Sophomores Announce Progress On Dave Brubeck Jazz Concert

Advanced Ticket Sales Starting February 20

by Wayne Thomas

Brent O'Connell, president of the sophomore class, has announced that progress is being made on the jazz concert which will be held in the gym on April 18. The concert will feature Dave Brubeck and will be held in the gymnasium on the night of April 18.

Ad-fare ticket sales will be handled by fifty volunteers from each of the four classes plus additional moneymachines from the sophomore class. Tickets will be available on or about February 20.

For publicity the affair will be extended to all regional colleges and transferred to large colleges throughout Pennsylvania and New York. Many area radio stations have expressed their willingness to cooperate and additional publicity pamphlets and material is available through local newspapers.

The Dave Brubeck orchestra has appeared in many major cities throughout the United States and was also Carnegie Hall in New York. They toured Europe under the sponsorship of the State Department and have also released a few records.

The members of the Brubeck group will be Paul Desmond, alto saxophone; Joe Morello, drums; and Eugene Wright, bass.

Committees chairmen for the affair are Mark Levy and Ronald Johnson, Sebolka, publicity; Owen Francis and Ted Began, arrangements; and Conrad Wagner, tickets.

Oberlin Wind Ensemble Here on Annual Tour; To Present Sunday Concert at Iretem Temple

The Oberlin Wind Ensemble will visit Wilkes College on Sunday, February 5, 1961 during its annual concert tour that will take it to fifteen other colleges between January 31 and April 15.

The 35 member group of woodwind, brass and percussion players will present a program of music composed for wind instruments at Iretem Temple at 9:00 p.m. Student admission is fifty cents.

Kenneth Moore of the Conservatory of Music at Oberlin College is conductor of the Wind Ensemble. Another Conservatory faculty member, pianist Wilbur Price, is the host for the evening.

The Oberlin Ensemble was organized three years ago to present a program of the finest of the twentieth century literature for wind ensembles as well as an outstanding example from the Classic period.

The program will include: Walford Riegger's Passionacji and Fugue, Divertimento No. 3 by Mr. John Corson's Piano and Winds and his Octet for Winds.

Personal of the ensemble is selected by audition from students enrolled in the Wind Ensemble divisions of Oberlin College, the Conservatory of Music and the College of Arts and Sciences.

The musicians are traveling by bus to Wilkes-Barre, where they will visit with students of Oberlin, Ohio. Their itinerary includes visits at Wilkes College, Colgate University, Rutgers University, Upsala College, and Yale University, as well as Wilkes College.

NOTICE!

There will be a Marine recruiter on campus Friday, March 30 from 9:00 a.m. to 4 p.m.

Is It Too Late to Have Your Picture Taken for the Yearbook?

Wilkes College Coeds Discuss Association of Women Students

Ideas To Be Presented at Women's Assembly

by Cynthia Hagley

Preliminary plans have been made for the organization of an Association of Women Students on campus. This was oc-

A group of women representatives from each class with Miss Beryl Cole, Dean of Women, and Miss Cole explained some of the functions of such a women's organization and met on enthusiastic response from the women present.

Such an organization would provide the much needed self-government which will be so valuable to the college. It would serve as a co-ordinator of activities for the many clubs and would not threaten the sover-

gnty of any organization now in existence.

Groups such as Theta Delta Rho and the Girls' Athletic Association which was recently formed will work in and with Associated Women Students.

The women attended this meeting at 11 A.M. last Tuesday in Weckes-

r Hall. After discussing the formation and organization of the A.W.S. the women had a guest coffee.

Presently, the girls are gathering information and planning for the women's assembly in March. Some girls are already planning to meet Miss Jesse Janjigian, assistant professor of a similar chapter at the college she is about to go to Hamp-

us for the school year. Any-

one interested in hearing her ex-

periences with this type of organization should be in Miss Cole's office at your earliest convenience.

