Community Campaign Comes To Campus

Two Coeds Awarded Scholarships From Leslie Fay, Women's Club

Two Wilkes women, a junior and a senior, were the recent recipients of scholastic awards. Miss Mary Jane Frischak, a junior majoring in biology, and Miss Mary Elizabeth Brown, a senior majoring in music, were selected by the Wilkes Award Committee.

Miss Frischak is the first Wilkes coed to receive the Leslie Fay Scholarship Award established in September. To qualify for the honored award must have an accurate academic record and must have a parent working for Leslie Fay. Miss Frischak's mother, Mrs. John Frischak, has been employed by the company for 14 years.

This scholarship will be awarded annually to a coed student receiving it will be held in for four years. The recipient will be selected on a competitive basis by the Wilkes Scholarship Committee.

Miss Mary Elizabeth Brown is the recipient, for the second consecutive year, of the Business and Professional Women's Club Scholarship Award. Mrs. John Yeager, scholar-ship chairman of the Wilkes-Bare Chapter of Business and Professional Women's Clubs, presented the award to Brown at the club's regular brief ceremony in the Commons recently.

During her freshman year, Miss Brown received the Outstanding Award for attaining the highest academic average among all students in the college.

Miss Brown is the daughter of Mr. and Mrs. Harry Brown of Ridgeland, Maryland.

Ursinus Charter Leaves Tomorrow from Gies; Bonfire Scheduled

by Frances Corr

Attention all car owners! School Spirit Committee has scheduled the Homecoming game next Saturday. A list will be posted on the bulletin board in the hallway where all those who are interested can sign up.

Because of the January snow peak, the process of last week's bus trip to the Wilkes-FMC football game, School Spirit Committee has decided to bus to Ursinus College. The time of departure is 10 a.m., Saturday, from the Gies Hall parking lot. Tickets cost $3.00 per person and are available at the Business Office.

Representatives of the School Spirit Committee are selling blue and gold Wilkes cubbies. Your nickname, class, and dormitory or hometown will be written on the cubes. Cost of the cubes is thirty cents.

To get your hill, contact Jim Stanton at Ashley Hall.

Debate Team Goes South

Members of the debate team have completed plans for the trip to the Eastern States Tournament scheduled for December 28. President Jerry Kraske explained that the novices at Lehigh will be judged and no school will be declared winner of the contest.

The Clamshell is set up to illustrate the principles of the game of debate and the procedures of debate; the rounds of debate are set up to allow the novice teams to work together before they participate in a tournament. Each debate round will be held at the Clamshell and the debate will also be featured at the Clamshell.

Wilkes will enter a team and also send several observers. Those freshmen exhibiting the most interest in the next few weeks will be selected to compose the team.

Scholaristic Merit Won By Butler, Chapman In Dormitory Contest

The Inter-Dormitory Council, through President Peter Greenberg, recently announced the winners of the Annual Dormitory Contest for the past spring semester. These trophies, representing awards presented each year to every student to the Dormitory of the highest average for the preceding semester. The trophy, known as the Walter Male Dormitory with the highest academic average for the semester was presented to Butler Hall. The Beryl Cole Award for the Female Dormitory of the highest average went to Chapman Hall.

The awards have only been in existence since the Fall Semester of 1950 and Chapman Hall has received the award on both presentations for winning the trophy and this trophy is displayed in the dormitory for the period held by it.

Famous Piano Virtuoso Will Perform At Gym Wednesday Evening

Adam Kapuscinski, outstanding pianist, will appear at Wilkes College Gymnasium on Wednesday evening, October 18, at 8:15 p.m.

Kapuscinski was born in Poland in 1913. His study of music began when he was eight as a pupil of Alexander Michelakow, a pupil of the renowned pianist at the Warsaw Conservatory in Poland. Kapuscinski later studied in the United States, and the Polish Government. There, he was composed as a composer of Polish Ballet to participate in the international competition; he won first prize.

When the Germans entered Poland in 1939, he was made prisoner and was interned in a Nazi concentration camp. From 1945 to 1949, he was a Soviet citizen. As such, he partici- pated in concerts directed by the Soviet Concert Management. When Russia entered the conflict against Germany, he emigrated to the Polish Arts College.

