Cold Weather Enthusiasts Meet to Form Ski Club

A group of students who are excited about skiing as snowfall in the Winter Carnival few weeks ago held a meeting last week. More than two dozen ski enthusiasts turned out for an organizational meeting of the Ski Club last Friday.

At this meeting, Berny Cohen, a junior biology major, was elected chairman, and the group plans to meet regularly through the winter months. The ski club will meet at regular intervals during the winter months.

Kiwis Branch Formed By College Students

The Kiwis Club is planning to expand its membership to include more students interested in joining. The Kiwis Club is a student organization that promotes cultural awareness and understanding among students from different countries.
Letter to the Editor...

Dear Sports Editor:

It seems rather quite a surprise to me! I read your letter and announcement, and still can't believe it. We have been quite honored to be part of such a group of teams.

I would like to thank the people who voted and who thought enough of us to vote us as members of the Dream Team. There are a bit of little things such as this that certainly make our season a bit warmer inside; only wish I could have seen the festivities on February 10. Unfortunately, St. Louis is quite a bit of a distance from here, since time is rather short, I find I do not have much time.

Either Yusoo Koon or Elliot, I hope, will be happy to accept my award and forward it to me.

And may I thank you for it in advance.

Again, thank you for the consideration.

Carl Van Dyke

Chemists Visit Sites Which Relate to Major; Plan Future Trips

The Chemistry Club recently made a day-long trip to the Merck Company in West Point, N.J. The Merck Company is a local division of one of the nation's largest pharmaceutical companies. At this time, members of the club visited the Merck Main Laboratory House in nearby Northumberland, Pa.

Priestly, an English scientist who experimented with air, oxygen, and residual air, was born in America, and his Northumberland home contains the latter-language documents. Among the items containing their investigation of local industrial facilities, the club will visit the Stegmaier Brewing Company, the Poughkeepsie Mill, and Capitol Records in the near future.

Also on the club agenda are a bake sale and the selection of a student to receive the Chemist of the Year award. The club has invited two members of the faculty to attend the science conference in North Carolina. These events are still in the planning stage.

The Chemistry Club, as a member of the Student National Chemistry Society has been designated as host organization for the annual banquet, to be held in the spring. The banquet includes groups from Misericordia, Scranton, and King's College. Co-chairs for the banquet are Starnie Karmofich and Jerry Lawrence.

Symphonic Band, Concordia in Concert

By James C. Van Horne

Refusing to wait for Spring's thaw, our students have provoked the world of music happily to produce a myriad of events to brighten the long and arduous winter.

One of these is a community musical event of significance, the midwinter concert of the Concordia Symphonic Band. The concert will be held on Friday, February 16 at Irene Temple, 8:30 p.m. in Bethlehem.

This affair, Concordia's 53rd annual winter concert, will combine the talents of the members of Wilkes-Barre Chamber of Commerce, Business Men, Faculty Advisor: Francis J. Slaviey

A newspaper published each week by the regular school year and for the Wilkes-Barre, Pa. Subscriptions: $1.00 per year.

Morgan Receives 'Cager' Plaque

WILKES' MR. BASKETBALL OF THE DECADE — George Ralston, dean of men, presents George Morgan with a plaque designating him BEACON'S "Outstanding Colonel Cager of the Fifties" during half-time ceremonies of last Saturday's basketball game.

Morgan, a graduate, was presented with a plaque by Bob Morgan accepting a plaque from Carl Van Dyke and Bob Lilley. Van Dyke and Lilley are both working in the mid-west and found it impossible to be present for the ceremony.

+++ WILKES COLLEGE BEACON +++
Ziegler Chosen 'Beacon' Athlete; Decisions Millersville Grapper

For the third consecutive week the "Athlete of the Week" laurels go to a member of Coach Rense's wrestling team. This week the honoree goes to Bob Ziegler, a competitor in the 196-pound division.

Bob, a freshman, has been a mainstay of the mat squad throughout the season. In the past two meets he turned in particularly convincing victories.

Ten Finalists Selected For 'Glouram' Magazine Best Dressed Coed Show

The Associated Women Students will hold its annual contest for 'Glouram' magazine at the gym on February 25. The exact time of the affair has not been decided as yet.

Members of AWS met on Wednesday to pick the ten finalists. The judges of the contest will include faculty members and student representatives, but members of the audience can also participate in the affair by voting for their choice of best-dressed coed. Ballots will be available and the audience can indicate their choice by encircling the name of the contestant.

The judges will base their decisions on the following: good grooming, posture, and the ability of each coed to recognize the type of clothing in which she looks best and to dress accordingly.

Mimi Wilson will act as fashion commentator. Elaine Rosenmack will design the setting of the gym so that the contestants will appear to be stepping from the pages of Glamour magazine.

While the final tabulations are being made, refreshments will be served. Afterward, an air of suspense and excitement, the judges will announce the winners.

Finally, after refreshments have been served and ballots have been counted the judges will announce the Wilkes Glamour fashion queen.

LOST AND FOUND
A plaque annually designating and honoring the outstanding member of the Education Club has been lost or misplaced. Mary Alice Igantius and Elaine Sychowski request that anyone knowing of its whereabouts contact them or any officer of the club.
