Jazz Concert Replaces "Spectacle" Tonight; "Continentals to Play"

This evening the Senior class will present much the same in the way of a Friday night's entertainment. The source of much fun and frolic in Bobby Baird and his Continentals. Dancing will be held from 9 to 12 in the gym as usual, but there comes the change. Baird and his group will present a half-hour jazz show featuring a cool cool cornet familiar to those who frequent a well-known West Side bistro.

General chairman of the dance is Myron Busek. Assisting him are Charles Garis, tickets; Robert Pit, music; Rosalind Trzeskowskis, refreshments; Michael Goblick, publicity. Chaperoning this dance for the Seniors are Edward Halsted and Arthur Hoover.

The original plans made for this evening included a Senior Spectacle. This hour-long show filled with comedy sketches had to be cancelled because of a lack of key personnel. At this time of year, many out-of-town commitments come up, especially among Seniors in regard to graduation commitments. The Senior class has kept its promise, however, to have something more than the usual Friday night dance.

26 DONATED BLOOD IN FRIDAY CAMPAIGN

by Robert Bearley

Blood Donor Day was held last week at the Red Cross Blood Center, 106 South Franklin Street. The results for the day were 35 persons accepted as donors and two persons rejected. Donations were accepted from 10 a.m. to 2 p.m. Several persons arrived late to donate and were asked to come back at a later date. For this reason the campaign was extended until today to make a full week.

The campaign has been held annually in the spring since 1951. Here is the list of the number of donations for the years 1951 through 1958:

Thanks, but Not Good-bye

Five and a half years ago Wilkes was honored by having Miss G. M. Doone as its student body president. Original plans called for Mrs. Doone to stay for only three months, to finish out the semester. Through the urging of Dr. Francis, the student body president, she has remained with us for a much longer and gratifying stay.

The Dean of Women's office at Wilkes has been different from any other department of the college. In many other institutions of higher learning, to be called "to the Dean's office" usually means only one thing,—trouble. Here at Wilkes, a call from Mrs. Doone or a visit to the office usually means a pleasant experience. Mrs. Doone has been nothing but courteous and helpful to all students who sought her aid with their personal or academic problems. Many times she has been called upon to answer questions on any subject from where to buy cokes for a dance to the scholastic average calculation.

Men and women students have always felt free to just drop in to see and chat with Mrs. Doone emphasizing her amiable disposition and willingness to serve others.

The Delta Rho has also gained much by having Mrs. Doone as their advisor over the years. She has been the guiding force behind the growth and spirit of that organization, helping in many ways to solve the problems common to most organizations.

The Inter-Dormitory Council has recently honored the retiring Dean by naming the Outstanding Female Dormitory Student award after her. Since Mrs. Doone has been an outstanding Dean, it is fitting to give an award named in her honor to the students of the dormitories.

Her services have not been limited to the Wilkes campus. She has been a prominent figure in service organizations throughout the Wilkes region. She has devoted much time to many child welfare committees and charity projects. Her life has been dedicated to the betterment of young people.

We hope that her retirement will be in word only, and that she will continue in her work with young people because we firmly believe that she has done much to make Wilkes a friendly community.

Her ability to remember the name of each and every student has never ceased to amaze us, and we have the feeling that she will never forget the students of Wilkes, just as those students will never forget her.

We are sure that the students join us in thanking Mrs. Doone for a job more than well done—wishing her and Dr. Doone all the happiness that they deserve.

**ARCHIMEDES makes another great discovery...**

**It's what's up front that counts**

You can reproduce the experiment. It's easy as $\pi$. (Yes, you can do it in the bathtub.) Assuming that you have first visited your friendly tobacco-conist, simply light your first Winston and smoke it. Reasoning backwards, the discovery proceeds as follows: first, you will notice a delightful flavor, in the class of fresh coffee or of bread baking. Obviously, such flavor cannot come from the filter. Therefore, it's what's up front that counts: Winston's Filter-Blend. The tobaccos are selected for flavor and mildness, then specially processed for filter smoking. This extra step is the real difference between Winston and all other filter cigarettes. Besides, it's why Winston is America's best-selling filter cigarette.

"Eureka! Winston tastes good... like a cigarette should!"

**TELEPHONE BUGGIES**

By MORGAN R. DAVIS, Sports Editor

The next issue of the Beacon will carry the results of the balloting that selects the "Benson Athlete of the Year." For the past seven years the Staff of the Beacon has polled the coaches of the various intercollegiate teams, the Director of Athletics, Director of Sports Publicity, and Benson Sports staff, to find the athlete most deserving of that select title.

Last year's winner of the award was Ronnie Bestwick who is presently teaching and coaching in a high school on Long Island. The year before saw an undefeated season for Jim Ward on the wrestling mats and he walked away with the year's honors.

The athletes eligible for the award qualify by being picked "Athlete of the Week" sometime during the school year under consideration. No other qualifications are necessary. He does not have to be a Senior nor to have lettered in more than one sport during the year.

This year the balloting should see several men in real contention for the title with possibly a single vote or two deciding the issue between the approximately 18 eligible men.

**RECRUITS GRAB N.L. FLAG; MEET BLIVETS IN PLAYOFFS**

by Carl Beer

Last Tuesday Ray's Recruits capped the championship of the National League by trouncing the Phillies, 4-0. The champs finished the regular league schedule with an unblemished 40-0 record.

The college championship will be decided by a three-game playoff between the Recruits and the Blivets, American League champs.

The Recruits started off with a bang, scoring all four runs in the first inning. Paul Klein, leadoff man, drove the first pitch into centerfield for a single. The next man, Beni Radecki, received a free pass. Ray Yancey then reached first on an error with Klein scoring.

Carl Kemmerer followed with a single, driving in the second run. The two baserunners were advanced by Fred Williams as he flew out to center, and then scored as Ken Selody doubled down the right-field line.

Danny Lewis cut off a rally in the fourth when he grabbed a Larry Williams ground ball, stepped on second forcing out Jake Tenshaw who had walked, and tossing to first baseman Selody for the out on Williams despite being taken out of the play very effectively by Tenshaw.

Clem Gavinas received his second shutout of the season and his fourth straight victory without a loss. His pitching was near-perfect as he walked only two batters and struck out four. Many of the Phills strained their eyes looking into the strong sun at their pop flies.
