College and Community Honor Dr. Farley

Recognition Given College President in Twenty-Fifth Year
by Barbara Ann Lore

A broad variety of interests and backgrounds is the chief characteristic of the principal speakers for the testimonial dinner honoring Dr. Farley Wednesday. These men represent careers ranging from financial counselor of a philanthropic institution to Norwegian educator and author of a German grammar textbook.

Jesse Choper, an alumnus of Wilkes College and present assistant professor of law at the University of Minnesota, will not, on the recommendation for the award by a distinguished New York University professor, be able to accept the dinner in person. At the last minute of the dinner Mr. Groh, of the college's Student Weekly, who is a native of the old country, was unable to accept the dinner in person. Krasa Named Chairman at First Court of Appeals Meeting

The Court of Appeals held its initial meeting on Tuesday evening at which time the members organized for the coming year. The members of the Court are: Mr. Choper, Mr. Elliot, and Mr. Milley.

All members of the Court were present at the meeting. Mr. Choper was elected director of the Court and proceeded to conduct the remainder of the meeting. He took office on May 1st, president of the Student Government, who was called upon for the opening meeting. The Court and the Student Government, who were present at the meeting, will continue to function.

First, the Court considered the report presented by the chairman for the fiscal year. The report included the policies of the Court for that year. Several changes were made in the policies with a view to making them more understandable. After it decided the basic policies for the year, the Court discussed the relevant sections of the Student Government Constitution. This was with a view to making some recommendations of possible revision of the sections in the Constitution affecting the Court.

Several such recommendations were made and the Chairman was instructed to submit them to the Student Government. The Court then decided that it would accept the report and submit it to the Student Government for its consideration. The Court proceeded to its next meeting on Tuesday at the Student Government office at 3 p.m.

An international flavor will be given to the occasion by Dr. K. Roald Bergethon, president of Lafayette College, who is a native of Troxel, and a member of the Student Government.

UNITED FUND Drive Successful

The campus United Fund campaign which concluded last Friday realized a total contribution of $1,118.25. Although the goal of $1,200 was not reached, the drive was successful. The various units of the administration, faculty, and student body who exerted a great deal of time and effort in making solicitations are to be congratulated.

The showing made by Wilkes is a credit to all connected with the college. As a community college, the impression created by Wilkes is important and each student should take a deep sense of pride in this.

The spirit of Wilkes students was manifested in the fact that approximately two-thirds of the goal was reached during the last week of the drive. This last-minute turnout proves the ability of Wilkes students to accomplish tasks placed before them.

Once again, thanks and congratulations to those who conducted the drive and to all who participated.

Suggestions Needed

The deadline for suggestions for a Senior Class gift to the college is drawing near and as of this moment only a few suggestions have been received. The class has approximately $1400 in its memorial fund to be used in the purchase of a gift and all students are urged to submit any useful ideas to one of the members of the gift committee or in one of the suggestion boxes.

Gifts of historic value substantiate the beauty of the college as well as provide useful items which the college would not ordinarily purchase. Each year, the item selected for the class gift has been the result of a great deal of thought and this year should be no exception.

The expanding nature of the college provides a wealth of ideas. We would be interested in any suggestions which any one particular group can give to the college which must not be overlooked.

A suggestion of need is needed. Any suggestion which you may have will be carefully considered by the class gift committee. Help them in this endeavor and by so doing, have a part in the growth of the college.

LETTERS TO THE EDITOR...

By Jerry Slatesik

“I believe in a well rounded education, lots of social life, plenty of ball seasons, and getting along with everyone.”

Walter Hettel, Pete Shilanski and Bob Petrig third-year students have said that they should have been on every ballot in the country last Tuesday.

The men from Hallett Hall, Pete home from hospital, suggested that in Pete’s ability to finish the job he had a few summers ago when he was a carpenter’s apprentice.

