panta," a Hungarian fantasy by Bela, and the first movement of "Violetta Concerto No. 24," by Monti.

Mrs. Detroy sang "Stars in My Eyes," by Fritz Kreisler; "One Kind of Love," by Paul Fritzius; and "Ein gln Lave With Someone" from "Naughty Marietta," and "Getting to Know You" and "Whistle a Happy Tune," both from "The King and I.

Mr. Detroy accompanied both soloists.

Liva is head of the Wyoming Valley Philharmonic Orchestra, while Detroy is a singing role in the music department. Mrs. Detroy recently completed a solo singing role in the College production of "Girl Crazy."

FACULTY WOMEN HONOR
Dr. CHAIG, MRS. WILLIAMS
The Wilkes faculty on last Wednesday honored Dr. Mary E. Craig and Mrs. Gertrude M. Williams at an afternoon tea.

Dr. Craig, head of the English department, is also a member of the council of ten, while Mrs. Williams was Wilker's head of women for several years as well as an instructor in English and journalism.

Students as well as faculty attended the tea.

Debaters Present Program
Monday for Pittsburgh Lions
The Wilkes debate team present a program of debate and discussion on Monday evening at 8:00 for the combined Lions Clubs of Pittston and Exeter, at Pittston High School.

John Nevers and J. Harold Panny will argue and discuss the problem of U.S. recognition of Red China, while Bruce Warshall will serve as moderator.

The last such program to be held before a civic group was held recently for the Dallas Rotary.

Library to be Open During Easter Vacation
The library will be open every day during Easter Vacation and invites students to make use of its facilities. Just come in and find (or start) your term paper. Look at the new book shelf (next to Circulation Desk) with over 100 brand new books on a variety of subjects—one more interesting than the other.

There are books for lovers of American History and Political Science. Scholarly articles indulging in the Theory of Knowledge or Economic theory will find much to interest them. Artistically inclined readers will enjoy reading works on German and English literature.

A point of interest to everyone is the new book by Carl Cassirer, "The Susquehanna." For an exceptionally good and breath-taking novel, try "A Few Were Left" by Wilkes' own pride—former student Harold Rein.

Some other books that are placed on the new bookshelf are: Menotti's delightful story, Amahl and the Night Visitors; Alister, The Art of Primitive Peoples; two books on propaganda: Propaganda and the Appeals of Communism; Mannes and Moses of the Bible; The Distribution and Abundance of Animals; and many, many others to interest all types of readers. Just come in and browse.

And don't forget the 20 current periodicals scattered "right" and "left."

Percy Brown & Co.
To Supply Dorm Food
Meals served in the dormitory dining hall will be prepared on a catering basis by Percy A. Brown and Company starting April 12, it was learned yesterday by the Dorm Council.

There will be no change in the dining hall staff, however, the source said.

The meals will be pre-prepared at the Percy Brown kitchen, a move which is something new for both Wilkes and Brown's. The meat portion will be sent here to be cooked in the Wilkes kitchen by the dorm staff.

The Lettermen's Club will sponsor the gala April Showers Ball on April 15, and with a theme of "April in Paris" will attempt to bring to Wilkes what was symbolized by "A Night in Paris" last spring.

Lee Vincent's top-notch orchestra will furnish the musical background for 9 to 12 dancing and the Advisory Committee will serve cocktails. Los Angeles' "Queen" to reign over the ball.

Decorations chairman H. E. Gross, revealed the "April in Paris" theme early this week.

He stated that sketches and slides will be used to create a panoramic Brooklyn-Bridge to Paris street-scene in the form of a walk-cakes that will line the gym. Cafes will be given appropriate French names and white-coated waiters will be on hand, in true Parisian fashion, to serve refreshments.

Gross stated his committee soon hopes to announce plans which will include a "plaudit wall" which will reserve space in their own cafes.

During the intermission, a Lettermen's program headed by George F. Ralston will select this year's new "April in Paris" Dance chairman Joe Trasko announced that the pageant will be re-stricted to Wilkes co-eds, but will be made from all the lovely presence.

