## S. G. Accepts Court of Review Reversal

### Science Show Opens Tonight; Various Exhibits Fill Stark Hall

by Patsy Rossi

The Einsteins, Harveys, and Newtons of the future will be displaying their talents tonight and tomorrow at the Science Show which will be held in Stark Hall. Everyone is invited to attend and to witness their outstanding scientific achievements. This evening the show will begin at 8:00, and tomorrow there will be two shows: one in the morning beginning at 9:30, and the other in the afternoon beginning at 1:30. The Science Departments have also invited all of the students of the Wyoming Valley high schools to attend.

These annual science shows have been sponsored for over ten years by the Science Departments of Wilkes. They have been very well received by the public. The experiments cover all the phases of chemistry, physics, and biology, and they are very informative and interesting.

#### Preview

Each show will begin with a one-hour display on Physics and Chemistry in Room 116. There will be lectures and demonstrations which will serve as a sort of preview of the various experiments and displays which can be seen on the different floors. Some of the things to be demonstrated here will be different types of clock reactions and color changes. There will also be a liquid ammonia fountain.

Then the audience will be divided into three groups — those people most interested in physics and engineering will visit the laboratories on the first floor; those people most interested in chemistry will visit the chemistry laboratories on the second floor; and those most interested in biology will be sent to visit the biology laboratories on the third floor. There will be experiments and displays in each one of the laboratories. Students will be on hand to explain the experiments and answer all questions.

To aid in finding the right rooms and floors, guides will be placed strategically throughout the building. Maps will also be available to show just what everything is and where it is all located.

As mentioned above, the first floor of Stark will house the various phases of physics, civil engineering, and drawing. There will be projects in each one of these phases of physics.

#### Chemistry

On the second floor will be chemistry projects. The experiments are divided into four different labs: 1) Qualitative Analysis Lab — here the freshmen chemistry students will be doing ordinary group qualitative tests; these tests will represent the regular work being done throughout the past semester. They will be making color tests on cations and anions. The various processes will be visually outlined on large diagrams.

2) Quantitative Analysis Lab — will include volumetric and gravimetric analyses. Included in these analyses are some electrolytic methods, the depositing of metals with the aid of electric current, and chromatography, the separation of the different colored elements on paper. One point of interest will be a weight race between three different types of analytical balances.

3) Physical Chemistry Lab — various types of physical-chemical experiments. Instruments will be displayed which determine the physical properties of chemical substances. There will be demon-

### Collegians to Perform In Two N.Y. High Schools

by Jim Jackiewicz

The Collegians left by bus this morning at 8 for Oxford and Gilford, New York, where they will present concerts for the students of the senior high schools of those two cities. This tour, one of the most distant undertaken by the chorus, was arranged by Carroll Davenport, former member of the Collegians and presently an instructor at Gilford.

The chorus will present a morning assembly concert, similar to the one they gave here on April 15, at Oxford. The Oxford faculty will entertain them there at lunch, then the chorus will continue to Gilford via bus for an afternoon performance.

The purpose of the trip, besides the furtherance of public relations for Wilkes, is to promote interest in the high schools for choral singing.

In addition to their travelling adventures, the Collegians have begun planning the cutting of a long-play recording of their music for campus sale before the end of the semester. A committee is presently investigating copyright technicalities, recording costs, and record-pressing facilities.

Bob Eike, librarian-historian for the chorus, is chairman of the committee. Harry Owens, secretary; Ray Nutaitis, and Don Jones are the other members of the committee. Eike is the successor to Bill Peters as director of next year's edition of the male singing group.

stration of an ammonia fountain and a dust explosion.

4) Organic Chemistry Lab — distillation apparatus will be set up and explained. Quite a few ball and stick models of organic compounds will be on display.

#### Biology

On the third floor will be the biology projects. Included in these will be dissections in the zoology department; projects in embryology will center around a chick embryo; microscopic slides will be shown in histology; breeding techniques of the fruit flies will be exhibited in genetics; there will be some projects in bacteriology; and some projects showing muscle reflexes.

#### Anatomy

A take-apart model of a human will be used to demonstrate the major organs of the body. An actual skeleton will be used for a lecture on bones. Three-dimensional color slides of the heart, from the Stanford University Medical School, will be shown and explained.