However, it is certain that many members of the Inter-Dormitory Council will realize that the last five years have been of vital interest.

In answer to what he would like to see done here on campus, Pete has made the following suggestions for action by the students. “I think more people need to be more action taken by the entire student body. Too many people can criticize and talk a lot, but just do a few things productive.”

He recommends that the Writing Club expand its activities and the social science connection between the student life and the studying of the individual.

Commenting in his capacity as president of I.D.C., Pete took a strong stand for the drive into “Masive Dorm.” “I feel that doing away with the small dormitories this year will make the college much better.”

In the view of the IDC, the dorm students are closer to the school, which may account for their student life activities. “It’s only logical,” said Pete.

He also stated that this new dormitory group is the result of the fact that the dormitory students have a greater obligation to the college because they are the only students in their dormitory. Pete is a group which reflects directly on the college; whereas the actions of the commuting students would reflect on the parents first.

Pete emphasized the fact that he did not think there was any real difference between the liberal arts and the business students, as is often removed. He also emphasized the importance of the dorm students in the college, the dormitory students are as important as any students. He feels that the new dormitory students to their senior, a counselor and athletic instructor in a Big Brother Club. Pete also said that he would like to be a helper of those who have gone astray.

Although Pete has devoted his time and effort to the Student-Faculty Council and extra-curricular activities here are aspirations that he will be a helper of those who have gone astray.

Nineteen Students Named In “Who’s Who”
June Graduates Gain Recognition
In National College Publication

Members of the College Faculty and Administration have selected 19 seniors for national recognition in Who’s Who Among Students in American Universities and Colleges. The publication, originated 25 years ago, gives recognition to outstanding students by listing personal and college records in its pages.

The senior leaders were selected for their scholastic ability, and for the cooperation they have shown in educational and extra-curricular activities.

After nomination by a panel of administration and faculty members, all final decisions were forwarded to Who’s Who. Each student will receive a certificate of recognition from the publication and also will have the use of the publication’s Student Placement Service.

Weak Offense Hampers Colonels
As Dickinson Scores 7-6 Victory

by Dale Jones

The Colonel gridders travel to Haverford College to tangle with the Mainliners in an MAC battle of the beatens. Both teams will be looking for their initial win of the season and the contest looms as one of the season's most important.

Leading the Mainliners will be the aerial team of quarter- back Steve Dallicchio and end Robert Jenks. The power of the Colonels will be the ground game of fullback Bill Shubin.

The husky junior scored two touchdowns against the Wilkesmen last year as the Colonels scored a 33-12 win.

For letterman return to the line for Coach Roy Randall as he begins his twenty-sixth year on the head coach of the Haverford team.

Bill Mervis, a 6'5, 215-pound tackle, and Roy Davis, a 6'1, 195-pound guard, anchor the middle of the line.

Mud and Gloves

In last Saturday's game at the Athletic Field, the Blue and Gold was submerged in a sea of mud as the Red Devils of Dickinson turned in a winning effort in the tor- rential, day-long deluge.

There was plenty of courage shown and off the field as the Colonels faced rugged playing condi- tions, while 900 loyal fans stood behind them and cheered them on.

The difference in the ball game came in the second period when John Harper split the uprights with a placement after the Dickinson touchdown. The TD followed the only sustained drive of the game by either team.

The rally was set up when back Jack Thomas intercepted a Travis Key pass on the Dickinson 48 and carried it all the way to the Wilkes 9. From here Dickinson quarter- back DiOrio hugged the ball for a short time, Dick Warson got four and DiOrio three more for a first down on the Wilkes 22. After an incomplete pass, Bob Marckle car- ried to the 15 and then Rene Di- Orio pulled off the nextest play of the game.

After faking a hand-off, the quarterback threw a hail-mary pass to the middle to end Joe Lipski who grabbed it in the middle of the Wilkes defensive array and went straight to touchdown land unopposed. Very important kick as Bob Harper followed.