When this army proceeded to Iran, Kapuscinski gave many concerts for the Allied Armed Forces. As the army moved into Italy, he remained, at the Court's insistence, and the Western European, and, after hostilities ceased, he became an Italian citizen and taught at Terheera Conservatory. While there, he was awarded membership in the Soviet Order of Honor, the highest award given by the Shah.

Kapuscinski was invited to the United States in August, 1960, encouraged by Arthur Rubinstein whom he had heard in concert in New York in Town Hall in 1959 and again in 1961. He has been heard by music critics in Lon- don, Paris, Amsterdam, Milan, Os- tensive, and has been praised for his talent. He "shows complete technical master- ship and deep understanding."

To facilitate solicitations, the student body has been divided into three categories, namely: Division A, all students; Division B, all dormitory students; Di- vision C, all organizations.

Because of the large number of students included in Division A, the solicitations will be handled on the basis of two or more periods. During the first two weeks of the quarter, the solicitors will be employed by phone, all telephone numbers, and the second week of the quarter, all solicitors will be handled in an informal basis. At the kickoff of the campaign, a table will be set up as a collecting station. The students will be allowed to fill tickets. For the rest of the campaign, the ticketing stations will be at the Communication Center. A general solicitation will end each Friday.

During the second week, Saturday, October 10 to Friday, October 16, the solicitors will be conducted by representatives of the entire student body. The representatives will be divided into several groups, each group representing one class. The representatives have been appointed to contact, by phone, all those of Division A. During the third week of solicitations, representatives of the Student Council, the Junior Class, the Sophomore Class, and the Freshman Class will be solicited by members of the Wilkes College Basketball Team. The purpose of the assembly is to provide an opportunity for students to ask questions concerning the United Fund Drive from the viewpoint of the recipients.

Saturday, October 17, the Clubs will be held in the gymnasium.

Lou Coopcy

"Roving Mike" Answers Pertinent Campus Queries

by Mary DiGiuoppo

Theta Delta Rho and the Lettermen will again preside over the traditional "Roving Mike" assembly next Thursday.

The purpose of the assembly is to provide an opportunity for students to ask questions concerning activities at Wilkes which is not completely understood by them. These questions may be regarding activities, courses (new or pro- spective), the expansion program (Stark Hall), an art center for the future, or perhaps the ultimate end of limited students Wilkes will ac- cept in the near future.

Occasions sometimes arise when freshmen and even upperclassmen are confronted with a phase of college life which they don't complete- ly understand, or they might not be aware of facilities available to them. Thus, this assembly creates a time for thorough discussion for questions and answers of any problems brought up.

There will be an opportunity for students to hand in written ques- tions. These should be on X5 cards which will be placed in a slip of paper. The questions will be collected by members of Theta Delta Rho and "Roving Mike." These will be read over loudspeakers. Stu- dents may address their questions to any particular member of the panel on the platform, which will include Dr. Farley, Dean Ralston, Dean Doane, Mr. Whitty, and Mr. Rees.

It is the hope of the panel that all questions may be answered within the hour.

United Fund Dance Kicks Off Dollar-A-Student Drive for $1200

by Barbara Low

The United Fund Dance, sponsored by the freshman class tonight in the gymnasium, will launch this year's student United Fund campaign on campus. Lou Motoll is general chairman of the committee, providing both regular dance music and a special jam session.

Both Lou Cooper, head of the student drive, and Dr. Charles B. Reel, overall chairman, express confidence the student goal of approximately $1200, or one dollar per student, can be easily attained. Dr. Reel recalls that in the past student contribu- tion reached $1800, the highest amount that has been collected. With a spirited effort by the student body, this year's goal can be easily surpassed.

Paint Party

Wear your old clothes tomorrow. Be at the new athletic field at 8:30 p.m.

TDR and the Lettermen supply the silver paint and brushes, you supply the labor, tomorrow morning when an all-volunteer student crew will be painting the fence surrounding the athletic field next to the Commons.

