Mr. President to be Elected Tonight

Two TV Stations To Cover Ball; Marchetti Plays by Marion J. Klawon

The gym will take on a "Capitol" atmosphere tonight when the Sophomore Class presents its first Presidential Ball. Cherry blossoms and the Washington Monument will decorate the back-drop, and pink and blue are the official colors on the walls and ceiling of the gym.

Last week, in voting in Beacon, the ten top nominees were listed. From this list will come the name of the guest of honor, Mr. President.

Final voting will take place as couples enter the gym for the dance. Each ticket will have space for two votes—in case a couple disagrees as to whom each wants to vote for, separate votes can be canvased.

Gene Marchetti and his orchestra will furnish the music from nine to two o'clock and the local television stations, WILL-TV and WVTW, will provide television coverage at intermission.

Donations have been provided by local dentists to present to Mr. President and his First Lady. The B. B. Keg, King's Store, LAST Night's Gift Shop, and A Friend.

In a recent Student Council poll, the students voted to hold a semi-formal dance, this is the Sophomore ball, named after the semi-formal dance. The ten nominees selected by student vote last week are Paul Kay, Ken Boyer, Ed MeCafferty, Sam Love, Dave Polly, Bob Sobol, Dick Atterbury, Neil Bakalski, and Tom Myers.

EDITORS NOTE: Paul Rate is a resident of Ashville Hall and not Warner Hall as listed in last week's Beacon. Both Mr. Katz and the men of Warner Hall were eliminated from the semi-final round.

Committee co-chairmen Nick Sieck, and Ann Bates are in charge of programs. Other committee members include: Dick Bailey, Rich McCafferty, Robert Shaghen, Tom Baggio, decoritions: Lois Besser, M. R. I. Christopher, refreshments: Terry Smith, reception committee: John Saha, Bosie Weinberg, publicity; Betty Stein, invitations; and Ann Bates, cleanup. Admission for this unusual dance is two dollars; those not favoring a no-corsage ruling will be in effect. Students who can't afford something new, different, and exciting are invited to attend.

SCHOLARSHIP FUND DRIVE ENDS TODAY

by Ruth Younger

The annual campaign of the Wilkes College Scholarship Fund closes today at 1:15 P.M. The goal of the campaign is $90,000, to be used exclusively for student scholarships. Mr. F. F. Perciwart, a member of the Board of Trustees of the college, is chairman of this 1957 campaign.

There are 31 teams involving 140 people from the Valley who have voluntarily given their time and effort to visit the prospective donors.

The purpose of their work is to provide financial aid so that capable students who otherwise would find it impossible to pay the tuition fees can benefit from a college education.

Buss Pitcon, director of development and organizer of this campaign, said that the campaign has been along schedule with $10,000.58 from only 41 per cent of the prospect cards. He said that he has a very promising campaign left to the two weeks of the campaign judging from the progress of the first 41 per cent of the cards.

If all the prospects are visited, the campaign goal of $90,000 will be exceeded.

Last year the campaign goal of $50,000 was exceeded by $7,000.

Student Constitution

A long-awaited and long-needed revision of the Student Constitution is being planned by the Student Council. Since the document has been in effect for many years, it is felt that it is time to open it up to all students to see that it reflects the desires of the students.

Therefore, the aid of every student has been requested by the Student Council in suggesting possible revisions, in order to bring the constitution up to date.

A copy of the "Constitution of the Student Body of Wilkes College" has been printed in the Wilkes-Barre Record. Study this document and see if there are any discrepancies or deficiencies, which you think should be corrected.

If there are any, write your suggestions on a post card and try to get a proposal to correct them in the hands of the Student Council by Tuesday night. As many students as possible are urged to contribute to this revision of the Student Constitution, so that they will see that the committee gives them due attention.

TOUR OF DANVILLE HOSPITAL
MADE BY PSYCH-SOC. MAJORS

by Carol Brennan

Michael V. Yost, chairman of the Psychology-Sociology Club visited Danville State Hospital Monday, March 25th. The group was welcomed by Mr. Konstanzer, who spoke briefly on misconceptions people have regarding the treatment of mental illness.

A former Wilkes student in Nursing studies in some capacity, Blanche Lok, then mentioned that the hospital has a 400-bed capacity, in addition to its treatment of the mentally ill. Some of these are: a psychiatric ward, doctors' hospital, patients' hospital, and a Student Nurses' Training School.

Mr. Singler, the hospital psychologist presented the group with a slide show of the various mental treatment areas and health fields. A small audience gathered in the cafeteria to see this slide show in addition to the mentally ill, there were: fifty per cent of the people the hospital is supposed to treat. The family doctor have nothing physically wrong with them; one out of ten people living today will suffer from a serious mental illness; one out of four families will have someone in it.

Mr. Singler then outlined the history of the hospital, stating that psychotherapy and tranquilizing are two chief methods of treating mental illness and that occupational therapy is also a frequent use.