### CCUN Delegates Attend Albany Assembly; Represent India

A delegation from the C.C.U.N. will represent the nation of India in the Mid-Atlantic Model General Assembly to be held at Albany State Teachers College April 8, 9, and 10.

Don Murray will preside over all plenary sessions of the Assembly. Head of the college delegation is Evelyn Godleski.

As the representative of India, Wilkes must defend the point of view that Kashmir is an integral part of the Union of India. India maintains that Pakistan must vindicate the aggression committed in Kashmir before a solution to the dispute can be attained.

Since the major portion of the work of the Assembly will be done in committee meetings, India's problem will be brought before the Special Political Committee considering the Kashmir situation.

Representing Wilkes on the various committees will be the following students: Political Committee considering the question of disarmament, George Watson; Special Political Committee considering the Kashmir situation, Al Luster; Economic Committee considering the problems centering around the U.N. Technical Assistance Program, Vince Capo; Social and Humanitarian Committee considering the problem of world refugees, Owen Frances; Trusteeship Committee considering the independence of non-self-governing territories, Gary De Hope; Legal Committee considering increasing the membership of the Security Council and strengthening the International Court of Justice, Bianca Moscatto.

Alternate delegate to the Assembly is Marie Realmuto.

### Mailey Guest Speaker At Ed. Club Meeting

by Wayne Thomas

Dr. Hugo V. Mailey, chairman of the Political Science Department, will be guest speaker at the meeting of the Education Club on Thursday morning at eleven in Conyngham Annex 101. Dr. Mailey will speak on Politics and Education in Wyoming Valley. This is a topic which has attracted a considerable amount of attention in this region in recent years and is of special interest to prospective teachers.

Dr. Mailey will call upon many years of experience in the field of politics as well as in the field of education. He is a graduate of West Chester State Teachers College and Pennsylvania State University.

The meeting will be open to the public and anyone interested is cordially invited to attend.

#### "BEACON" NOTICE

Because of the Easter holidays, the BEACON will not publish on April 15th or 22nd. All organizations are reminded to plan any publicity campaigns with this in mind in order to assure that planned affairs get proper coverage in next week's BEACON.

### I.C.G. Appeal Upheld Unanimously; Tuesday's Meeting of Government Okays Funds for Harrisburg Trip

The decision of the Court of Review in the case of the Intercollegiate Council on Government reversed action of Student Government in denying that organization use of money in the Intercollegiate Conference fund. The unanimous decision of the Court admitted that the I.C.G. erred in failing to comply with established policy for the conduct of social affairs, but that Student Government acted out of its sphere in denying I.C.G. funds.

### Debaters Go to CCNY After Misericordia Tourney Success

by John Nork

This weekend, the Wilkes Debating Society travels to New York to participate in a varsity tournament at CCNY after a rather successful weekend at the Misericordia Novice Tournament.

A last-minute emergency making it impossible to obtain a fourth member, forced the debaters to enter a three-man team in the event. Despite the obvious handicap, Jerry Krasa, upholding the affirmative side of the question, "Resolved: That Congress should be given the power to overrule decisions of the Supreme Court," performed a surprising feat. Filling both positions of a usual two-man team, Jerome handed King's College team A, the team which compiled the best record of the tournament, its sole loss. Later in the day, he dropped close decisions to Temple and Marywood.

The negative team, comprised of Brent O'Connell and Frank Rioski, compiled the highest point total of the participating teams. They defeated Penn State Women's team and Lehigh, while dropping a decision to CCNY.

The handicapped debaters returned satisfied, gaining the second highest overall team point total. In addition, Frank Rioski was honored by being named the fourth best negative speaker in the event.

#### ATTENTION JUNE GRADS!

A list of students who will graduate in June and who have checked out with Mr. Whitby has been posted on the bulletin board at Chase Hall. All graduates should check this list immediately!

If your name is not listed and you expect to graduate, see Mr. Whitby at once. The name on your diploma will be as it is listed. If you desire a change in the way your name is listed, see Miss Bishop immediately.

The diplomas will be ordered on April 6, so prompt action is necessary.

#### TDR Plans Fashion Show

Beverly Ann Butler, president of Theta Delta Rho, has announced an important meeting of the sorority for next Monday. The meeting will begin promptly at 7:45 p.m.

Topics for discussion will include the fashion show for May 4, the all-college party on May 13, and the senior banquet. Entertainment following the meeting will include a demonstration of hair fashions. Refreshments will be served.

