Cl- asses Clash In Pre-Spring Orgy; Currently Training for Fifth Fiasco

by Barbara Simms

Spring brings with it the inevitable onset of nature coming to life, the last days of spring fever, and the incunacy of the annual Donkey Basketball Game. This year’s face will again feature the Faculty Flashes and the Student Stars — against the donkeys, who will be trying for their fifth straight win.

In spite of the overwhelming odds against them, the number of the brave who have volunteered to ride in the game is notable. Among the players on the Flashes' team will be Dean, Graduate, Freshman, Sophomore, Junior, and Senior. Notable among the Flashes will be McHale, who served as president of his class during his freshman year, is currently a member of the Accounting Club and the Debating Society. He will assume the responsibilities of his

McHale Elected SG Representative For Junior Class

by Mary A. Quinn

A summer institute in biology for secondary school teachers will be held this year at the College, the first science institute of its nature to be held in Northeastern Pennsylvania. The institute consists of a seven-week program from Monday, July 5 to Friday, August 20.

The program, which is sponsored by a $43,680 grant from the National Science Foundation, will involve about 30 faculty and staff members. The institute is designed to meet the needs of the secondary school teacher of biology who has limited preparation in the field and no recent exposure to modern concepts in biological sciences. It is hoped that the courses in this program will present an intellectual challenge for these teachers by: stimulating the participants in gaining the confidence and understanding of modern biological concepts and to modernize their teaching techniques.

Students of the College who are interested in the possibility of gaining a commission through the Air Force ROTC program at Lehigh University are invited to attend a meeting at Stagg 116 on Tuesday, March 9, at 11 a.m. at this time the program will be explained and plans made for Lt. Colonel James McHale and the Student Affairs Committee of the Student Senate. The meeting will be held in conjunction with the annual spring institute in biology.

The attention of interested college students is directed to a series of significant changes in Air Force ROTC programs, to be implemented at more than 180 colleges and universities throughout the United States under the provisions of the new ROTC Vitalization Act, which will be effective at Lehigh University with the beginning of the next academic year in September, 1963.

The changes in the Air Force pro

Plans for Campus ROTC Program Being Studied

Although a total of 985 requests for application have already been received from all areas of the United States, the institute will be limited to 40 participants for purposes of encouraging maximum participation. Final selection of the participants will be made by a committee consisting of the director, the associate director, and the staff members of the institute.

Dr. Francis J. Michelson, professor of biology and dean of academic affairs at the College, will be director of the institute. Associate director will be Dr. Charles B. Reif, chairman of the department of biology. Assisting the director and associate director will be two other staff members at the College, Dr. Robert E. Ogren, associate professor of biology, and Dr. Grace C. Kimball, assistant professor of biology. Supervisor of the laboratory experiments will be Marilyn Williams, who is with the biology department at Highland Park High School, New Jersey. Institute staff members have been actively engaged in research for some time, with three programs sponsored by the National Science Foundation and the National Aeronautics and Space Administration.
Day-sie Dotes On Dormies’ Deeds

Dear Editor:

As a senior year student Veteran of the War of the Parking Lots (not without my share of the day when I had to change my routes due to the parking lot), I wish to protest against the parking problem that has existed for many years. I propose a solution to the parking problem.

According to the student parking regulations, all cars parked in parking lots on campus must be registered. This, I believe, should be changed to include all cars parked on campus, regardless of whether they are registered or not. This would not only prevent overcrowding but also encourage the use of public transportation.

Sincerely,

[Signature]

Dear Editor:

We're really "burned up" about the cartoon which appeared in last week's issue. We feel that it portrays our college in a false light and fails to show the true spirit of our student body.

The cartoon is a reflection of our concern with the problem of parking on campus, but we really fail to see how the small area left here by the smoking man can accommodate the needs of the student body. As you are aware, there is an immolation of 20 students plus one housewife, who does not even own a car, would alleviate the lack of space.