Even though only a few members were present at the initial discussion meeting, any girl who is interested in forming the organization of her group will be able to speak with Miss Cole. There will be another meeting of the group at Wecker Hall on Tuesday at 11:00 o'clock.

Amnicola Seeks Support

The yearbook will again attempt to secure the co-operation of the various classes to assist in making undecorated pictures of $2.00 to be taken for all students attending the Assembly. The yearbook will be available on, February 8, 9, 10, respectively.

The Amnicola staff wishes to re-

mind students that a complete copy of the yearbook pres-

ents a rather poor picture to in-

terested observers.

Pictures will be taken in Chace Theater from 9 to 10 on the days scheduled for each class. Prices for the picture will be $2.00 to be paid at the time the picture is taken. No particular attire is required for the pictures.

A yearbook picture schedule will be posted on the bulletin board.

Club leaders are asked to check the schedule and to start planning for the picture-taking session on Monday, Wednesday, Friday.

Accountants Elect Officers

Robert H. Yettter, junior accountant, has been elected president of the Accounting Club, and will succeed Fred Pello the club's first president.

The elections were held between self-nominations of the internship program of the student accountants.

Other new elected officers are: Philip J. Zaleski, treasurer; Carol Cabula, secretary; Clyde Roberts, historian.

Club meetings are held Tuesdays at 10:00 in Parrish Hall, Room 55. All those interested in the club are invited to attend the next meeting.
Letter to the Editor

Mr. Jay Olexy, Editor
The Beacon

In its last issue, The Beacon printed a letter which was signed, "The Student."

I, as a student, bring to your attention the fact that all Beacon students, except for one letter were members of the Cue 'n Curtain organization, the club did not bring to your attention the fact that the letter be written.

Any correspondence to The Beacon comes from the advisor, the president, or the executive council of the club involved in the matter. Although the club endorses the content of the letter, students were registering student protest against comments made by one authorized by Cue 'n Curtain.

Sincerely,

Orchestra President, Cue 'n Curtain

Research Continues

As WC Professors Receive Grants

The National Science Foundation of Washington, D.C., has awarded 12 grants to the College. The graduate Research Participation program to Dr. Francis J. Michae-

In announcing the news, Professor of the Wilkes biology department, said that the grants are given to graduate students to engage in scientific research either as an individual worker or as a member of a research team. The grants are awarded for the support of a well-planned research project that is developing for the support of an established scientist or young investigator. The grants support research activity and can be used to defray the costs of supplies, equipment, and travel.

In granting the scholarships, the committee will be guided by the following criteria:

1. The project must be well-planned and adequately supported.
2. The project must be of a significant nature.
3. The project must be of national importance.
4. The student must have a strong record of academic achievement.
5. The student must have a high degree of scholarship.
6. The student must be of good character.

The grant amounts will vary depending on the project and the needs of the recipient. However, the maximum grant amount is $10,000 per year.

The College is committed to fostering the program, and we are pleased to announce that we will continue to support these talented students as they pursue their research.

Student Radio Program

The Wilkes College Radio Station will be broadcasting live from the campus this weekend. The station will be featuring a variety of programming, including music, news, and sports updates.

The station is seeking volunteers to help with various aspects of the programming. If you are interested in volunteering, please contact the station manager at 570-823-2233.

Theatre Department Playbill

Theatre Department presents "The Second Annual Art Show," which will feature student artwork from a variety of disciplines.

The show will be held from February 23 to March 19 in the College Art Gallery. Hours of operation are Monday through Thursday from 10 a.m. to 6 p.m., and Friday from 10 a.m. to 4 p.m.

Regular admission is $5 for adults, $3 for students, and free for children under 12. Group rates are available for parties of 10 or more.

The Art Show will feature a wide range of artwork, including paintings, sculptures, photography, and mixed media. Visitors are encouraged to come and enjoy the creative talents of our students.