The music of Lee Vincent needs little introduction to the musical colle- gue. In the past few years Lee has built one of the finest bands in the East. A combination of special popula- rity at college proms and propaganda has contributed largely to his present success.

Delegates to the Eastern College Science Conference at Seton Hall University on April 15 and 16.

The Eastern Colleges Science Conference is an affair which is being given much consideration for the purpose of presenting in- formation concerning the latest develop- ments in the scientific field. Research papers prepared by members of the different colleges are the basis of the conference.

It is a well organized affair and provides for tours of various chemi- cal, medical, and research centers. The participating members are given an opportunity to listen to prominent speakers as well as to attend a banquet given in their honor.

Eighty-eight colleges will be rep- resented. The two official delega- tes from Wilkes College are Rich- ard Kent, president of the Biology Club, and Richard Carpenter, presi- dent of the Chemistry Club.

This year, Wilkes is sending a fairly large delegation and the sci- entifically inclined hope that much will be derived from the affair in general.

The programmer will include a tour of the Rife CAMERA factory, a visit to the Bell Telephone plant, and a visit to the National Geographic Society in Washington.

A night in Paris for two, just for $2.80: your soon's! The Lettermen's Club will sponsor the gala April Showers Ball on April 15, and with a theme of "April in Paris" will attempt to bring to Wilkes what was symbolized by "A Night in Paris" last spring.

College Queen
To be Picked
At Ashby Park
(Special to the Beacon)
Are you going to be one of the undergraduate college girls between the ages of 18 and 20 who will take part in the third annual National College Queen Contest to be held at Convention Hall over September 9-11? The contest is sponsored by the National Student Press Foundation and its Press entry blank forms and complete contest information may be obtained, as well as the National College Queen Contest Director, c/o Convention Hall, Asbury Park, N.J.
Mayor George A. Smock, 2nd, honorary chairman of the committee, announced that judging will be based on 50 per cent for beauty and 50 per cent for brains.
The purpose of the contest is to select and honor on a national level as well as state and sectional, the typical all-around versatile college girl in the nation.

Letters to the Editor

The Letter to the Editor column of the Beacon is open to the entire Wilkes College campus. Views expressed here are those of the writer and not necessarily representative of the views of the Beacon staff.

Dear Editor,

I was very much interested in the first letter which was published in the last issue. I feel that Mr. Flannery was very unfair in his criticism of Mr. Cohen. Mr. Cohen is a very fine person and a great talent. I am sure that he will continue to write excellent material for the Beacon.

Sincerely yours,

[Signature]

A Chuckle... And a Smile

Teacher: "Tell me, what is it when I say, 'I love you,' 'you love,' 'he loves'?

Bright pupil: "Sounds like one of those triangles where somebody always gets shot."

"So you failed the mathematics exam, yes?"

"Yes, I didn't know how to make a western sandwich."

Many of us are wearing last year's clothes, driving this year's car and living on last year's income.

Did you notice how my voice filled the hall last night? Yeah! I even saw some people leave the hall to make more room for it.

Two business partners, who were a bit distrustful of each other, went to the club for dinner one evening. While seated at the club, one of the partners spoke up and said excitedly, "Great Heavens, I came away and left the safe open."

"What does it matter," said the partner, "we're both here."

What does it matter?

My husband is crazy about me. He says such nice things in his sleep, but he calls me by the wrong name.

LARRY: "What do they call a man who is lucky in love?"

Nick: "A bachelor."

Mom: "Tommy, you're all out of breath and your suit is torn. Why were you running?"

Tommy: I was just trying to keep two kids from fighting.

Dad: What did the kid kid?

Tommy: Me and the kid next door.

The hardest thing about learning to ski is the tip, when you come right down to it.

She used to do a tight-wire act, but the last time she was tight and the wire wasn't.

He reminded me of a drip—something you can hear but can't turn off.

