GLAMOUR CONTEST RESULTS IN TIE
Free Cherry Pie Tonight!!

by Jim Eddam

The buzzing of lumbermen’s saws plus the willoow-willoow-willoow of the baked cherry pie will highlight the Letterman’s Club “Cherry Tree" Party tonight at the college gym. Since tomorrow is the birthday anniversary of George Washington (in case you didn’t know), these special features at tonight’s affair are most appropriate.

Students are urged to note that everyone will receive, absolutely free with no attribute or pit attached, a piece of luscious cherry pie, baked for the occasion by several of our very best bakers.

Intermission will feature a contest of strength and tradition and students. Dr. Farley and Mr. Railton will form a team of two to compete in a log-cutting contest with two students to be selected later from the floor. The winner will be awarded to the winning duo.

Latest bit recordings will be featured from 8 p.m. on, along with the other attractions. Dancing will be from 9 to 12. Tickets may be obtained for fifty cents from any of the lettermen at the door tonight.

The following lettermen have served as committee chairmen for the “Cherry Tree" Party: Fred Williams and Bob Yukonets, refreshments; Rodger Lewis, publicity.

WILKES EXPANSION DRIVE NEARS END

It is just nine days away from the 25th Anniversary Development Campaign, which will be made tonight, 6:15 p.m. in the Crystal Ballroom, Hotel Steeling. Weather conditions over the weekend has made it more than likely that the report of the meeting from Monday, February 17, tonight.

This meeting will bring the end of the drive, and is also the day over 80% of the total contribution to date and 69.75 percent of the $300,000 goal.

Student contributions to the Development Campaign, in number, have reached a total of $2,219. Mrs. Koch has made the last $2,000 contribution in the Campaign with the all of her parents, since the parents are not being counted separately.

All tonight’s meeting, the Wilkes “family" trustee, face to face with the future, and it is almost certain that over 80% of the total contribution to date and 69.75 percent of the $300,000 goal.

Glamour Contest Results In TIE

by Mary Louise Onufre

Balloting for the title of “Best Dressed Girl" at Wilkes ended in a two-way tie between Mary Homan and Joan Llewellyn. A runoff election will be held Monday night at 9 p.m. in The Commons with Barbara Vose in charge of the balloting.

The tie between the two co-eds, both members of the sophomore class, is the second tie in the annual “Best Dressed Contest," which is sponsored by the Beacon in conjunction with Glamour magazine. Last year's contest, the first such sponsored on campus, ended in a tie between Mary Homan, Nancy Frey, and Lynne Boyle, the latter two tied in that position.

The name of the winner of the run-off election will appear in next week’s Beacon.

Miss Homan and Miss Llewellyn were selected by the student body from a list of ten candidates nominated by the faculty and approved by the Beacon editorial staff. The Beacon wishes to stress that students keep in mind while voting the run-off a popularity contest.

The winner of the Wilkes contest, who is to be selected by the ballot, will go on to compete for the national title for women's high school newspapers.

The winner of the Wilkes contest will enter the national contest as one of four representatives from the nation. The winner will be selected by the Beacon editorial staff. The Beacon wishes to stress that students keep in mind while voting the run-off a popularity contest.

WILKES COLLEGE BEACON

February 21, 1958

Editorial

The few weeks ago we complained about the lack of cooperation given St. Patrick's day on the part of the students. Needless to say, paths weren't beaten to our doors by students offering to remedy the situation -- in fact, we didn't even receive one offer. However, the pope's decision only through the efforts of a handful of faithful staff members.

Including the editors, we have four or five seniors, about five juniors, and one sophomore who understand the responsibilities of putting out a student publication. Considering the fact that we have had to cover our own expenses, we can't help wondering about the state of this paper in 1959. We need freshmen on the staff to train for future positions.

Students often complain that the paper does not require much sacrifice or too much hard work. As a matter of fact, the experience is most rewarding and interesting, not to mention the fact that the editors receive scholarship aid for their efforts.

The bare fact is that we need help in any way, shape, or form, to provide a daily newsprint to contribute to the betterment of the student body -- especially those from freshmen and sophomores. Staff meetings are held every Friday at noon in the Beacon of their 159 South Street office.