The students toured the buildings, including wards, cafeterias, classrooms, therapy rooms, treatment rooms, admissions building, and the admissions building. They were impressed with the size and beauty of the grounds and remarked that it would make a perfect college campus. At the conclusion of the tour, the students were shown a movie, "The City of the Mind."

The club will visit New York University the week-end of April 6th, where they will view a demonstration of an artificial brain.

PROGRAM PLANNED BY GIRLS' CHORUS

The Girls' Chorus will present a concert at the Faculty Tea, which will be held in the Cafeteria on April 8. The girls will sing selections, among their life - Thine Eyes, Deep River, and Ye'll Know Walk Alone. Marilyn Carl is director of the chorus, Janet Cornell is accompanist, and the girls are very much attracted by the program. The concert is to be held in Glaz Hall, Monday, Wednesday and Thursday at noon.

QUOTEABLE QUTES

How did they get rid of an arm-band?"

"They got rid of the arm band by Irving the "Moonlight" on them."
OLIVER TO SPEAK ON MENTAL HEALTH

Wilkes has been most fortunate in securing Mr. Robert Oliver, Central Area Director of Pennsylvania Mental Health, Inc., to speak on "Frontier Women in the Wyoming Valley" on Monday at 8:00 P.M. at 40 South Franklin Street.

Earlier in the week, Mr. Edward Jenkinson gave an informative speech on the same subject from the physical and medical viewpoint, which was very well received by the student body.

Mr. Oliver, however, will speak about this increasingly important topic from the social aspect. The emphasis will be placed upon the responsibility of each individual in helping to reduce patient acceptance in society.

Krohle Stickler Winner

During the past week a second Wilkes student received word that he won twenty-five dollars in the Lucky Strike Klicker contest. This student is Fred Krohle, a native of Weatherly and resident of Warner Hall. Fred is a senior English major and is editor of the Manuscript.

Previous winner was Charles Jones. The Beacon cannot publish either stickler because all rights are reserved by the Lucky Strike Company.

Cheerleader Selection
Scheduled for April; Many Vie for Position

Judy Menopus, captain of the cheerleading squad, has announced that Mrs. Doane, Millie Gitting, and Bob Morran will select next year's cheerleaders at tryouts in April.

As the weeks have progressed, many of the girls have been eliminated because of lack of time that cheerleader has increased. However, the veteran members of the squad are hoping that still more will come out, boys included. Some students may be hesitant about cheerleading because of the time element. Judy Menopus is trying her best to hold pride sessions and the convenience of the students.

As it is well known, the whole squad does not participate at each sports event during the winter season, but rather in groups of three or four. The girls are attempting some new cheers for next year's season along with other plans. However, the girls depend upon operation from the student body.

JAZZ STYLING BY 'WORKSHOP'
SCORES BIG HIT IN ASSEMBLY

The sixteen members of the Wilkinson College jazz workshop entertained the student body at Tuesday's assembly at 8:15. Tom Macri, the director of the dance band, supervised all the musical and the singing part of the program.

The dace band, which played during the week at the group's request, featured Bob Dolson as vocalist. Dolson is a junior major from Fitchburg, Mass.

The members of the jazz workshop gave up their time in order to rehearse with the band. The School Band director, Mr. D. J. Sayre, who plays with Leo Vincent's band, Bob Dolson sang I'm Thrilled, which was made popular by Glenn Miller, also George Gershwin's Embraceable You.

Other numbers, which were well received by the student body, were El Cumbanchero and Revel's Bolero. The group was closed with a number sung by Lenny Sabatelli's arrangement of the Alma Mater.

Bill Tremayne Nominated for ICG Speakership

Friend of ours bought a new car the other day. Claims he had to.

But the salesmen were

was trying to locate the button

Talk about convenient! This model really solves the parking

problem. When you're ready to leave your car, just press a

button and the top goes back, the wheels fold into the body, the

body folds up into a compact haulage, then you put the whole works into

the glove compartment.

These new models are really a mechanic's nightmare. It's getting

to the point where you need a de
gree in engineering just to find the
gas cap. They don't call mechanisms "grease-monkeys" any more. The

new cars are so dagnified and dis
tinctive, that they call themselves things like "lubrication specialists"

Now no matter how you look at it, though, the mechanic is still the

one man who goes from house to work only.

They still haven't invented a
gadget to take the place of woman drivers, though. When a woman

or she might be pointing to the location of her last accident. Off one thing

fast to make times; you might end up doing it.

One of the cities in that state has a sign which reads: Sixty-five people

died from gas in this town last year. One ignited it, four breathed it, and sixty stepped on it.

That's the reason why most

cemeteries have fences around their areas. People are dying to get in. It's what you call a grave
distraction.

Then there's the alcoholic midget

who died in an accident. His last

request was that he be given a

bottle of his birthplace, it's quite a bit of confusion amongst his survivors. Seems as though he left several others, naming different recipients of his small fortune. He was what you call a fresh hea

Nothing was said about the father in this story, but it is as

At least, his wife is reported as saying that he's off raising cane somewhere.
