Flappers to Make Scene At “Roaring Twenties” Dance This Evening

by Cynthia Hasley

The gay, carefree “20’s” are here. Tonight’s Jaycee dance will feature all the glitter and glamour of the twenties. Flappers and gams will be on hand to add to the atmosphere. The dance will be in the costume of the period.

Refreshments for the evening will go along with the era. Root beer especially brewed, rumor has it in the same bottle as was used in the 1920s, will be sold at the dance. The vendors will serve potato chips and pretzels on push carts and will circulate throughout the gym. Students are requested to bring their own mugs.

Because of the “prohibition era,” no alcoholic beverages will be served. Soft drinks will be allowed in the gym proper and must be checked at the door. The management of the Jaycees requests that patrons adhere to the attendance freedom of “raids.”

Tickets are $0.25 cents with activities continuing from 9 to 12 p.m. All dormitory students who will be attending the dance, and any Jaycees in good standing, are invited to be the guests of the Jaycees at this dance.

CASTLE SCENE TO GREET COUPLES ATTENDING CINDERELLA BALL

by Ralph Price

The decorations for next Friday’s Cinderella Ball promise to be exceedingly elaborate, and the decorations committee is working very hard to make them so. At least, the sophomore class president is the chairman of the committee. This committee will hold a mass meeting at noon on Wednesday in Stark 116 to organize workers in helping with decorations.

The decorations committee for the ball is using blue and white as the dominant theme. Much work has been done on this theme and the accompanying effects by Mrs. William Miller of Pittstown. Mrs. Miller has had a great deal of experience in this type of work, and the committee members are extremely grateful to her for her aid.

Medieval Castle

Guests will pass through a beautiful garden as they move through the lobby toward the gym, which will be transformed into a medieval castle, complete with stone walls and everything interested in helping a hand is urged to attend.

A huge chandelier will top off the overhead decorations, while swords and shields will complete the castle effect. Nestled in the middle of Jack Melton’s bandstand will be a throne of the “prohibition era,” the crown resting on the castle. Presenting Cinderella will be suspended above the throne. Leading up to the throne will be a regal, blue carpet.

Exhibition at Midnight

Cinderella was elected in an all-class general election yesterday, but the glass slipper will not be placed on the foot of the chosen one until midnight Friday. Prior to naming of the Cinderella, the candidates will be escorted to the throne of their day. While this is taking place, a background music will play.

The one who is chosen will receive a transistor radio, she and the one who is not chosen a silver bracelet. On the receiving of these things, the candidates, their dates, Reif and Mr. RAtele, will be suspended above the throne.

The Biology Club will be in charge of the refreshments at the affair. This concession was awarded to the Biology Club by a dramatic display.

There are 330 tickets available and each ticket will get 40 tickets to sell, and each Student Government member will be responsible for selling 10 tickets. Concerts can be bought Thursday afternoon in the Willows, the proceeds of which were obtained by special arrangements.

Tux and gowns can be rented at John B. Stet, 9 East Marlet Street, or at David Beam’s Custom Tailor, Washington Street, at prices ranging from five to 10 dollars.

Radio Club Awaits Arrival of License

Results of the recent election in the Amateur Radio Club are as follows: president, Albert Kishel; vice-president, Herbert R. Roberts, and Mr. E. J. Kishel; secretary, John Biga; treasurer, Kenneth Stell; and members, Les Lutz, William Barlows, and Jack Tubridy.

The club has sent to the Federal Communications Commission for an amateur radio license. This should arrive within the next two or three weeks, when the station will be set up on campus.

At this time seven people are studying for the license, in connection with a training program for the club. Code practice sessions are held after each meeting.

These people will take their tests in the next week.

The Administration has given the club its support and made arrangements for the club to have quarters of its own next semester.

BOOKSTORE NOTICE

All special accounts at the Bookstore will close on Friday, March 15 at 1 p.m. until 5 p.m.