The Colonels got into the scoring column in the third period when Larry Trel, blocked a Dickinson punt and the winners' 36. The ball rolled back to the 20 where Charlie Cherundolo picked up the wet pig skin and with the whole defensive line leading the way, mashed his way through the mud into the end zone.

Wilkes elected to go for tie but the one-point placement attempt never got off the ground as the west ball caused a bad pass from center and Frank Wallace was smothered as he picked it up and tried to run it into the two points.

For Wilkes it was a game of tough defensive line play which saw the "Huskie" team containing the winners' "Slash" defense, a game of tight defense and offense with their spirited rushes.

However, Dickinson had the ball so much of the time it was virtually impossible to stop the club from securing the winning points. The Colonels played an outstanding game from the de- fensive secondary as he broke up several passes, was in on many key tackles.

In highlight played a deciding factor in the game with Colonel fullback Tom Kreslesevich suffering a strained muscle in his foot that put him on the sideline in the opening period and guard Pete Wieland wrenching his shoulder in the sec- ond period.

FOR IBM, WITH IBM...
Colonelettes Down Misericordia; Judy Barger Scores Lone Goal

Womanhood took a large stride ahead in its attempt to destroy the "legend of male superiority" last Friday as the Colonelette field hockey squad completed an undefeated season with a 1-0 victory over the College Misericordia girls. This brought the season’s record of the Wilkes coeds to a one win, two tie ending.

The opening half action was rough-and-tumble with the defensive halfbacks of both teams playing great ball with effective ball hawking and blocking. Neither team could muster an effective offense until the closing minutes when the Colonelette passing brought the ball into scoring range.

A pass from Janet Ainsworth to Judy Barger put the ball in front of the goal and Judy responded with a "bullet-like" shot at the goal. A Misericordia defender lunged at the ball with a desperation swing and got her stick in front of the ball. Instead of stopping, the ball ricocheted off the stick and into the net for the lone score of the afternoon.

Both teams threatened in the second half but the defensive secondaries were not to be outdone as the fullbacks of both squads thwarted any scoring attempts.

Carol Rhines registered her first shutout game of the season for the Colonelettes. The fullbacks, Carol Pfeiler and Regina Ritzie, shone with their aggressive play. The most outstanding performance of the afternoon was center-halfback Marjorie Prusakowski. Using her freshman philosophy major she played her usual effective game by continuously stealing the ball away from her fullback linemen as they attempted to cross into Wilkes territory.

Wing fullbacks0 Heather Danzinger and Fran Gallagher aided the defensive play with their timely steals and blocks. The line of Janet Ainsworth, Judy Barger, and Sharon Hallett, and Mary Ann Vannoy looked very good with their pass patterns.

The future looks bright for the Colonelettes. Of the 11 girl underclassmen, and gained the experience of learning to play together as a team. Mrs. Saracco is looking forward to next year when the College will be in its third season of real competition.

Colonel Bowlers Open Season with Victory Over Scranton Classics

The Wilkes bowling team opened its season on a successful note last Sunday afternoon at Lispi Lanes. In a thrilling match the Colonel bowlers defeated the bowlers of Scranton's Junior Classic League. Wilkes took a 45-pin lead after the first game on the strength of Jerry Zeller's 215, as the team hit 671 to Scranton's 626. Ritchie Gerber led Scranton with a 220 in the first game. After the second game, which was a reversal of the first, the Wilkesmen found themselves 28 pins behind. Scranton hit for 994 in the second game as compared to a respectable 928 for Wilkes. Three of the Scranton bowlers dropped more than 200 pins in this game, while Dave Soltes with 205 topped that mark for Wilkes.

Wilkes continued the torrid pace in the third game to overcome the deficit and emerged a 145-pin victor. Scranton was held 908-782 in the final game. A rematch will be scheduled for the near future.

