Town and Gown Series Presents Concert Tenor
by Leona A. Bolger

The Town and Gown will in current series this Sunday, Patton, tenor, brings to Wilkes readers recital experience. The greater part of Mr. Patton's recital performances have been in the mid-West with the Minneapolis Opera Symphony Orchestra, at the Manhattan College of Music and at the Manhattan College of Music.

Concert tenors are always in short supply, and in his debut re- cited the following review remarks were made: "His tone is even and clear - a good range ... consistent of timbre ... innovative imagination."

At the present time Mr. Patton is studying in New York City at the Manhattan School of Music, and before this year studied in Rochester, New York.

The program will cover a wide range of works from the vocal literature, including works of Monteverdi, Bach, Schubert, and War- lon, Mr. Roth will perform as group of piano solo works. The public is cordially invited to attend without charge.

Educational Comparisons Made by Adm. Rickover at Teachers Meeting
by Wayne Thomas

The International Directory of American schools as compared to European and Russian systems was the important theme of a talk given by Vice-Admiral Hyman G. Rickover at the nineteenth annual Educational Meeting of the Luzerne County Teachers yesterday morning in Columbia, Pa.

"Criticism - Why?" was the title of the admiral's message in which he stated that his country is in danger of being taken over by an adversary of a better educational system.

Both the sciences and the humanities, he said, in the American sys- tem. He said that greater achieve- ment, as compared to the Russian, is the result of a ten-year system of education in this country.

Rickover also challenged the ar- tistic role of the teacher, saying that children do not complete their edu- cation by quoting the fact that in the 5th of American schools the 5th grade children com- plete their education, the school program.

In comparing our system with European schools he said that 3/4 of the students in Europe who go on to higher education receive state support. He pointed out the ability of the individual European student in foreign languages is superior to that of the American student.

Rickover also criticized our methods of school administration when he said that administrators often make decisions about such matters as school building con- struction, with little regard for the results of the teachers who have the greatest amount of knowledge of these matters. He said that Americans regard the clerical aspect and the "housekeeping" of education more highly than the actual teaching.

Another point commented on was the status of the American teacher as compared to the teacher in other countries.

He said that the teaching profes- sion is one that is not respected much more than it is in our country.

Vice-Admiral H. G. Rickover

system our educators are resisting criticism. He said that the basic criticism of us is our title because individuals them- selves do not want to be criticized. Admitting that he was familiar with the education reform has always been sparked by criticism.

In comparing our system with that of Russia, Rickover pointed out the folly of the be- lief that the Russian devote more time to the sciences in their schools and neglect the humanities. The Russian system is, he stated, the "Re-..."

Facts: Wilkes students advocated for the creation of a social service center, and the administration agreed to fund it. This center, called Community Service, operates on Franklin Street, off campus. The facility provides opportunities for students to engage in community service activities.

Students at Wilkes have been vocal in their support for the social service center, expressing the belief that it will help them connect with the local community and enhance their educational experience. The center is open to students from all majors and offers a range of volunteer opportunities.

Editor-in-Chief

Joseph P. Oleyer, Jr.

Wilkes College Beacon

Students at Wilkes will have the opportunity to engage in community service through the newly established Community Service Center on Franklin Street. The center will provide students with hands-on experience and help them develop critical skills.

The Beacon staff worked tirelessly to ensure the success of this project, and their dedication is evident in the organization of the service center and the planning of events.

This initiative reflects the university's commitment to community engagement, and it is a testament to the leadership of the administration.

Education Club Visits Service Center, Plans Field Trip to Industrial School

by Pat Rossi

Members of the Education Club and their faculty advisor, Dr. Bob Kiley, visited the Industrial School next week. About 60 students will tour the school to learn about the various methods of instruction and the educational setup. The tour group will leave Wilkes College at 11:30 a.m. and will arrive at the Industrial School around noon. The[...]

Presenting The Issues

by Frances Glack, Jerome Krasney

The truth concerning the following three facets of domestic policy: deficit spending, aid to education, and medical care is a complex and controversial issue.

Letters to the Editor...
Danforth Foundation Scholarships Available in All Fields of Study

Dr. Forsey has named Dean Balston as the Union officer in line with the Danforth Foundation two, or not to exceed three, candidates for 1961 fellowships. This program is open to senior college men and recent graduates who are preparing themselves for a career of college teaching, with the additional requirement that the recipient enter graduate school in September, 1961, for their first year of graduate study.

The foundation welcomes applicants from all fields of specialization, to be focused on the undergraduate level. Those accepted may hold this fellowship concurrently with other scholarship appointments such as the Rhodes, Fulbright, and Woodrow Wilson.