All members are urged to attend the meeting and to be prompt.

Acting in harmony with the decision of the Court, Student Government on Tuesday received a delegation from I.C.G. at its regular meeting. The delegation requested, and was granted, money to send eight members to the State convention in Harrisburg. The amount awarded was \$80.

#### Other Business

In other action, the Government discussed the "Cinderella Ball" which will be held during Spring Weekend, April 13-15. Cost of the affair is \$2.00 per couple. A bill will be paid for the damages incurred during the Winter Carnival at P.M.I.

An announcement was also made that student activities calendars are available at the Student Government office, Harding Hall, and with Dean Ralston's secretary. Organizations should check these schedules before planning any event.

At the meeting, activities forms were submitted and accepted by the Student Government. The affairs which will be scheduled on the activities calendar are: a free dance sponsored by the band on Friday, April 1; the Senior class Friday night sport dance on April 8; Cue 'n' Curtain's "Night of Theater" at Chase Theater, April 5, 6, and 7; the Lettermen's Club initiation, an off-campus affair, on April 2; a Manuscript film, which will be shown immediately before the Senior Class dance; and a TDR punch party during Spring Weekend.

#### Fund Request Refused

CCUN was denied an appropriation from the contingency fund due to their previous withdrawal of this year's allotment to their organization.

Plans are being discussed for an article concerning Student Government's activities on campus to appear in the Sunday Independent. At the next meeting further arrangements concerning the gold and silver keys presented to Student Government members and officers will be made. At that time all previous absences at meetings will be discussed, and members will vote upon the inflicting of penalties for failure to attend past meetings.

### "The Senior Finale" Is Pre-Vacation Dance

by Steve Cooney

Members of the Senior class are making final preparations for the last sport dance of their college career. The dance will be held next Friday evening in the gym and will be aptly titled: The Senior Finale.

Co-chairmen for the affair will be Jane Neddoff and Carl Havira. Other chairmen are Pat Krull, band and chaperones; Cathy Brominski, refreshments; Frank Polonowski, program and decorations; Steve Cooney, publicity; Allyn Jones, tickets and door.

This will be the last sport dance at the college before the Easter vacation, and the seniors are looking forward to a large attendance.

## EDITORIALS —

**Excessive "Decoration"**

The recent rash of home-grown advertising via painted paper signs on the front of dormitories presents a problem of sorts. Now that the reasons for this advertising are past, it might be well to consider the question from a viewpoint of taste. Are these outward displays all that we can offer to the citizens of the Valley as evidence of our purpose in attending college?

We on campus know why these signs were made and even appreciate the work involved in composing and displaying them, but we would also do well to consider the effect of such display before future repetition.

Local people know little of the inner workings of a college. They judge generally by what they see on the surface. When Homecoming time comes around, they look forward to the interesting campus-wide decorations as a welcome break in the monotony of sober building fronts. Homecoming decorations are part and parcel of every college's Fall social calendar, but there is always a danger that too frequent a display, especially one not up to par with elaborate Homecoming displays, can be excessive — even in poor taste.

We feel that the recent brown paper artwork and window decorations did serve some purpose, but that they were unnecessary and overdone. Sufficient outlets for publicity are available on campus; disfiguration of buildings is an excess. Besides, the affairs thus advertised were strictly sponsored by the dorms themselves. Other affairs on campus do not get such coverage — and definitely should not. Let's see to it that the ivy-covered walls henceforth remain just that. Nature's decorations are far better and more enjoyable to the public eye. Let's not destroy the traditional college symbol for the sake of affairs which are already adequately advertised and usually well attended. Breaks with tradition are laudable in some cases, but not at the expense of creating an eyesore.

**Student Govt. Caught Off Guard**

We were delighted to read the decision of the Court of Review in the Student Government-I.C.G. controversy. A well-written document, it succinctly reaches the core of the matter and manages to point up a weakness in the Constitution.

The Government, says the Court, was not fully acquainted with its powers and duties in regard to the policies under fire and that a loophole for organizations does exist. In effect, the I.C.G. was able to avoid compliance with established policy and escape with only a slap on the wrist. The Government emerges from this case no weaker than before, but unquestionably wiser. The fault was not Student Government's in failing to penalize effectively; the fault was in the policy governing the situation.