If you have any questions or need further information, please contact the Theatre Department at 570-823-2233.
Havira’s Swimmers Improving, Hindered by Injuries, Illness; Suffer Three Straight Losses

After losing three meets so far this year, the Wilkes swimmers, under the tutelage of Carl Havira, are looking ahead to brighter days. The swimmers face Lycoming twice and Penn- sylvania Military College and Millersville State College once each. Coach Havira has high hopes that his nostractors will finish the season strong.

Sickness and injuries have hindered the team a great deal so far this season. John Miller, who needed 19 sutures to close a severe cut to his leg, will not be available for the first Lycoming meet but Havira hopes that the former Girard star will be ready for the last three. The latest bad break has been the loss of Art Richtk, the team’s foremost sprinter, because of a high fever. Art missed the East Stroudsburg meet and it has not been determined yet if he will be ready for the first Lycom- ing meet.

One of the biggest losses to the squad has been that of the graduation of Pat Shovin. Pat has been a stalwart of the team for the past four years and his loss will be sorely felt. His great versatility enabled him to swim any event for the team. In the first three meets he collected fourteen points and made a consistent showing in all events in which he swam.

Despite the early season losses, the team is beginning to take a new shape and several promising members are emerging. Roger Rolfe has especially looked promising in the 220 and 440 yard events. His 64-33 loss to Harpur, earned eight points with a first in the 200 yard breaststroke and a second in the 200 yard butterfly. He also picked up six points against East Stroudsburg with a winning time of 2:51.3 in the 200 yard butterfly.

Dick Bender looked strong in winning the 200 yard individual medley against Harpur and collected four points in the 69-25 loss to East Stroudsburg with a second and a third. Art Eckhart collected eight points with a first in the 200 yard freestyle and a second in the 50 yard freestyle against Harpur. Bender, Rolfe, and Eckhart were the three winners against Harpur while Rolfe was the only one against East Stroudsburg.

The team is young, there are no seniors at all on the squad and shows promise of a good future. Bob Borkowski took a second place in diving against Harpur and has looked very good on the board. He shows real promise as a breast- stroker and also swims on the medley relay team. Gary Grasker, who leads off the medley relay team, is coming into his own as a back- stroker. He took a third place against Harpur and will be counted on to lead the backstroke in the last four meets.

Dutchmen Are Strong Colonels Defeat Harpur, Lose to Wagner

Tonight evening the cagers hosted Hofstra College in a MAC contest slated to get underway at 8:30 p.m. Ron Roski, in a spectacular season in 1959-60 with a 23-1 record, will try to repeat last year’s fine season and will provide tough competition for the Colonels. The Dutchmen have been marked down by the services of tall rebounder Bernie Keeney, who graduated at the close of the season.

Hofstra hoopers gave their tall 6’- 6” pivot man a fine going-away present as they turned back Harpur College, 81-78, just prior to exams. The team opened fast and had built a 13-2 lead midway through the first half with Harvey Rosen and Clem Gavonas抢先 to avenge the 79-76 defeat at the hands of Rollie and Bruce Richtk.

With only five minutes remaining in the first half, the Harpur squad came through and on an eight-point outburst, galloped a short-lived 13-4 lead. Dick Morgan and Phil Russo combined in a series of fast breaks and scoring to give Wilkes a 41 to 37 halftime head start.

The second half was fast and furious, the two teams matching goals for eight minutes before the Engles again began to chew away at the margin and captured the last three minutes remaining in the game a goal by Harpur’s Eau ties 72-71.

The final score was 82-71 because of two free throws. Morgan and Phil Russo led all Wilkes scorers with 24 points each. Wilkes had 17, Dick Morgan and Clem Gavonas added 11 apiece, and Bernie Keeney scored 8. The Dutchmen were credited with sixteen rebounds and nine assists in his final collegiate game.

Paul, Gerko, Russo, and Koerner were the Dutchmen’s two stars. A. J. Sabbes added one to the winning effort.