Motivation is a common bond held together with paper. Notes from our editorials do not require much sacrifice or too much hard work. As a matter of fact, the experience is most rewarding and interesting, not to mention the fact that the editors receive scholarship aid for their efforts.

"What's the matter?" asked a member sympathetically.

"I've just killed my wife," said Jenkins.

Good Heavens! How did you do that?" asked the police officer.

"I didn't see her coming up behind me. I took a practiced swing and hit her on the head." She disappeared down the street.

"That's tough," said the other member. "What club were you using?"

W.C. Retailing Group Announces Schedule
by Bill Zdaneewicz

Members of the W.C. Retailing Group met last Thursday to formulate plans for their activities this semester. Mr. Zdaneewicz, coordinator of the Group, welcomed the many new members who were in attendance.

Mr. Zdaneewicz presented the suggestions of the Executive Council to the members for their discussion and vote. A tentative tour to the Boston Store has been scheduled for February 28.

Committees were formed to work on various projects being planned for this semester by the Group. Their agenda includes a speaker for one of their meetings and the Retailing Careers Conference. Members of the Group are planning to attend the Small Merchants Business Show which will be held in the Kingston Armory in April.

Robert Obach, retailing senior, presented a report on the two surveys conducted by retailing students in the past, and he suggested a possible survey that the Group may conduct next semester.

The next meeting of the Retailing Group will be Thursday, February 27, at noon, in Pickering Hall, room 104. This meeting is extremely important and all members are urged to attend. Robert Obach will report on the local tour and the above agenda will be considered in more detail.

Silver Contest Open to Co-eds

During February and March, Reed & Barton, America's oldest manufacturer of fine silver, is conducting a "Silver Opinion Competition" in which valuable scholarship awards totaling $1000 are being offered to duly enrolled women students at a few selected colleges and universities.

W.B. has been selected to enter this competition in which the First Grand Award is a $500 cash scholarship; Second Grand Award is a $250 scholarship; and third, fourth, and fifth awards are $100 scholarships.

In addition, there will be 100 other awards with winners having the option of receiving a $25 savings bond. A "Haroojah" set of sterling silver, fine china and crystal with a retail value of approximately $44.

In this competition an entrant is asked to name her favorite china pattern, her favorite crystal and the sterling silver design she likes best. She must tell, in her own words, why she has chosen the particular designs. There is no set limit on number of words. Entries will be judged on basis of interesting opinions rather than on literary techniques. Closing date is midnight, March 31.

Mary West is Student Representative. She urges all students to enter the "Silver Opinion Competition" for Reed & Barton, and also urges all persons to contact Miss West for entry blanks and details. She also has samples of nine of the most popular中国 designs, so that entrants can see these sterling patterns actually look.

The opinions expressed by entrants in this competition, Reed & Barton hopes to compile a valuable library of expressions of young American tastes.

Silverware, Street Floor

We have your favorite sterling pattern as featured in Reed & Barton's Silver Opinion Competition

Silver Sculptures $26.75

Autumn Leaves $26.75

Printed Antiques $33.75

Classic Rose $35.00

Tara $36.75

Silver Wheat $32.75

French $39.75

Do these patterns look familiar? Then you've no doubt seen them on bulletin boards throughout your campus! They're featured in Reed & Barton's Silver Opinion Competition now being conducted at Wilkes College. Stop in soon and see how beautiful these patterns are in actual solid silver. Can't wait until you can own your own. This inspiration you need to win one of the valuable scholarship prizes!

*All prices are for 8-piece place settings, and include Federal tax

We feature silverware made in Art Deco, Art Moderne, Traditional and other historic patterns.
"BIG GEORGE" RETURNS TO FORM TO WIN ATHLETE OF WEEK AWARD

Sparks 6-Game Streak Snaps Mid-Year Slump With 103 in 3 Games by Al Ullman

This week George Morgan receives the Athlete of the Week Award, on the strength of his three outstanding performances against St. John's, Scranton, and Rutgers. Although all of the games were played on the opponent's court, "Big George" hit for 33 in each of the first two, and 37 at Rutgers. Morgan also took 22 rebounds in the Rutgers game, which Wilkes won, 91-87.

Since Morgan began his terrific scoring surge the Colonels have won on the road as well as at home. By winning four conference games in a row, Wilkes moved from 7th to a first place tie with the University of Scranton in the Middle Atlantic Conference. Both have identical 8-2 records, with one conference game remaining. Wilkes now owns a 12-4 season record.