Letters To The Editor:

Dear Sir:

In order to clear up any misconceptions that might exist in the minds of Wilkes College students, I would like to state that I do not agree on certain matters of principal. I feel that in all my dealings with the Student Government, and the Court of Appeals, we feel that both agencies have served the student body well. We all support both the action of the Court and of the Government in this I.C.G. case. We are convinced that a serious violation of the law did take place in regard to the church grant requirement, and we are disturbed that it was impossible for the Student Government to exercise its proper and definite function. The interests of all Wilkes College students are so diverse that it is impossible to exercise its constituted authority can not and should not be inter- preted uniformly, nor should the integrity or ability of present Government officials or those of earlier years be interpreted and everyone should be desirous of doing the same to satisfy this deficiency as quickly as possible.

The students of Wilkes College can be trusted to assume the responsibility of their government as they wish or de- sire. The existence and function of the Student Government, and the Court of Appeals, can only function with their continued interest and sup- port. They are the members of the Government, if of any real importance to maintain to serve and the greater significance is the good citizenship and responsibility of the various students of the College on campus. Their actions and atti- tude will be seen as a reflection of the Student Government effective and productive, or they can destroy it.

Sincerely yours,
George F. Elliot

In December the junior class voted to have their "All-Stars" to Wilkes for a jazz concert. With the help of the the faculty to provide the bill, this was probably one of the best concerts of the season. The students of the music department can be proud of the talent and enthusiasm that went into making this event a success.

EDITORIALS —

Ex-Athlete Injured

It was with shock that we learned of the jet plane accident to Lt. Neil Durand, Wilkes '57, in California on Wednesday. The Beacon received confirmation of Lt. Durand’s injuries. He was injured in a crash near Los Angeles on a routine flight from the U. S. Navy base at El Toro. One leg was amputated and he is still in serious condition.

Marilyn Homn, Wilkes senior, is in California now to be near her fiance. The couple had planned a June wedding.

Sports fans at Wilkes will remember Durand as one of the outstanding Colonel football players and the heavyweight wrestler on the first Middle Atlantic championship team for John Reese. He was president of his senior class and was an honored member of the list of Beacon “Athletes of the Week.”

We join his friends on the campus, his family, and his fellow plotters in wishing him a speedy recovery. As a Wilkes athlete, he was accustomed to come-from-behind battles and his efforts frequently saved the day for the Colonials. We are sure that his playing-field courage will be a vital factor in this, the greatest battle of his life.

A Job Well Done

We are awaiting the final financial report from the junior class Armstrong jazz concert, but all indications are that the project was a resounding success at the box office. That the affair was otherwise a success goes without saying. We have heard glowing reports from people we never expected to see at a jazz concert in addition to the expected praise from longtime Schumin fans.

When the junior’s president, Gill Davis, first asked our support for the concert, we quite seriously discussed his ambition and offered the opinion that he couldn’t possibly have picked a better drawing-card to break the “big-name bar- riers” of Wilkes. We felt that he could and his class could do the job, but we expressed grave doubts that a profit would be realized in excess of $150-200.

It is apparent that when the final figures are known we will have to “eat crow,” for it looks like our cautious estimate will be nearly doubled. This is no consequences to anyone but the juniors, however. The important thing is that a long-awaited and much-desired bond for formal dance affairs is for the future, but the class of ’61 has proved that big-name entertainment is not only possible, but profitable.

Dr. Chapman Contributes To 1960 Manuscript Issue

This is the 1960 edition of the campus literary magazine, “The Manuscript,” which is compiled and edited by the students of the college. It is a publication that appears on campus or about May 15.

This year’s issue of the magazine features poetry, essays, and short stories written only by members of the student body, with two poems by this year’s guest contributor, Dr. Robert Chapman.

According to the new policy of the Manuscript, each year one member of the faculty will be selected as guest contributor, while all other contributors will be selected by students. The number of contributors will be limited to the student body.

Editor Ronald Kreyling, re- porting for the 1960 edition, res- tricts the magazine to a balanced mix of literature and art, with a focus on student participation. The magazine is intended to be a platform for student creativity and self-expression.

The magazine is distributed free to students and faculty members. Richard Knuffl, chairman of the distribution committee, announced the following pick-up spots: Parish Hall, Pickering, Ceneyham, and Stark, the library.