A man's horse always follows when he is feeling his oats.

"Half the Legislature are not Crooks," ran a glaring headline in a local newspaper.

A vacation was demanded of the entire assembly.

The next day the headline ran: "Half the Legislature are not Crooks.

Joe: "Did you ever have a romance in your life?"

Man: "Yes, I had a beautiful school teacher. One day she asked me if I..."

Joe: "Did you do anything wrong?"

Man: "Yes, I didn't stay."

Joe: "You say the movies closed Oscar's Movie Palace?"

"They sure did."

"Why?"

"Well, you know how he always dresses up under the smoke for the film. This time they sent him a production called "The Garden of Eden."

Ennie: "Do you know when you have had enough?"

Judge: "And why did you stick a knife into this man?"

Prisoner: "Your Honor, I heard a doctor say the fellow needed some iron in his system."

Claude: One day when I was a boy, I thought nothing of a ten mile walk.

Guy: "Well, I don't think much of it myself."

We heard of one town that has a fire department consisting of one man and three dogs. The dogs hold the ten firemen.

LITTLE MAN ON CAMPUS

by Dick Biber

CAMPUS CHATTER

We aren't all music lovers, "Slippy" proved this to the student body at Tuesday's assembly as he quizzed students and played sliding caroused on the scanners during the show. SAM MINES introduced a new chemical term to DR. BASTRESS' vocabulary when he offered "jungle juice" as an answer in an Organic quiz.

Then, they're howling about the fellow who was buying himself in the little room down at the end of the hall when a substitute cleaning lady barged in on the room. Embarrassed as he was, he said, "Oh, hello!" Then she turned on her heels, leaving the fellow and his magazine. A little later, another in part of the building, the fellow was talking to one of the regulars of the dormitories when the newcomer came along. "---, I'd like to meet you," said the one cleaning lady. "To which the other answered fortuitously, "Oh, we're already met.

DAVE POLLEY, who by this time in his college career has almost given up relating his true experiences because few people are willing to believe that so many things could happen to one guy, had another harrowing time recently. (Relax, Dave, it's NOT THAT one). Seems he was on the way back from Syosset, N.Y., his hometown, and got a flat tire off the car resting precariously on the top of a tree (only about six inches from a three-foot embankment). Dave took the flat tire off, with the car resting precariously on the top notch of a bumper-jack. It could only happen to Polley, but finally came a Greyhound bus. So close to his car did it pass that the wind knocked Mer- cury and Polley down the ditch. Three hours after his graduation, he drove the tireless wheel out of the ditch and continued on to Williams- Barre.

""According to JOE RASKIN, reportedly commenting on the hour. 

"If you copy from one man it's cheating; if you copy from two men it's ecoliosis; and if you copy from three people it's re-

heard the complaints of their housemates concerning one of their 

outburst from the wizard at the keyboard (typewriter, that is) in E.R. Auger's that Little E鸥 is preparing to fit out of the 

again..."...yes, even the sports staff thinks. One of our members who splits his time between sports and general news coverage came 

up with a remark on the Letters to the Editor hierarchy of late. Said he, "The top infra-mural sport of the year is probably the 

bate between VERNON BUCHHOLZ and FLIPPERED FLANNERY."

The strange effects that college students have on professors was graphically illustrated recently when the usually sophisticated DR. FRANK, J. J. DAVIDS remarked concerning the antics of "CURBY PHILLIPS," and why he got that way. 2. "The boy was slowly building, with harsh howls, about the Lettermen's initiation last Saturday at the Kingston House. Ah, so much fun... and then the town is still shaking after St. Patrick's Night celebrations in which Whirlmum were involved, they tell us.

A Psychology student used adverse psychology to the confu-

sion of Mr. E. H., his class and professor recently, when he 

into laughter in the middle of one of DR. HAMMER'S favorite 

"You've heard it before, the doxot says dejectively. It's 

ing apologetically, "it isn't in my notes for tonight, either... . . .