On Tuesday the matmen met at Williamstown in a meet which will be up to be one of the roughest of the season. The Dutchmen hosted Hofstra College last weekend, 20-3, with Hofstra having been defeated by Wilkes earlier this season. The Flying Dutchmen had been expected to give the matmen their toughest meet of the season and the fact that they were responsible for the only blot on the 21 consecutive meet winning streak of the Colonels by virtue of last year’s 18-14 tie made a victory over them more desirable.

Brooke Yeager

In over 100 countries people get that refreshing new feeling with Coke!

In over 100 countries people get that refreshing new feeling with Coke!

The final match was taken by Smith of Hofstra who overcame outstanding Bob Henson’s resistance and pinned him halfway through the second period.

The team made Appalachian State Teachers College of North Carolina the second consecutive vic- tim last Thursday evening as the Colonels won six of the regular bouts in taking the meet, 24-6. Brooke Yeager continued his winning ways as he pinned Gerald Swain in 1:09 with a cradle. Brooke had taken the Southerner down with a fast leg dive and quickly applied the cradle for the fall.

Appalachian’s hope rose somewhat in the next match as Bill Cook decided Dave Puerta, 5-1. Cook, runner-up in national small college competition in the 180 pound class, proved to have too much ex- perience and savvy for the Wilkes freshman and used two take downs and a reversal to build up his score. Mike Armstrong resumed the picking up of points in an 8-3 decision over Charles Boyer in one of the closest of the matches of the even- ing with Armstrong using two take downs and an escape in the final period to build a 5-2 lead.

The Colonels then picked up the 147 pound match on default when Ken Shetton was injuried in the eight minute 3-2 decision over Larry Vogt. Vogt led at the time, 3-1, when he was called for stalling and a take down in the final period of his match with Mike Armstrong to break a 2-2 tie. Larry Vogt then pinned Karl Portermayer early in the final period in the 147 pound match. He was followed up by Marty Strayer’s 5-4 decision over Jack Glennon.

In one of the closest of the matches of the evening, Ted Talha was claimed de- cision by Hofstra’s Dick Muller, 8-4. Muller, who was warned once by referee Bill Lee for stalling, used a reversal and riding time to pick up the victory. Marv Antinoro, then put the meet out of reach of the Dutchmen as he pinned Dick Hipper in 8:58. Hipper constantly avoided Marv’s attempts to get his left hand under and was warned once by the referee for stalling before 8:53.

Student Radio Series Presents National Objectives to Panel

This Saturday at 1:05 p.m. Wilkes students will present the fourth in a bi-semester series of radio programs dealing with our national objectives. The programs were inspired by informative Life magazine articles and the recommendations of the President's committee on National Goals.

Produced through the cooperation of radio station WILK, the program this week will feature four presidential consultant Hansone, English major; Jerry Kraus, junior, Political Science; Joe Shamble, junior, Business Administration; and Ned Van Dyke, sophomore, English major. Each of the consultants, under the direction of Professor Hope Miller, major, will serve as master of ceremonies.

Bianco will try to keep the discussion informal yet knowledgable, and at the same time lively and quick-witted.

The program aims to develop cross-sectional and inter-class opinion on current problems of critical interest.

All of the programs have been approved by President Wright and will be kept on an on-campus record reference library and made available to students, teachers, and to the public in general.

Ed Gavel is getting in to shape after snapping his back strain last month. He has moved his points against East Stroudsburg to the Freestyle relay team which includes Mark Troy, a promising freshman with a back strain, and Mike Alwood, a sophomore with a back strain. It is also in the sprinters and took third against Stroudsburg.

Dave Smidt has turned into the endurance swimmer of the team and is also one of the promising individual medley men. Dave collected four points against Stroudsburg with a second in the 440 yard medley and a third place in the individual medley. Bob Smith has proven to be a valuable asset to the team as he is able to swim distance and sprint events.

He placed second in the 440 against Stroudsburg and third against Haverford. Craig Huddy has been swimming his time down in the 300 yard breaststroke and if he can build up his endurance will be a factor in the meet against York.

Mike Janes, a freshman who also doubles as a football player, is beginning to work his way into shape both as a diver and as a sprinter.