Sincerely,

Day-sie Dotes On Dormies’ Deeds

Dear Editor:

I have been a student at this college for two years and I have noticed a trend that I believe is detrimental to the student body. Specifically, many students park their cars in parking lots near the dormitories, which not only causes a traffic jam but also makes it difficult for employees to get to their workplace.

I propose a solution to this problem, which is to establish a specific parking area for student cars only. This will not only alleviate the traffic congestion but also ensure that students have a guaranteed place to park.

Sincerely,

Reese Authors First Book; Wrestling Manual Slated For Publication In Fall

John Reese, director of athletics and wrestling coach at the College, received a letter from the Prentice-Hall publishing rights to his first book, "Dr. P. F. St.1: Wrestling Drills and Techniques." Co-author of the book is Leeoy Alttz, wrestling coach at the U.S. Military Academy at West Point.

Prior to the agreement, Prentice-Hall, working on the basis of field of college textbooks, sent out copies of their original manuscript to all coaches in the country. The purpose of this action was to obtain reviews and comments -- to test the product before selling it. On the basis of these reviews and comments Prentice-Hall decided to publish the efforts of Coaches Reese and Altitz. Schedules to appear on the shelves during the autumn, the book is the first work on wrestling to be published by Prentice-Hall.

Barras Believes Faith In God A Moral Necessity
by Charlotte Werny

Feature article to his credit assembly was Dr. Abraham D. Barras, the department of philosophy at the College, who spoke on the topic of brotherhood in our contemporary society. Dr. Barras quoted the wisdom of the Prophet Isaiah: "Whom the Lord has called to the ministry, to him will he provide the spiritual gifts necessary for his work."

Following the study of the thinking of Dr. Isaiah, the question of whether this faith is a moral necessity was determined by hidden motives and instincts over which the individual has no control. Dr. Barras maintained, in his deterministic philosophy, he believed that the individual had no real power over his own destiny.

At this point in his speech, Dr. Barras quoted the words of the Jewish-Christian tradition, which upheld the doctrine that man is a child of God with inalienable spiritual gifts. Consequently, no individual can be used as a means to an end. He then asserted that no human life is expendable.

In God

Dr. Barras indicated that the concept of the worth of the individual and therefore of life is based on the belief in God, who is the source of morality. In conclusion, he quoted, "We believe in God, upon the secure foundation can be established the inviolability of individual life and the innate worth? A faith in God is the only guarantee of a morality not subject to the contingencies of time and space."

Sponsoring the program for next week's assembly is the Committee on the Promotion of the College. This committee will present "Business As a Career." Featured in this assembly will be President Charetta, who will be speaking from the lips of the young Presidents' Organization, Inc.

March 13 Set For Peace Corps Tests

The Peace Corps Placement Test will be held at the Central Post Office on March 13. The only prerequisite for taking the test is the completion of a Peace Corps questionnaire, which must be taken to the test. Students are encouraged to obtain a questionnaire or further information on the test or the Peace Corps itself, see Arthur J. Hoover in Chaff Hall.

Summer College Sessions Expanded; Accelerated Program Made Possible

by Marshall Evans

Robert Capin, newly appointed director of evening and summer college, announced that an improved and expanded summer program for the current session will be offered during the summer, and one-eight-week session during the fall.

The six-week sessions will cover the period from June 14 through July 21 and from July 22 through September 12. The nine-week sessions will be held from June 1 to 27 and from September 13 to October 28. The one-eight-week session during the fall will begin on November 15.

In the new program, basic 100-2 courses will be offered by most departments. In addition, the education department will extend its 100-2 level. The foreign language department will offer 101-2-3 courses in French and German. Other departments will offer additional selected courses.

Robert Capin

To Begin June 21
An eight-week session will begin June 21 and go through August 6. Classes will meet Monday, Tuesday, and Thursday evenings between 6 and 10 p.m. Basic and advanced courses will be offered in many departments.

Registration for both the six-week and the eight-week sessions will be conducted during the week of June 8 through 12. A five dollar fee will be assessed for late registration. Those students planning to attend summer college should make a trial registration at the same time that they register for the next semester with their advisors.