The qualifications of the candidates are outstanding academic ability, personality essential to the classroom, and integrity and character, including serious inquiry within the Christian tradition.

All applications must be completed by January 15, 1961. All interested students are requested to see Dean Balston as soon as possible.

**Beatnik Bop** Planned by Mary Frances Barone

The Psychology - Sociology Club will sponsor the Beatnik Bop on November 11 in the gym. The Bill Jerome Quintet will provide the music for dancing from nine until twelve.

The club is making plans for an entertaining intermission. Bill Shupert, announcer for WGGI radio station, has consented to be master of ceremonies for the affair. During the intermission, the student will be awarded to the "best beat" male and female.

Another added attraction will be reading of original beatnik poetry by several select professors. The club will disclose at a later date additional surprises for intermission.

Jerry Burkhart, general chairman of this event, is making a special plea to all males to get busy and grow beards for the contest.

Assisting Chairman Burkhart are: Cindy Flach, tickets; Evelyn Hudky, refreshments; Stanley Simpson, poster; and Ken Narterpeck, chaperones.

**Money buys everything except love, personality, freedom, immortality.** — Wisdom.

## DC Plans Adoption of Foreign Student; Stud. Union Progressing

by Neil Castagno

The main emphasis of last Tuesday’s Inter-Dormitory Council meeting fall upon their proposed adoption of a foreign student. Nancy Palazzolo, who is chairman for a committee which included Hal Glodstone and Lida Gerstel, outlined their plans to date.

A foreign orphan will be selected by the Save the Children Federation. This student will be supported by contributions from the student body through the I.D.C. and proceeds from the Student Union. Also an anonymous donor has promised $50.00 per year for the support of the foreign orphan.

When the foreign orphan reaches college age, Dr. Forsey has promised a four-year full tuition scholarship, so that he may receive his education at Wilkes. To defray transportation and dormitory expenses a separate fund is to be established by the I.D.C.

A report on the renovation of the basement of Barre Hall into a student union was also given. The main supporting beams have been set; the tile flooring and electrical wiring will be installed within the next two weeks. This project is to be supervised by a committee of I.D.C. members and volunteers headed by Richard Lewin and Dick Peters. A sum of $400 has been provided for the work by the Student Government and $200 from the administration.

## WRESTLING NOTICE

All students for the wrestling team will report to Mr. Reese at the Wilkes Varsity Gymnasium. Equipment will be handed out and practice will officially start.

## Two Programs Presented by National Science Foundation

by Bob Bemmy

Approximately 1200 graduates and 150 postdoctoral fellowships in two programs during the 1961-1962 academic year will be awarded by the National Science Foundation.

The National Science Foundation’s graduate fellowship awards are made only to all nationals, citizens of the United States or non-citizens residing in the United States who are full-time graduate students or post-doctorate graduate work in the non-medical sciences. These students interested in this program must apply to the Fellowship Office of the National Academy of Sciences by January 6, 1963.

All applicants for postdoctoral awards will be required to take the Graduate Record Examination designed to test scientific aptitude and achievement. This examination, administered by the Educational Testing Service, will be given on January 21, 1961.

Postdoctoral fellowships will also be awarded. Qualified scientists will be selected on the basis of appropriate evidence in support of their competence. This evaluation will be made by teams of scientists selected by the National Research Council on behalf of the National Academy of Sciences.

Applications for postdoctoral fellowships must be received by the Fellowship Office of the National Academy of Sciences before December 19, 1960.

Stipends of up to $4500 will be awarded by the Foundation to postdoctoral fellows. Applicants will get a stipend up to $2500 per year. Anyone interested, who can qualify for awards under either of these programs, may contact the Benenson office for further information.

## Rogalski Elected Fresh President; 75 Per Cent Of Class Casts Vote

by Jerry Shelanski

Edward Rogalski, a resident of the junior class, was elected Fresh President of the junior class by a vote of 3. This majority vote was due to the high turnout at the election held at the Richfield Gas Station, on the corner of Market Street and Love Island Avenue.

The car wash will run from 9:00 a.m. to 4:00 p.m. on Friday, and will reach its peak between 1:00 and 2:00 regular wash for $1.00. For a $1.25 white wash we will have the first in a series of car washes to be held by the group. The proceeds from the car wash will benefit the Wilkes-Barre Junior Chamber of Commerce.

Frank Kline is in charge of all advertising for the car wash.

## Retailers Plan Dinner Meeting

by Lillian Bodkin

A dinner meeting is being planned for November 17 by the Retailing Club to acquaint interested students with the retailing business.