It is regrettable that Student Government, probably one of the most reasonable and moderate in the memory of any student here, had to be put in the position of acting from a position of weakness — of having to punish when no punishment was possible. This only proves one thing, however. Student Government must give searching study to its policies and its powers under the Constitution. We feel that its action against the violator was taken from a point of view narrowed by too frequent compliances.

The Government was lulled into a false sense of security by the smooth-running of accurately observed policies and failed to anticipate carefully enough any possible violations. When the violation occurred, Student Government acted too late and from inside its narrowed perspective. This reminds one of the old adage that when things go too smoothly, look for trouble.

**Invitation to Learning**

The Columbia Broadcasting System, in another series of public information programs, will present **Invitation to Learning** in cooperation with the Carnegie Endowment for International Peace.

The series will cover thirteen books for discussion, spanning 2,000 years of man's attitudes towards war and peace. Beginning this Sunday, April 4, the series will be aired over WCBS, New York, from 10-10:30 p.m. with a discussion of Norman Angell's "The Great Illusion." Subsequent programs will consider books by Aristophanes, von Clausewitz, William James, Tolstoy, William Penn, Jean Giraudoux, John Quincy Adams, Orwell, Remarque, Machiavelli, G. B. Shaw, and Woodrow Wilson.

Local CBS outlet, WGBI in Scranton, will tape this series for rebroadcast at 10:05 a.m. on the following Sundays.

Discussions will be made available in printed forms which listeners will be able to obtain. Details of this will be announced during the series.

Chairmen and moderators of the discussion are: Dr. George Crothers, producer of the series; Eric Larabee, Executive Editor of **American Heritage**; Ralph Backlund, assistant Editor of **Horizon**; and Dr. Charles Frankel, professor of Philosophy at Columbia University. The Carnegie Endowment is inviting a number of prominent people to participate in the discussions.

The series is being presented in recognition of the Endowment's 50th anniversary year.

**WHAT... WHERE... WHEN...**

- Bible Study Group, Bookstore Lounge, Today, Noon.
- UMOC Dance, Gymnasium, Tonight, 9-12.
- Science Show, Stark Hall, Today and Saturday.
- Baseball, Moravian at Wilkes, Artillery Park, Saturday.
- Baseball, Wilkes at Muhlenberg, Monday.
- Assembly featuring the Band, Gymnasium, Tuesday, 11 a.m.
- School Spirit Committee, Bookstore, second floor, Tuesday, 6:30 p.m.
- Education Club, Conyngham Annex 101, Thursday, 11 a.m.
- English Country Dancing, Cies. Hall 101A, Thursday, 8 p.m.

**Next Assembly Features Band in Concert Program**

by Ralph Price

The Wilkes Band will present its annual assembly program next Tuesday. Under the direction of Mr. Weed, the band will perform an unusually difficult program. The selections which the band will play would not even be attempted by many bands from schools larger than Wilkes.

Among the pieces to be played are *Celebration Overture* and *Suite of American Dances*. The latter was composed by Robert Russel Bennett, whose accomplishments include the orchestration of *South Pacific*, among others. Another fine work on Tuesday's program is *Procession of the Nobles* by Rimsky-Korsakoff. Also on the list for the concert is *Fanfare and Allegro*. Clifton Williams, the composer of this work, has won the Oswald Competition Award for 1956, 1957, and 1958. Mr. Williams went to school with the Wilkes director, Mr. Weed.

In the future, the Wilkes Band plans a Town and Gown Series concert on April 1, in the Wilkes gym. This will be a Sunday afternoon concert.

**Bohning to Read Paper At National Meeting**

Mr. James Bohning, member of the College chemistry faculty, will present a paper to the American Chemical Society next month. The paper, entitled *Kinetics of the Oxidation of 3-Mercaptopropionic Acid with Potassium Ferricyanide*, is the result of two years research at New York University.

While at NYU, Mr. Bohning was aided in his research by Karl Weiss, assistant professor of chemistry at NYU, who is co-author of the paper. The report has also been accepted for publication by the *Journal of the American Chemical Society*.

The national meeting of the Society will be held on April 14 in Cleveland, Ohio.

Mr. Bohning received his B.S. degree from Valparaiso University, Indiana, and his M.S. from NYU, where he also worked part-time as teacher and research assistant. Following his graduation, he worked for the U. S. Department of Oceanography in New York.