Deadline

Queen Nominations Monday - Noon
A Poor Showing

Upon scanning the college bulletin board this past week, we were quite surprised to see little circulation for the upcoming campus election. No doubt, those who are elected are worthy of the positions which they hold, as are most of the candidates in this election. The portion of the announcement which was most startling was that part which stated the total number of students who actually voted, which was only 12%. This is a general feeling of indifference and lack of concern reigned over the student body.

This statistic as follows: sophomore class member-ship, 394, those who voted, 102; junior class, 243 members, 101 voting; senior class, membership 212, participants in the election, 30. 74% of the sophomores voted, 41% of the junior class turned out, and less than 30% of the senior class stopped at the polls.

The evidence is clear that most students show little concern for the issues of their college. The compulsory class meetings with little regard for what happens between such meetings. It is true that we began to realize the importance of our obligation to our class and to our fellow students.

We as members of a class should have a desire to know what our class is doing as a unit and to have a part in helping it to accomplish its objectives.

Economics Club Will Close Drive Tuesday

The annual membership drive of the Economics Club began last week, and the forthcoming meeting on Tuesday, October 20, will feature a special program. At this meeting a variety of committee members will be organized to handle such business as the election of club officers, including the vice-president, who is one of the New York field trip and the annual general meeting.

The agenda for the meeting also includes an election to fill the vacant position of the vice-president and reports on the progress of the homecoming display.

Ronald Seboke, president of the club, has announced that all dues must be paid by October 24.

UN Group Plans Work

Members of the campus chapter of the International Congress of Citizens for Democracy, a national organization which will hold its annual convention in Philadelphia, Pennsylvania, will meet on several programs which they feel will strengthen and promote the ideals and aims of the UN.

Next week, the group will initiate a series of meetings on UN displays will be erected in one of the classrooms and in the library in conjunction with United Nations Week. Late in October, Mr. David P. Seboke, director of the field situation for UNCEF, will be the guest speaker at United Nations Day.

In November, a statement convention will be held at Wilkes under the direction of Jerry Shalanski, newly elected state chairman of CCUN.

Students Visit P.P.A.L.

By Stanley Pastysky

On Tuesday, October 10, the Visual Education Center visited the Pennsylvania Public Library Company plant at Harding.

Dr. Ruth Jesse, instructor, announced that this trip was one of the many projects sponsored by the class this semester.

Nurses Take Science Courses  
To Supplement Hospital Training  
by Joe Klein  
WILKES COLLEGE BEACON

Wilk College, this year, as in the past, is host to student nurses from the local hospitals. Those young ladies, 107 in all, represent the Neabot, the Wilkes-Barre General, and the Wyoming Valley Valley Hospitals. Their program is run by them under the student nurses administration here.  

Because nursing is a three-year program, these student nurses, unlike students enrolled in a four-year program, will enter their junior year in their junior year less time will be spent in classes and more will be devoted to work and internships in the hospitals. For their senior year, nurses select the regular junior study, which may be anesthetics, operating room work or one of many specialties. 

After completing the course, if they "make the grade," they are sent to a certificate, if successful, a diploma will be presented. Their certificate is a symbol of their three years of hard work, but the story does not end here. Their training completed, the nurses take a State Board of Nurses examination to become licensed as registered professional nurses. After passing this exam many nurses will further their education by attending regular colleges for two years to get their Bachelor of Science degree in nursing. 

As freshmen, the Wilkes student nurses are beginning the process of determining their future. As they are looking forward to careers being found to be in the fields of nursing.

Shall we add a new name to the Dink University? Dr. Konstantin Symmons, chairman of the sociology department, received an "A" in course this summer at the University of Colorado.  

Under the auspices of the National Science Foundation, Dr. Symmons received a fellowship to the University of Colorado's summer institute in anthropology.  

"It was no vacation," he sighed as he described the intensive summer course given in all aspects of anthropology. The course was required of all graduate students in degrees other than anthropology.  

When asked what he found most troublesome in the eighteen class hours per week, Dr. Symmons mentioned the "stereotyped" sound vaguely familiar to so many students. He said that the hour and a half class made him realize the difficulty students have in sustained listening. He admitted that objective tests are trying. And he did not like the vagueness of what was going to be covered on examination day.