A guest speaker will be on hand to discuss some phases of retailing.

In the near future the club also intends to have a field trip. Officers of the club are: Joseph R. LeBaron, President; John Salisbarie, Vice-President; Bill Kristoff, Secretary; and Tony Dociarisi, Treasurer.
VIEW FROM THE SIDELINES

Last Saturday the gridiron was decorated for the fifth consecutive time this season as they lost to Lycoming, 10-0. By allowing the Warriors only one offensive drive to speak of, they again displayed their defensive prowess, but, again displayed their ineptitude at scoring as their drives bogged down deep within the opponent's territory, losing three scoring opportunities.

In the past three contests they have won the game of statistics but have yet to register on the scoreboard, where games are won and lost. The performance of the New York Yankees against Pittsburgh can well attest to the fact that as far as sports is concerned, compiling the most impressive listings of statistics is an empty accomplishment unless you actually win the game.

Taken individually, each member of the starting team is an excellent player, four of them have received national recognition so far this season by being given honorable mention on the ECAC "Team of the Week." Marv Antinnes, Jerry Mohn, Tom Krsulicwicz, and Al Dobrowalski have all received this honor, with Mohn also having once been named Sophomore of the Week. However, the team has so far failed to utilize its potential and win a game.

The soccer team's prospects are not too good this weekend. Elizabethtown, perennial one of the strongest teams in the east, is now riding high with one of the most powerful teams in its soccer history. The Bluejays' line is fast and accurate, having scored an average of 11.25 goals per game in its first five games this season. Last weekend they defeated Drexel Institute of Technology, another school that nationally fields exceptionally strong soccer squads.

The Hofstra game saw the backfield display line defensive play, especially by Chuck Weiss and Bob Conko. Both of these men can kick the ball beyond the mid-field marker with little effort. Weiss having actually set up Zwiebel's score which was the deciding margin against Hofstra. Perhaps the backfield that played so well against the Hofstra line that possessed fine passing abilities and accurate "head" ball, will be able to keep Elizabethtown from scoring and set up some good shots for the linemen.

Alley Cats Take Lead: Sokira's League High Futile as Ebonites Lose

The Playboys, led by Bill Wat-kins' 229-551, Jim Antinio 177-469, John Donaldson 142-504, and Howie Williams 137-384.

Tornados 7-3, Pinbusts to 7 By Jerry Chlaviak leading the way with a 194-54, the Tornados moved fast to six and knocked the Pinbusts out of the top spot.

Booilers Host Elizabethtown: Down Hofstra, 1-0, on Zwiebel's Goal

Backfield Excels as Team's Defense Halts Fast, Accurate Line

Tomorrow afternoon the Wilkes soccer team plays host to a strong Elizabethtown team in a match scheduled to get underway at 2:00 p.m. in Kirby Park. The Bluejays sport one of the finest teams in their history and are undefeated so far this season.

In a highly defensive MAC contest, the Booilers won their second match of the season last Saturday by defeating the Flying Dutchmen of Hofstra College, 1-0. The game was hard fought throughout, but the Colonials played flawless defensive ball to keep the Hofstra booters out of scoring range.

Luu Zwiebel got the only score of the afternoon early in the third period after Chuck Weiss had set up the play with a booming kick from deep in Wilkes' territory. Zwiebel missed his first shot at the goal as it bounded off the Hofstra goalie's knee but Luu quickly retook the ball in the blue and scrambled around the net and shot it in.

Outstanding for the Wilkes line were the fullbacks Chuck Weiss and Erwin Gutter with goals and assists, and Bob Conko. Baiss registered 25 saves in chalking up his first shutout of the season. Inidan Frank Gillette, George Fens and Changee Chau played good defensive ball.

Candidates for Bachelors or Masters Degrees are invited to discuss opportunities in:

Marketing and Sales

This is a unique opportunity to find out about the many career opportunities at IBM. The IBM representative can discuss with you typical jobs, various training programs, chances for advanced education, financial rewards, and company benefits—all important factors that affect your future.

SOME FACTS ABOUT IBM

An Unusual Growth Story: IBM has had one of the exceptional growth rates in industry. It has been a planned growth, based on ideas and principles of science that have got the most infinite application in our modern economy.

Diverse and Important Products: IBM develops, manufactures and markets a wide range of products in the data processing field. IBM computer and allied products play a vital role in the operations of business, industry, science, and government.

Across-the-Country Operations: Laboratory and manufacturing facilities are located in Endicott, Kingston, Owego, Poughkeepsie and Yonkers, New York; Burlington, Vermont; Lexington, Ken- tucky; San Jose, California; and Rochester, Minnesota. Headquarters is located in New York City with sales and service offices in 198 major cities throughout the United States.