**Antinnes, Radecki Chosen Co-Chairmen of "Showers"**

by Jay Olexy

Marv Antinnes and Bernie Radecki have been named co-chairmen for the Lettermen's Club annual April Showers Ball. The semi-formal affair, one of the highlights of the Spring social season on campus, will be held Friday, April 22 at the gym.

Music for dancing until midnight will be provided by Herbie Green's orchestra. Tickets will be \$3 per couple and can be purchased from any Letterman.

Assisting Antinnes and Radecki with the preparations are: Rick Rees and Ira Himmel, decorations; Pat Shovlin, refreshments; Carl Havira, program; Ralph Hendershot, tickets; Paul Bleifer, chaperones; George Gacha, music; Paul Aquilino, publicity.

"A super-market is a place where you can find anything you want except the kids when you're ready to leave." —F. G. Kernan

"Small business—one that never has been investigated by a Congressional Committee." —D. Kidney

Eastport, Maine, is the eastern-most city in the United States.

The first locomotive headlights were bonfires built on rolling platforms and pushed ahead of the engines.

**PATRONIZE  
OUR ADVERTISERS**

**There Is An Answer**

by Michael Bianco and Gordon Roberts

Communist aid to Cuba, Indonesia, and Egypt has caused concern in Western government circles. The main reason for this concern stems from the fact that these countries were relatively neutral in world affairs prior to the deals with the Reds. By and large these countries leaned neither to the West nor to the East. After the Communist economic pacts were signed, significant leaning toward the Communist Party line was evident. Cuba is the most obviously infiltrated government whereas Egypt is the least disturbed on the surface.

Economic aid or subversion, as the case may be, is the main ideological strategy of the Communist today. When aid will allow Communist influence to permeate a country, then aid will be used as a strategic inroad in the government. When economic subversion is advantageous the Communist will use it to advance his ideology.

Last summer Tom Keeps, ex-British Communist union leader, told the authors about his role as a member of the party in the union. Between the years 1947-52, the Communist dock workers, led by Keeps, staged a series of strikes to cripple the London docks and the British economy. Keeps was awarded the Lenin Medal by the Party for his work, particularly the 1947 strike which cost the British economy considerable money. The Red strategy here was to nullify Marshall Plan aid.

Fortunately the Communist strategy was broken later when Keeps, who had been a loyal Communist for 25 years, broke with the Party because of his commitment to Moral Re-Armament.

A similar plan for South America evolved from the Communist Party of South America. The plot was to control the docks of Brazil through dock unions headed by Red agents. Before the plan gained impetus, leaders of the dockworkers were given ideological clarity by men like Tom Keeps, who had given his life to fighting domination by Communists and capitalism alike and was effective in his meetings with the Brazilian dockers.

The Russian government cornered ten per cent of the total trade with a Scandinavian country last year and then demanded a seat on that government's cabinet for a Red agent. The Scandinavian country refused to do this and the Russians cut off all trade. As a result, the small country was in financial difficulty. By using trade the Communists tried to infiltrate this government. Great Britain aided the strategy by making trade agreements with the Russians instead of the Scandinavian country. In spite of the problem of a fellow NATO member, England signed trade agreements because they received a lower price by a few cents!

Communist strategy is to subvert the economy of the Western countries and to gain ideological advances with the neutral countries. Cuba, Indonesia and Egypt have all received aid from Russia during the past year; all of these countries have taken steps closer to the ed line. Cuba is collectivizing, Indonesia excluded all anti-Communists from the cabinet and Egypt has allowed a number of Russian "technicians" to enter the country — all this after economic aid from Russia.

You do not have to accept our idea that the Communist strategy is to subvert the countries of the West with an ideology based on economic principles. Heed the words of Nicolai Lenin: "When the capitalist countries of the West begin trading and accepting aid from the Communist bloc, they will sign their death warrant."

**LITTLE MAN ON CAMPUS**

by Dick Bibler

"YA, KNOW - IT WORRIES ME WHAT SOME OF THESE CRAZY KIDS WILL DO FOR A GRADE."

# Home Opener With Moravian Cancelled

## Gutterdusters Take Second Half; Will Meet Pinbusters April 10 For Intramural Bowling Title

by John Nork

The Gutterdusters clinched the championship of the second half Sunday night as they took their third straight shutout, defeating the Pinbusters, 4-0. These same two teams will meet in a playoff series on April 10, to decide the championship of the league.