Gridders Seek First Win Tomorrow

COLONELETIES MAKE HISTORY WITH FIRST FIELD HOCKEY TEAM; MISERICORDIA TO FURNISH OPPOSITION AT FIRST HOCKEY GAME

by Judy Barger

Something new has been added to the Wilkes Sports scene as the Colonelette field hockey team prepares to open its season on October 24. College Misericordia will furnish the opposition for the first field hockey team in the history of Wilkes athletics.

The team works out every Monday, Wednesday, and Friday at the new Wilkes Athletic Field next to Kirby Park at 4 p.m. The team is made up of eleven players and Coach Saracino has not set lineup thus far. Any girl interested in playing on the team should report to the Kirby Park field on practice days. No experience is necessary to play but a firm interest and will to play are the main ingredients for a candidate for the squad.

Although the team is not a member of a league this season, Mrs. Saracino has several games scheduled for this year with a league membership set for next season.

Colonels Meet Ursinus on Road; Krisulevicz Leads Ground Attack; Lose to PMC on Interceptions

by Dale Jones

The football team travels to Collegeville tomorrow to take on the Bears of Ursinus College in an effort to pick up their first win of the season. The Colonels will be trying to rid itself of the seemingly inability to capitalize on scoring opportunities and to get itself into the win column. Last year the Bears ruined the Wilkes Homecoming with a 14-7 victory.

Coach Richard Whately has a veteran squad to field against the Blue and Gold. Nineteen of the team wear the red, gold and black uniforms this season and have been responding to their schedule like world-beaters. Last week a last minute touchdown gave a strong Johns Hopkins team a 13-7 win over the Bears.

The gridders lost their second game of the season on Saturday as they bowed to PMC, 7-6. Almost 3,000 people saw a fighting Wilkes squad move the ball well during the entire game but fail to cross the line into scoring land. It was a little late in the game that put the Cadets on the score card as Crates was hit on the four-yard line by a vicious tackle of fullback. Cadet fullback Nick Trouard pounced on the ball in the end zone and the game was won.

In the second quarter the Colonels threatened when a Gubanich pass to Maclaughlin was tipped the ball on the PMC 15. But the Cadets dug in and a field goal attempt by Larry Turel was wide.

The third quarter saw Wilkes ground attack start rolling. With Tom Krisulevicz, Dick Capitan, and John Gardiner pulling large chunks of yardage with running drives, the drive settled on the Cadet 10. A Gubanich pass was intercepted to halt this drive. In this final period Bill Schwab led the Colonels in their final threat. With Hardy and Krisulevicz eating up yardage the threat reached the eleven. An aerial went astray and the Colonels were forced to take their second one-touchdown loss of the season.

Statistics proved the Colonels were superior as they rolled up 12 first downs to PMC’s 8 and out-rushed the Cadets, 189 yards to 120.

LETTERMEN’S RAFFLE TICKETS GOING FAST

The Letterman’s Club raffle campaign is just two weeks old and the response has justified the efforts of obtaining the prizes. The chances are relatively inexpensive when you think of the prizes that can be yours.

Another and more complete rundown on the prizes: first prize is a pair of tickets for the world’s most famous griddiron classic, the Army-Navy game. Transportation is included with the first prize to make the prize even more popular.

The second prize winner receives two tickets for the Broadway smash musical Sound of Music. The show is sold out until after Christmas and the Letterman’s were lucky to obtain the musical tickets. Third, fourth and fifth prices are two pound turkeys.

The drawing will be held in conjunction with the halftime exercises at the Wilkes Homecoming game with Lycoming College on October 21.

This raffle is an annual event at Wilkes; it is one of the few opportunities the Letterman’s Club has of raising the money necessary to support and continue their scholarship program.

Late Congratulations To Coach Mike Dydo

The Sports Staff of the Beacon wishes to offer belated congratulations to Coach Dydo on his August marriage to the former Susan Rootford. Mr. Arthur Hoover and Marian Antinelli helped in the trip up the middle aisle.

VARISSY SWIMMING

There will be a meeting of all those interested in the college swimming team on Monday at 12 noon in the gym.