BOOTS END SEASON WITH LOSS TO STEVENS

Last Saturday the sophomore of Coach Ferris closed the 1961 season with a 2-1 loss to Stevens Institute of Technology at Hoboken, N.J.

The Engineers scored their initial goal in the second period as Lew Spiridolio headed the ball into the net after a shot glanced off the goal post. Their second goal came early in the third quarter on an 18-yard shot by Ed Wadnagy.

A pass by Frank Lepore and a left-footed boot by Clyde Roberts accounted for the only Colonial tally in the fourth period. Wilkes threatened again late in the final period on shots by Walt Pruszakowski and Roberts. At the end of the game, Wilkes was hammering at the Stevens goal.

A generally well-played match was marred only by the fact that both of the Stevens goals resulted from mixups in the injury-ridden Wilkes backfield. Dick Morgan and Bill Flynn, and the team as a unit, performed quite well against an experienced team which was comprised entirely of Europeans.

Coach Ferris' soccer squad finished the season with a 3-7 log and were 5-5 in MAC competition.

BOOTLEGGER HEAD'S "RELICS"

The Bootlegger Head's "Relics" lost all of their games. Three of the main "relics" are Maurice F. "The Highwayman" Wood, about whom much was said last year, and Jack M. "The Gentleman" Stearns, and Joyce "The Silver Lady" Saracino.

Wood is a 5-9, white-faced center-halfback who has had a reputation for being a "bullet-like" shot at the goal. M-M forever>

Solons Debate Money Matters, Policy Issues on Crowded Agenda
by Loua A. Balera

At the Student Government meeting Monday night vital issues were debated. Activity forms that were submitted to the Student Government by the Biology Club for a closed affair and the Economics Club for a field trip were discussed. Student Government felt that they had no jurisdiction over these affairs because of existing policies last year.

Under reporting to the standing committees, the Budget committee report was given on the "Near Beer Ban," sponsored by the Cuttle-Blue dormitories tonight. A motion was passed to give these dormitories $300 from the Dormitory Activity Fund so that this affair would be free to all attending. In the future policies of this nature will be considered by the Policy committee.

A motion proposed by Buddy Molnar and seconded by William M. Craig, President, that the following be enacted: (1) that a system be set up for Glee Hall parking lot to park cars in set spaces; (2) that curb will be lowered for no parking; (3) that trash bins be increased and (4) that new parking lot stickers be issued on a rotating basis for cars parked; and (5) that parking lot parking sticker that can be marked with Black Ink.

Under a special committee report on parking lots by Joff Gaillot, problems concerning the Veeder Hall parking lot were discussed. The Student Government decided that the following be enacted: (1) that a system be set up for Glee Hall parking lot to park cars in set spaces; (2) that curb will be lowered for no parking; (3) that trash bins be increased and (4) that new parking lot stickers be issued on a rotating basis for cars parked; and (5) that parking lot parking sticker that can be marked with Black Ink.

POLITICAL SCIENCE Major Explains Illegal Drinking Consequences

by Jerome Kraus

Certain elements in any group always tend to break the law. For some reason, these people get a thrill from doing something wrong in order to see if they can avoid being caught.

People such as this encourage a general disrespect for law and law enforcement. They can constitute a danger to society. Moreover, the popularity of these individuals for the law and even don't realize they are doing so or what the conse-

quences of their action can be. They may make it dangerous as the first. People in it can be prosecuted just as vigor-

ously if they violate the law as a person who has full knowledge of the consequences of their action can.

Today, it seems to be fashionable among a number of Wilkes stu-
dents, particularly the seniors, to violate the Pennsylvania Liquor Code. Such action seems to indi-
cate a lack of respect for law. Frequencies of this action can result in a fine and imprisonment.

Also, from the angle the individual is being prohibited from our society. The standard answer is that laws were made to be broken. And if an individual realizes that this is not the case. Laws are written to discourage certain activities and to provide punishment when they are broken.