The Smashers went into a second place tie with the Blitzkriegs by defeating the last place Flatballs, 3-1. In the other contest, the Blitzkriegs shared four points with their opponents, the Kingpins.

Dan Lewis 204-594 and Bernie Shupp were the big factors in the Gutterdusters sweep of the Pinbusters. The total pin fall of the winning Gutterdusters was 222 pins better than that of the Pinbusters. Dave Sokira and Emil Petrasek were the leading men of the Pinbusters with a 199-53 and 170-475, respectively.

Marshall Brooks rolled a 180-497 to help his Smashers cop three points from the Flatballs, John Sapiego helped with a 169-495. Tom "Dewey" Evans and John Matthey were top men for the losing Flatballs. Evans had a 180-465 while Matthey hit for a 170-458.

Adam Gajewski rolled a tremendous 212-556 but his efforts proved to no avail as his Kingpins shared two points with the Blitzkriegs. Tom Dyslewski came in a close second with a 195-512. Bob Hewitt missed a high series when he rolled 221-549. Bill Watkins aided by throwing a 172-484.

Gutterdusters — Lewis 214-594; Shupp 164-481; Lois Myers 162-463; John Rentschler 183 and 121; Dick Myers 158 and 139; Carl Borr 142

and 127.

Pinbusters — Sokira 199-538; Petrasek 170-475; Bob Barovich 163-460; Jim Bogden 169-401; Roger Cease 144-373.

Smashers — Brooks 180-538; Sapiego 169-495; Bernie Radecki 175-494; Mark Adelson 192 and 120; Andy Benoska 174 and 123; Bob Licato 138 and 109.

Flatballs — Evans 180-465; Matthey 170-458; Dick Barber 153-444; Carl Havira 170-405; Ann Legeti 139 and 100.

Kingpins — Gajewski 212-556; Dyslewski 195-512; Jerome Kulesa 173-458.

Blitzkriegs — Hewitt 221-549; Watkins 172-484; Dave Gozdiskowski 157-417; Jim Stephens 161-398.

### THE STANDINGS

	W	L	Pct.	GB
Gutterdusters	26	10	.722	
Blitzkriegs	19	17	.528	7
Smashers	19	17	.528	7
Pinbusters	18	18	.500	8
Kingpins	15	21	.417	11
Flatballs	11	25	.306	15

Below is the schedule for April 3, the last night of the season.

- Alleys 3 and 4
- Flatballs vs. Pinbusters
- Alleys 5 and 6
- Smashers vs. Kingpins
- Alleys 7 and 8
- Blitzkriegs vs. Gutterdusters

## Radecki Picked for Second Team of MAC; Gacha Also Cited

Bernie Radecki, senior co-captain of the basketball team and three-time winner of the Beacon Athlete of the Week award this year, has been named to the Middle Atlantic Conference All-Northern College second team for 1960.

George Gacha, who led the Colonels in scoring for the season with 389 points, received honorable mention on the All-Northern team.

The final selection of the squad was made through the balloting of Middle Atlantic Conference college basketball coaches, who overwhelmingly chose "Ducky" Potter of Moravian as outstanding player of the division.

Radecki, named outstanding player on the squad during last season's campaign, has also been named to the Eastern College Athletic Conference's All-East small college team for 1960. He scored over 1,000 points in his college career, 340 this season averaging 16.2 per game to place second in team scoring.

### INTRAMURAL SOFTBALL NOTICE

Athletic Director John Reese has announced that rosters for intramural softball teams should be turned in to him at the gym as soon as possible.

Also in regard to intramural softball, he has announced that a student director and umpires are needed. All those interested may apply at the gym. As an added incentive, it should be noted that umpires will be paid a fee of \$1.00 per game.

### SWIMMING STATISTICS

The statistics listed below give individual performance records of the various members of the swimming team for the past season, along with the record of the team.

Team captain Carl Havira was high scorer for the season with 67 points and went undefeated in individual competition throughout the campaign.

Looking forward, the future of the sport appears to be particularly good if interest is maintained in it. Havira and Showlin will be the only members lost to the team through graduation in June. The remainder of the squad is composed entirely of freshmen and sophomores, providing an experienced nucleus around which to build the teams for the next several years.

## Greyhounds 1959 MAC Champs; Gacha, Hendershot Lead Returnees

Local baseball fans will have to wait for better weather to get a preview of the coming season, as the BEACON received word late yesterday that the Moravian curtain-raiser was rained out. It was to be played at Artillery Park tomorrow at 2.