Soccer Team Away At Gettysburg

Ferrismen Lose to Lafayette; Guetig, Toluba Excel on Defense

Sidetracked a week ago by Lafayette after winning their first two games, the Colonel soccermen will strive to get back in the winning mood tomorrow afternoon at Gettysburg. But to do it they've got to conquer their nemesis, the victory-hungry Gettysburg Bullets.

Locked in a bid for the MAC championship, the Colonels will be in better physical condition for this game. The 2 p.m. kickoff will find most of the Colonels' injured hate and beauty for the bitter struggle.

Erving Guetig and Chuck Weiss, two crack defensive fullbacks, will return to their starting roles without the aid of adhesive tape. Both backs were hampered by pulled groin muscles for the Lafayette tilt and played below their usual par.

Center halfback Ted Toluba and outside right Frank Lepore have fully recovered from knee injuries while goalie John Adams is still bothered with a wounded knee. There is still some question as to the availability of George Tensa, Colonel inside right. Tensa is ailing with a head injury and has been out of practice this past week.

The Bullets will be attempting to continue the scoring drought that has hampered the Colonels in their contests. Last season the Gettysburg team shut out the Colonels, 3-0.

Last Saturday, the Colonel team was handed its first setback of the young season in a 1-0 loss to Lafayette at Easton. The host Leopards presented the Homecoming fans with a thrilling contest. The loss dished Wilkes first place in the MAC standings and also broke a two-game winning streak.

In an action-packed first half both teams threatened with deep forays, but neither was able to dent the other's goal. The fiery Leopard team kept the ball in Wilkes territory most of the half, but fine defensive play by the fullbacks Chuck Weiss and "Gator" Guetig and the center halfback, Ted Toluba, held them scoreless until early in the third quarter when Lafayette lineman Yolen scored the first goal against Wilkes this season.

It appeared that the Ferrismen lacked some of the drive and hustle which was apparent in the games with Susquehanna and Wagner. Several offensive threats ended by being broken up around the 18-yard circle.

Ted Toluba made a strong bid to tie the game with a solid boot from around the thirty-yard line. The ball, however, rose and missed the goal by only a slight margin. An official penalty also thwarted a Wilkes scoring attempt.

Again it was the fine defensive game that kept this game close as the offense failed to materialize to any effective extent.

ATHLETE OF THE WEEK

Kris Cited for Outstanding Game

This week the accolade of Beacon Athlete of the Week goes to Tom "The Bomb" Krunzleveja, senior secondary education major. Tom gained the nod by virtue of his outstanding play in last Saturday's loss to Pennsylvania Military College.

Tom, running from the fullback post, picked up a major portion of the 109 yards that Wilkes gained rushing. He spearheaded four deep penetrations into PMC territory. The fact that the Colonels failed to score on these drives does not detract from Tom's stellar performance. The 5'10", 170-pound back displayed exceptional running power and speed in the contest.

Defensively, Tom aided in holding the heavier and taller Cadets to seven points. He made a number of crisp tackles which prevented possible PMC long gain. A native of Lackawanna, Pa., Tom has earned the varsity "W" in each of his first three years at Wilkes. He has shown that he is a steady and rugged performer and is certainly worthy of being named Athlete of the Week.

BASKETBALL NOTICE

Coach Edward Davis requests all candidates for the basketball team to report to Pickering 101, Monday at 8 p.m.

S.G. DINNER-DANCE

Tickets for the Student Government Dinner-Dance to be held on Saturday, October 21, may be purchased from any Student Government member.

Shawneeites, Butler Lead "Touch" Gridders, Russo Leads Indians with Two Touchdowns

The 12-man intramural touch football league rounded out its first week of play late Thursday afternoon. The games were incomplete at the time of this writing, with the Goren and Hellenback meeting on Wednesday and the Russos opposing the Bandits on Thursday.

In the season's opener the Shawneeites continued where they left off from the past three seasons and routed the Tributaries, 29-7. The lone man from Plymouth has ruled the roost in the intramural league for the past three years and has a strong contender for league honors again this year.