Morgan, who scored 15 goals and missed only four shots in the Rutgers game is a well liked senior, majoring in business administration. Upon graduating in June, George plans to become an underwriter with a national insurance firm. He resides with his parents at 402 E. Main Street, Plymouth.

WINTER SPORTS IN LAST STAGES AS TEAMS NEAR FINAL MATCHES

Unusual weather, lack of manpower, a title defense, and a professional basketball co-ed event have all combined to present varied pictures of winter sports for the past and coming weeks, the last lap of winter sports.

The cagers journeyed to Newark, Williams last Saturday where they won their sixth straight game on a record-breaking 61-40 thumping of the Rutgers squad. The survivors took an automatic win from the Scranton Royals when the boys from up the line were unable to suit up enough survivors for the scheduled meeting.

The Colonelettes will have a chance at revenge from the girls from Misericordia where they will participate in the opener of the Eastern League's basketball extravaganza, the February 26 East-West Pro-All-Star game.

Maine Seeking Ninth Win

With four men seeking undisputed season, the wrestlers closed out their dual meet schedule at 7 p.m. against tough Fairleigh-Dickinson team. Co-captains Jim Ward and Dave Thomas, whose combined losses over the past four years can be counted on two hands, will compete in their last dual meet. Morgan and Keith Williams will also finish their careers, both are hoping to emerge unbeaten.

Ward has run his streak of consecutive dual meet wins to 29. Thomas drew with State Champion Mico at Millerville for the entire half of his record. Morgan has had six pins and three decisions for a total of 39 points, two shy of the record 41 scored by Ward last year. Should the sturdy 125-pounder win tomorrow night, he will break that record which was set eleven years ago. Morgan has competed ten times. Keith Williams has met six top men, winning four, losing two. As for Keith, his last dual meet was against Fairleigh-Dickinson where he scored 13 points.

BOWLING SCHEDULE

Games start at 7:30 p.m. at the J.C.C. lanes. Bowlers are requested to be prompt.

Allies 1 and 2

Pinbusters vs. Rose Tattos
Allies 3 and 4

Bombers vs. Kejlers
Allies 5 and 6

Teetotalers vs. Loosers

Three-Way Sports Action Tomorrow

GRAPPLERS READY TO DEFEND TITLE

Swim Meet at 2 P.M.

Wrestling-Basketball Twin Bill Starts at 7
by Dick Myers, Sports Editor

Tomorrow's big day of sports begins at the Wilkes-Barre YMCA pool when the Colonels seek their first win in their season's finale against the Lycoming Warriors. The starting time for the meet is 2:00 P.M., there is no admission charge. At 7:00 P.M., the wrestling squad will close out its season against the Fairleigh-Dickinson team from Rutherford, N.J. To top the day's program of first-rate tilts in sports, the cougers will conclude their home season against Philadelphia Textile after the wrestling mat is cleared off the court.

Swimmers Hopeful

Clete Miller and his game band of mermen will attempt to improve their fine showing of two weeks ago when they lost a close decision to Lycoming, 47-38. The score going into the final event of that meeting was 40-38. The final relay is worth seven points and the weary Colonels, who had each swim in two previous events, were not able to grab the win. They have high hopes of showing the Warriors a tougher battle tomorrow.

Last Saturday's scheduled meet with Scranton was won by Wilkes on a forfeit when the Royals failed to produce enough manpower to compete.

Cagers Enjoying Top Season

Coach Eddie Davis has brought his boys into the home stretch of the 1957-58 season with one of the finest records ever held by a Colonel squad. To date, they have won twelve while losing only four, and in the Middle Atlantic Conference race, hold an 8-2 record to tie Scranton for first place.

Last Saturday's snow-hampered victory at Rutgers equaled the school record for longest winning streak at six, and the margin of victory shows that they have indeed overcome the pesky "road jinx" that had plagued them all season.

Tomorrow night they face a tough team from Philadelphia who took a big win from King's in Philadelphia and lost a close decision to the Monarchs on the locals' court. A win over Textile will help the Colonels regain some of the prestige they lost in the disastrous drubbing suffered in Scranton.