No information was available concerning a date for the rescheduling of this contest. No word has been received concerning the next game, a road contest at Muhlenberg. That game is slated for Monday at Allentown, 3:30 p.m.

Moravian posted a league mark of 11-4 to take the Northern Division of the Middle Atlantic Conference last season and were 13-5 on an overall basis.

Coach Harvey Gillespie starts the season looking for his 14th consecutive winning campaign as head mentor of the Greyhounds. In 21 years at Moravian his teams have posted a record of 208 victories, 92 defeats and three ties for a .693 percentage, one of the finest in eastern college annals.

Coach Gillespie will probably throw his leading pitcher from last year, Bill Hershey, against the Colonels. Hershey won 6 and lost 2 and batted .373 while playing centerfield in games he didn't pitch. Dick Cherney is another important returnee from last year. He led the team in hitting with .475 and in RBI's with 17.

Coach Pinkowski will attempt to get Wilkes off on the winning foot with veteran George Gacha on the mound. Gacha is the only seasoned and tried pitcher on the squad at this point and will be depended upon to carry the major bulk of the season's work.

Last year Wilkes dropped a 3-1 decision to the Greyhounds at Bethlehem.

Monday the baseball nine will open another season as they meet Muhlenberg at Allentown in the Mules' opening game.

The baseball outlook at Muhlenberg this spring is for a light-hitting team with good pitching. Coach Jim Kozlowski beginning his fourth year as head mentor, has 10 lettermen on his 27-man roster, three of them pitchers.

Righthander Don Nicol, workhorse of the Mule staff last year, figures to be the big man in this year's plans. Nicol posted a 2.94 earned run average, while batting .348 and playing errorless ball.

The Mules are weak in the hitting department and have only one .300 hitter back from last season. Third baseman Bob Pearsons batted .311 and also led the club in RBI's in the 1959 campaign.

Wilkes lost a 7-5 game to the Mules last year at Artillery Park.

## Radio Club to Conduct Demonstration in Cafeteria

by Doug Keating

A demonstration will be conducted by the Radio Club today in the cafeteria lounge. A one hundred watt transmitter will be featured, and with it club members should be able to contact such places as Florida, Wyoming, and Canada. Dormitory students will also be able to talk to their homes via radio and telephone.

This demonstration is an example of the services which the Radio Club plans to offer in the near future. The attic of Pickering Hall has been made available to the organization for the purpose of establishing a radio station. The club has requested radio equipment from the Army Supply Depot at Tobyhanna, but even if equipment cannot be obtained from this source, the college should have its own amateur radio station by next year.

When the station is established, the club plans to initiate a phone net with other colleges. By using this net students will be able to pass messages from here to other cities free of charge.

Members of the club who are licensed radio operators have volunteered their services to civil defense to help in the event of an emergency. Those who are not "hams" are preparing themselves to take the test for their novice licenses.

Students who are interested in radio are urged to join the club. A special invitation is offered to YL's (radio slang for young ladies). Meetings are held every Friday at noon on the second floor of Pickering Hall.

Two months ago the Radio Club did not exist. Now it is one of the most active groups on campus and a real asset to the college. The organization is a fine example of how much can be accomplished by initiative and interest.

## "Night of Theater" Next Presentation Of Cue 'n' Curtain

by Steve Cooney

The Cue 'n' Curtain production "Night of Theater" will be presented next Tuesday to Friday evenings in Chase Theater. All performances will be free to the public.

This is an experimental type project undertaken by the club after the warm reception accorded its "telescoped" scenes presented at a recent assembly.

The basic concept of the "Night of Theater" will be the same. Each scene on the program will be taken from a full length play, but it will include all the major ingredients of the plot and character development.

Only a limited amount of scenery will be used. Much will be left to the imagination of the audience, and the ability of the lighting crew and the actors.

Technical director for the program is Ray Litman. Stage manager, George Watson; lighting director, John Tiedick; and director, Mr. Alfred Groh.

### Playbill

Our Town by Thornton Wilder, with Stewart Swett, Joel Harrison, and Eleanor Nielson; Liliom by Ferenc Molnar, starring Merrit Wheeler, Nancy Carroll, Rosemarie Hug, and Sandy Ungar; Winterset by Maxwell Anderson, with Steve Robertson, Virginia Lyons, and Joe Shambe.