Phil Russo, the Indian with Exeter blood, scored twice for the Shawneeites on passes from Pugh. J. P. McAndrews also crossed into the end zone with a speedy pair of punt returns to pay dirt. Tony Karmilovich and John Tenna ended the TD spree for the defending champions. Lee Waxenliet, a Shawneeite loaned to the Tributaries for the game, scored the lone tally for the losers.

In the Dora league the Butler Hall six sent out early warnings for league contenders with an impressive 84-6 win over the hapless Bennett Hall team. Ed Bogalski led the assault on the Dora defense, with two touchdowns while Joe Krzuczak, Ziegler, and Smithson scored a touchdown each.

Next week's schedule finds the Roglets and Maus-Maus meeting on Monday and the Shawneeites tangling on Tuesday. On Wednesday the Shawneeites will try to make it two in a row when they meet the Bandits while Butler will try for number two on Thursday when they meet Hellenback.

For these of the students who have never seen these games they are held every Monday through Thursday in the old soccer field adjacent to the one in Kibler. The teams are composed of six men, and some of the slight differences from regular rules should be mentioned. There is no tackling— one-hand tag is used. All players are eligible pass receivers, lateral passing is allowed at any time, incomplete laterals are treated as fumbles, and the ball becomes dead when the player is tagged.

Four downs are allowed to reach the center of the field. From there four downs are allowed for a score and points after touchdowns may be scored by passing or rushing. The games are divided into four 15-minute quarters with a six-minute break between halves.

Mary Homan, Recent Graduate, Does Homework for California Project

Giving the lie to the critics who say that American young people are 'in touch' only with the plaid-clad, who are spending their summer social evenings to aid in the cancer battle.

An attractive group of 18 pledged themselves to a special 'date.' The date is a staggering 1000-man-hour project that will determine local police services for the next 4 years.

Recently, Miss Mary Homan, 21, a Wilkes graduate now living at 7467 Ave. A, Los Angeles, Calif., told officials of the Southern California Cancer Center that she wanted to do volunteer work. When asked whether she wanted a job as an 18 to 22-year-old, she said she wanted a big job — and she got it.

Now, Mary and co-workers from California Federal Savings and Loan Association and friends, who inspired her, are engaged in a project that will aid long-range planning for the Cancer Center, patients may receive full cancer treatment before radiation therapy, regardless of ability to pay.

To estimate their future case load, Center officials decided the best way would be to explore former patients who had come from, then compare this group with those who might be expected to have an increased population increase in the various areas.

But, since the Center is the only facility in the southwestern United States that is equipped to handle a complete equivalent of the disease, they are going after, their records one patient at a time.

The girls have already worked a total of 400 hours, all during the evenings after school and on Saturdays.

Asked if she is missing out on fun or romance by giving up all this free time, Mary said, "The girls are all young and if we're lucky we have lots of time ahead of us. We'll live, anyway. What a future, may not have as much time if treatment isn't available."

It was just a matter of a change of planes. In one hour we were in the stuff, but the change was a thing to behold.

First place winners were Sterling and Bollecke, with 860 yards, and second place winners Howarth and Gere Hal.

The evening was successful and enjoyable. Much praise goes out to all the doers, especially the Inter-Dormitory Council.

WILKES COLLEGE BEACON

Nominations will End At Noon on Monday For Homecoming Queen by Sandy Faux

Mirror, mirror on the wall, who's the fairest senior girl of all? She's going to be Wilkes' Homecoming Queen.

The girls will be judged on the basis of personality, leadership, scholarship, extra-curricular activities. All senior girls are eligible; nominations are Homecoming Queen may be made by any member of the student body in the form of a letter to the Beacon.

Reigning over the Homecoming festivities, the queen will lead the carthoon to the football game, where she will be honored during a special ceremony. She also will attend the pep rally, home- days, and dinner-dance, acting as an honored guest at each.

The members of the Student Government and the members of the editorial staff of the Beacon by placing them in the list of nominees. The senior class will select the winner co-sponsored from the list of nominees.

I-M Bowling Opens:
Playboys Sweep Faculty

The Wilkes Intramural Bowling Tournament opened on a sunny afternoon with the Playboys taking on the Faculty. Jim Johnson led the Playboys with a 325-high score which he maintained throughout the tournament.