DAVE HOATS' latest — a comment on "love. They say that love makes the world go 'round but then again, so does a good swallow of tobacco juice."

Several of the student teachers have been getting the raspberries 

in Cogokin. One fellow gets the "h-b-b" out of his voice bearing his last name when he walks by a flock of young fens from his business classes, while another, an English teacher, gets the "Hey, Yogo" treatment, much to their embarrassment, it might be added. And several of the other student teachers at the university have suffered the complaints of their housemates concerning one of their 

recordings in crime. "What's he hooking for, anyway, principal?" com-

plain the students. Guest Whirls just rubs off like snow... and finally, everybody at Tuesday's assembly was amused and amazed at DR. FAB- 

EYR'S unexpected display of "b-z-z-z-z".

20,000 TINY FILTER TRAPS -- plus Richer, Smoother Flavor

WHY DO MORE COLLEGE MEN AND WOMEN SMOKE VICEROYS THAN ANY OTHER FILTER CIGARETTE?

BECAUSE ONLY VICEROY GIVES YOU A PURE, NON-MINERAL, NON-TOXIC FILTER WITH 20,000 FILTER TRAPS IN EVERY FILTER TIP!

1. Yes, only Viceroy has this filter composed of 20,000 tiny filter traps. You cannot obtain the same filtering action in any other cigarette.

2. Besides being non-mineral and non-toxic, this cellulose-acetate filter never sheds or crumbles.

3. The Viceroy filter wasn't just whipped up and rushed to market to meet the new and skyrocketing demand for filtered cigarettes. Viceroy pioneered. Started research more than 20 years ago to create the pure and perfect filter.

4. Smokers en masse report that filtered Viceroy's have a finer flavor even than cigarettes without filters. Rich, satisfying, yet pleasantly mild.

5. Viceroy drums so easily that you wouldn't know, without looking, that it even had a filter tip... and Viceroy costs only a penny or two more than cigarettes without filters!

That's why more college men and women smoke Viceroy than any other filter cigarette... that's why VICEROY is the largest-selling filter cigarette in the world!
SPOTLIGHT

with AL JETER, Sports Editor

A New Season

Baseball season approaches. The scene tomorrow and one can't help but wonder where the spring will be...

As in nearly every year, we'll be pitted against a formidable slate of opponents. We have some returning players and some new faces, but this year we hope to put together a team that will be able to compete for championships.

First off, we have to address the question of handling the team. As usual, we'll have a coach, and I'm sure he'll do a good job of handling the team. However, I think we could benefit from some new faces in the dugout. Perhaps we could look at bringing in some new coaches or even considering a change in the coaching staff.

The team will be led by our captain, Joe Parsnik, who has been a mainstay on the varsity baseball team for the past three years. Joe is a natural leader and has the experience to help guide the team to success.

I'm excited about the possibilities for this season. With some new faces in the lineup and some returning stars, we have the potential to be a strong team. Let's see how the season goes!
DEBATERS TO OPPOSE PRINCETON TEAM IN ASSEMBLY; HAVE DUMPED TIGERS TWICE

The Wilkes debaters will present an assembly debate program in May with Princeton as the guest team for the debate.

Princeton's expected team, that of Tom Fauer and Martin Louis, is the same which last week lost to Wilkes at the District Seven eliminations at St. Peter's College, Jersey City.

Princeton did better last year in the eliminations, placing at the head of the District Seven schools. In the elimination tournament this year, Princeton's Fauer placed first as speaker, while Wilkes' Flannery was third. Neven placed ninth.

Only last month, however, the Princetonians were defeated by the Wilkes team of James Nevaros and J. Harold Flannery Jr. at the Johns Hopkins tournament which the Wilkes team won.

The teams will argue on the question, "Resolved: That the United States Should Recognize Communist China", a question patently of debate not only in collegiate circles, but of considerable controversy, so much so that the service and a number of other schools either will not debate on the question or have been forbidden so to do.