Hedda Gabler by Henrik Ibsen will feature Bernadine Zapotoski, Robert S. Evans, and Romelle Gomba; Steve Cooney and Sue Vaughn will play in Thomas Middleton's The Changeling; and Mary Frances Swigert will perform as St. Joan in George B. Shaw's St. Joan.

Each performance will begin at 8:15 p.m. All students, faculty members, members of the maintenance staff, and interested members of the community are invited to attend free of charge. Dorm students are assured that they will make their week-night curfew.

"The only way women could have equal rights nowadays would be to surrender some." — Burton Hills.

## Band Sponsors U.M.O.C. Dance; Ugliest Man on Campus To Be Awarded Trophy

### French Language Film With Brigitte Bardot To Play Wed., Thurs.

The Language department will present a showing of "Please! Mr. Balzac" Wednesday and Thursday in Stark Hall, room 116. The French film stars Brigitte Bardot and the dialogue is in French with English subtitles.

There will be two showings on Wednesday, from 4-6 p.m. and from 7:30-9:30 p.m. Thursday's showing will be from 11 a.m. to 1 p.m.

This film originally appeared as a stage production entitled "Mademoiselle Strip-tease" and the film to be shown here was the one which started Mlle. Bardot on her way to fabulous stardom.

Young author of a scandalous novel, Agnes, played by "B.B.," goes to Paris, becomes involved with a young newspaperman (Daniel Galin), sells a rare book stolen from the Balzac Museum, and enters a striptease contest to win money to buy back the Balzac. As "Mlle. Strip-tease," la Bardot shows for the first time the sexy petulance which is now her trademark.

Time magazine said of her performance, "...she is a fetching little hussy, and the language she speaks can be understood without subtitles."

### Bowlers Lose Match To Scranton J.C.C.

The bowling team dropped its third straight game Sunday at Scranton's Cedar Lanes, bowing to the Scranton Jewish Community Center "Collegians," 2673-2522.

The Scrantonians were led by Al Weinstein's 605 series on games of 212, 190, and 203. Sam Book added 194-537, and Aaron Arnowitz 216-571 for the host team.

Jerry Chisarick led Wilkes to a fast 928-818 opening win when he hit a 224. Dick Myers added 190 and Wilkes entered the second game with 110 pins lead. Arnowitz and Weinstein pushed the JCC five in that second game to an 883-801 decision. Fred Jacoby, 203, and Dave Sokira with 195 were high for the Colonels in the second game.

Wilkes ran out of gas completely in the third game as the Scranton team hit a resounding 972 series to erase the Wilkes 28 pin lead and to win handily.

### Free Admission Tonight; Band Members Provide Dance Music from 9-12

by Wayne Thomas

UMOC is here! UMOC is the unusual title applied to tonight's dance which is being sponsored by the college band. The title letters symbolize the Ugliest Man on Campus who will be chosen during intermission at tonight's affair. All men on campus are invited to come arrayed in the homeliest costume imaginable and participate in the contest. The man chosen as the ugliest will be awarded a trophy.

There will be no charge for admission and favors will be given to all in attendance. The orchestra will be composed of members of the band and will provide music for dancing from nine until twelve. Refreshments will be available and a large crowd is expected.

General chairman of the dance is Jack Evans. He will be assisted by the following committee heads: band, Ray Nutaitis and Don Jones; refreshments, Sylvia Natt and Edward Yadzinski; decorations, Robert Eike, Mary Jean Sukoski, Kay Vital, Bill Zukowski, Thomas Kansas, and Christine Bialogowicz; publicity, Nick Siecko and Mr. Larry Weed. Chaperones will be Miss Millie Gittins and Mr. Richard Chapline.

Tonight's dance on the student government calendar was originally granted to the Junior class, however, the band exchanged with the juniors to enable them to present Louis Armstrong on April 30.

### 'Cindy' Ball Concession Applications Due Friday

Ralph Pinskey, chairman of the refreshment committee for the Cinderella Ball, announced early this week that organizations wishing to handle the hat-check and refreshment concessions at the dance have until next Friday to file applications.

Included on the application should be the organization's plans for conducting the concessions with a detailed description of what facilities will be made available.

Duties include obtaining refreshments, providing attendants to check garments, and providing a ticket seller in the ticket booth. It is estimated that the organization awarded the concessions will realize as much as \$35 from the profits of the project.