The Playboys took three games from the Fowl Lines and the Gutter-dogs took three games from the M-Men. The faculty took a game from the Playboys.

DR. SYMONS, 100 years, was completely vanquished by my charm. I felt that I could now speak to her concerning her handicap, so I asked Mary Ann to relate some facts about the assignment, and if she would give us her philosophy of life.

Without hesitation, she replied that "There is not being trying at all, but rather the fact that we "are a car," we went on, "but to have made the best of things and try to forget. It helps to keep busy and have many interests." Mary Ann is the daughter of Mr. and Mrs. Aaron Shaver of Halls County, Pa.

M A R Y A N N D R E H E R

Miss Mary Ann Dreher, a student of the Wilkes College, has been a member of the Psych-Soc Club and head of the committee of her dormitory. She explained that her activities at Wilkes were limited because of her hectic schedule, but she does manage to find time to belong to and help in the chapter of the American Federation for the Blind.

Last year, she was able to participate in the Blind Bowl League. She wouldn't disclose her average, but I assume it was nothing to be ashamed of.

Although she has worked as a telephone switchboard operator, most of Mary Ann's summers have been spent taking summer courses. She hopes soon to go to graduate school in the field of child psychology. Her plans for the future in our plans were only tentative, since marriage, with the young and energetic Miss Dreher, were the foremost thoughts in her mind. When I asked her, at one end, I found that my pangs of un- easiness was completely vanquished by her charm. I felt that I could now speak to her concerning her handicap.

I asked Mary Ann to relate some facts about the assignment, and if she would give us her philosophy of life.

Without hesitation, she replied that "There is not being trying at all, but rather the fact that we "are a car," we went on, "but to have made the best of things and try to forget. It helps to keep busy and have many interests." Mary Ann is the daughter of Mr. and Mrs. Aaron Shaver of Halls County, Pa.

Student Response to Election
Noted at Government Meeting

Three newly-elected Student Government members were presented to the campus Monday afternoon. The three are Richard V. Roberts, senior; Harvey Rosen, junior; and Gail Roberts, sophomore.

Rick Reese, head of the elections committee, reported that 59 seniors, 185 juniors, and 102 sophomores voted in the election held last Friday.

Topics on the agenda included reports from the standing committees.

Ted Begun, chairman of the Calendar committee, has the responsibility of investigating concerning activity dates and presenting them to the Student Government. Concerning this, activity forms were submitted by the class of 1965, who will meet on Thursday, March 15 and by the class of 1966 for Dodge Ball on March 16. These activity forms were not accepted until further investigation can be made by the Calendar committee.

Jerry Shulanski, representing the School Spirit Committee, reported that the bus trip to PMC last week was a great success. Plans to go to Urisinus (Collegeville) are now being made.

Mike Bianco, head of the evaluation committee reported plans for making a survey of campus attitudes. The survey involved a study of library, parking lots, and student leadership, will be completed soon.

Fred Sens, chairman of the Constitution committee, reported that the first constitution being considered by the committee is that of SANE.

Reports were also heard from Special Events committees, such as Orientation, United Fund, Homecoming Committee, and Dinner Dance.

Rick Reese, chairmen of the External committee, reported on the activities of Mrs. Ross, the Peace Corps representative, who was on campus Tuesday. Al Kishel, President of the Student Senate, and Mr. Robert Morris, Administrative Assistant to the President and Director of Student Activities, attended the Regional Peace Corps Congress held in Wilkes-Barre Monday evening.

President Roberts was present at last Monday's Election Committee meeting.

With the aid of the campus, the critics could now speak to her concerning her handicap.

I asked Mary Ann to relate some facts about the assignment, and if she would give us her philosophy of life.

Without hesitation, she replied that "There is not being trying at all, but rather the fact that we "are a car," we went on, "but to have made the best of things and try to forget. It helps to keep busy and have many interests." Mary Ann is the daughter of Mr. and Mrs. John Shaver of Halls County, Pa.

Student Government was elected to the Court of Appeals. Dick Farley and Gene Ricco were elected to the Court of Appeals.

Under Old Business, members were elected to the Court of Appeals by the freshman tribunals. Dick Farley and Gene Ricco were elected to the Court of Appeals.