Swimmers Hope to Repeat

The grapplers will be out to avenge their heartbreaking 15-14 loss at Millersville when they host Fairleigh-Dickinson at 7:00. The bout will be a warmup for their big effort next week when they seek to repeat as MASCAC wrestling kings.

**Ham Operator Makes Contact**

by Bill Zdanecwicz

"CQ, CQ, this is KGAPA, this is KGAPA, this is KGAPA,"" Then, after many attempts, CQ, KGAPA, this is KGAPA."" Contact was finally made, proving everything was working fine.

The above paragraphs pertain to the first HAM radio contact made by Ken Evans, a sophomore at Wilkes. To Ken, contact meant the culmination of many months of preparation and anticipation. Ken's interest in being a HAM operator extends into the past, but it was during last summer that his knowledge of its mechanics had reached the point of applying for a license. Ken passed the test and received his license from the Federal Communications Commission.

Within a short time, he began to receive the equipment necessary to set up a portable station in the attic of Gore Hall. During the months that followed, Ken assembled the equipment with the aid of his roommate, Larry Pugh, who designed and built an automatic switching device which allowed for better clarity and control with his contacts.

Then the big day arrived. It was on February 13, at 2:35 p.m., that Ken made his first HAM contact. After repeatedly calling Ken heard the following: "CQ, KGAPA, this is KGAPA, standing by." This meant that contact was made. After following set procedures, it was acknowledged that Ken had made a HAM station at Wilkes-Barre. This contact to Ken meant that all his long hours of work had resulted in success. Everything was working fine.

Satisfied with the workings of his equipment, Ken proceeded to make other contacts. His Big CQ contact came February 13, at 1:25 p.m., when he heard a girl HAM operator (named Margaret), who lives in Mt. Vernon, above New York City; call letters W3WYE. Ken and his roommate, Larry Pugh, made a great effort to help Margaret make a contact with W2RPJ, but that one will remain his Big One.

A former local resident of West Pittston, Ken lives with his parents in New York. He is a sophomore at Wilkes majoring in Electrical Engineering. Ken mentioned that his hobby as a HAM operator is of great help to him in his area of education and his career— that of electronics.

Ken's roommate in Gore, Larry Pugh of Houlton Creek, has been of great help to him with his work, helping with the making of blueprints and the building of the equipment. It was Larry and Ken who worked in a small room in the basement of Gore Hall, also where the equipment is stored.

While this reporter interviewed Ken on Tuesday, February 18, Ken made a contact with William King, who lives in Kingston, call letters W3WYE. Ken and Norman discussed the mechanics of their equipment and eventually, they talked about the standby topic of the weather.

Ken's plans now include the arranging of radio contact with a relative of Larry's, who lives in Denver, Colorado. When he is able to make contact sometime in March, we wish Ken the best of luck in his hobby and should you make contact with the Moon, Ken, let the Beacon have the secret. Till then, this is the Beacon standing by.

---

**LITTLE MAN ON CAMPUS**

by Dick Bibler

**CONSOLIDATED CIGAR TO USE WILKES RESEARCH FACILITIES**

The biology department is planning to initiate its first industrial research project in cooperation with the Consolidated Cigar Corporation.

Most of the research work will be conducted in Stark Science Hall. The new facilities can be used extensively as a supplement to its research work currently conducted in its Connecticut laboratory.

Faculty members and Consolidated representatives who are now planning the preliminary schedule are Dr. Eugene Parley, Dr. Charles Keil, Dr. Sheldon Cohen, Dr. Franklin Melnick, Abraham Berman and Dr. Elmer Peterson.

The research project is an extension of the college's policy of cooperation with local industries. An earlier project along these lines was conducted in the management training program under the auspices of Dr. Samuel Rosenberg, head of the commerce and finance department.

In addition to Consolidated Cigar Company, other companies which have previously utilized the college's services are: Kingston Cake Company, Hess-Goldsmith, Delaware and Hudson Railroads, Pioneer Manufacturing Company, Nelson Brothers, Kingston; and Vulcan Iron Works.

For m's participating in these projects find them extremely valuable, especially since they foster the advancement of local personnel.

Dr. Parley cited the college's projected research program as evidence of the interdependence of America's industries and higher education.

"You're the first girl I've ever kissed", he said, as he shifted gears with his knees.