The Accent is on the Individual: No matter what type of work a person does at IBM, he is given all the responsibility he is able to handle, and all the support he needs to do his job. Advance- ment is by merit.

The areas in which IBM is engaged have an unlimited future. This is your opportunity to find out what future has to offer you.

Call or stop in at your placement office to arrange an appointment with the IBM representative for the date above. If you cannot attend an interview, write or call the manager of the nearest IBM office.

Gridders At Home With Susquehanna

Bob Ontko, Earns "Athlete" Award; Goalie Makes 25 Saves in Shutout

Laurels as this week's 'Beacon' "Athlete of the Week" go to Bob Ontko, the stellar goalie of the Colonels soccer team. The goal-defender registered his initial shutout of the season as the Blue and Gold soccermen downed Hofstra, 1-0. He made 25 saves and made his best showing of the season as he thwarted the many Hofstra scoring attempts.

Although this is his first season as net-fender for the hosts, he is not a stranger to sports at Wilkes, having held down the "hot corner" at third base for Coach Pinkowski's baseball team for the past two seasons. Last year he led the team in home runs and runs-batted-in.

A 1957 graduate of Kingston High School where he earned letters in baseball and basketball, Bob is a senior at Wilkes and is majoring in secondary education and social studies. He is active in the Lettermen's Club, the Education Club, and in intramural basketball.

Bob Ontko

Former Wilkes Athlete Returns to Coach '61-63 Swimming Team

John Reese, director of athletics, has announced the appointment of Carl Havlin as coach of the Wilkes swimming team for the 1963-64 season. A 1960 graduate of Wilkes, having majored in secondary education and social studies, he is currently assistant athletic director at the Wilkes-Scranton Catholic Youth Center.

While at Wilkes, he set records in swimming and achieved intercollegiate recognition in both soccer and swimming. He was named to the All-Scholastic team as a sophomore and All-American in college universities as a junior. In his sophomore and junior years he was given honorable mention at outside left on the All-MAC soccer teams as a junior and sophomore, as well as captain of the Colonels' soccer squad.

In swimming, which he was instrumental in re-establishing as an intercollegiate sport on campus in 1958, he holds two records; in the 200 yard butterfly, 200 yard breaststroke, 200 yard individual medley, and the 330 and 440 yard freestyle events. He captained the swimming team in his senior year and was un-defeated as he accounted for 70 points.

In his sophomore year he placed fourth in the All-MAC swimming tournament in the 200 yard medley and as a senior placed fourth in the 100 yard breaststroke. He was vice-president of the Lettermen's Club and treasurer of his class and was vice-president during his junior year.

WANTED: STATISTICIAN

Mr. Arthur Hoover, Director of sports publicity, has requested that any freshman or sophomore male who would like to assist him in the capacity of statistician contact him. All interested persons in Parrik 23 are at 1 p.m. on Monday and Friday and at 9 a.m. on Thursday. He cannot be contacted personally, a message being left in his mail box in the book store.

Fluke Shot Provides 1-0 Margin as Soccer Team Loses to Muhlenberg

The soccer team was defeated for the sixth time this season on Wednesday by a close match at Muhlenberg College, 1-0, on the Mules' field in Allentown. The two teams fought a scoreless half-time until late in the fourth period when a shot by Muhlenberg's line had it knocked onto Colonels' half-back Erwin Gustig's knee into the net.

The Colonels' goal came during a mid-run in the Wilkes backfield and Kin- dahl's boot looked like an easy save for goalie Bob Ontko until the ball bounced off Gustig's knee. Such a goal was scored by the Mules in the second period, with the Colonels today marked the second season this season the Mules and Colonels have been on the receiving end of such a "gift."

Outstanding for Wilkes were goalie Bob Ontko, who made 25 saves, fullbacks Chuck Weise and Erwin Gustig. Despite the bad break at VA's line, Gustig continued the fine defensive play that he displayed against Hofstra. Halfbacks Ted Toloh, Bob Chw, and Jim Nedoff aided the Colonels' defense and added offensive support to the line of Roberts, Zwibel, Wilkins and Lepore.

The Colonels would have the slight advantage of the margin for the day.

Colonels Mark Antunes was top ground-gainer of the game with 68 yards. Frank Spudis was high-lighting his performance with a pass interception in the first period on the Lycoming 24 and carrying it to the 20 before being taken down. It could not advance any further. The game came to a close with Wilkes on the offense again, this time on the Lycoming 18 following a