The above information constitutes the beginning of a new program that will afford students the opportunity for year-round education in order to enable them to accelerate their educational programs so that they may enroll upon their careers or enter college, or complete their course of study before they leave the College. Cooperation of the student body is necessary and vital to make this program possible.

Research Project Granted $15,000

$125,000 Goal Set For Appeal

The College Annual Appeal will begin March 23 and extend through April 12. The goal this year is $125,000, to be applied to the scholar- ship and science program. General chairman of the community phase is Dr. H. F. Bay, chairman of the alumni appeal is Attorney John Doran.

Alumni in this area and those throughout the 50 states as well as those residing in foreign countries will be asked to contribute, to telephone, mail or personal solicitations.

The division leaders for 1965 as announced by Scovell are as follows: Mr. T. W. Edwards, Ralph L. Lomar, R. E. Mulligan, David Ondr, Earl Phillips, Chuck Robbins, J. F. Saltair, Joseph J. Savitt, and George Southm.

Soph. Wins Photo Finish

The Photo Club has selected Charetta Chiampi as Miss Seasons for the month of February. The dark-haired beauty is a member of the sophomore class and has a dual major in both history and political science. She is an active member of the College girls' basketball team. She spends a good deal of her spare time reading, and during the summer months she enjoys boating and fishing. She was born in Rome, Italy. Her major is Italian and her minor is History.

CCUN Represents Kuwait In N.Y.

by Carol Chruski

Yesterday morning seven members of the Collegiate Conference for the United Nations, and Dr. Brionic Kaslas, adviser to the organization, departed for New York City to attend the National Assembly of the United Nations. The students attending the Assembly are Jim Jenkins, president; Rita Dougherty, Jim Lisowski, Leslie Tobias, Dennis Quigley, Don Ungemah, and Bob Zebrowski. The school band is a member country of the United Nations and presents the country's views on the world's topical issues. This year the group represents Kuwait, a small country in the Persian Gulf. In other years the College has represented Finland, the Dominican Republic, and the Republic of South Africa, and the Congo.

Kuwait was chosen by the CCUN because its members wanted to present views other than those of the United States. Kuwait is non-aligned.

SC Announces Formation of Parking Problem Committee

by Vicki Tatz

Jerry McHale was successful in last week's election for a Student Government representative to the parking committee class. appointee in progress, under the co-chairmanship of Matt Fits and Elaine Geha, for the Intercollegiate Hootenanny, will be held on March 13. Tickets are available for $75 cents from any Student Government representative.

Five Music Majors In Band Festival

Next weekend members of the College Band will participate in the Pennsylvania Intercollegiate Band Festival at Lock Haven State College, Lock Haven, Pennsylvania. Students who will attend are: Nelson Seagren, tuba; David Loker, alto sax; Robert Ecker, cornet; Ronald Dugger, trombone; and Sandra Sandoz, baritone horn (also playing tuba). Mr. Lee (also playing tuba), will be director of other Pennsylvania colleges and universities.

The festival will take place Thursday, March 11 through Saturday, March 13. The students will play in the public concert, which will be given in Price Auditorium at 8 p.m. Saturday night.

Sans Hope, Sans Love, Sans . . .

by Stephen J. Gaval

As the sole character in the JCC's presentation of Knepp's Last Tape by Samuel Beckett, a performer must achieve an exceptional performance in a play which is very demanding on both the author and director.

The play, part of the theatre of the absurd, presents a man who exists in a world devoid of reality. His entire life centers around tape recordings which he has kept for the past 30 years. His main concern is his upcoming anniversaries of his birthday. By facing them he does, in a sense, face the reality that his life never was, is not and never will be anything but a futile, endless struggle.

Thought Provoking

This thought-provoking play leads the viewer to ponder what it means to be alive, to whom, and why. A picture of a side of humanity that most people deny to exist. One of the most interesting elements in Knepp's is the relationship that Knapp, the aspirations, goals, and ideals of youth that fall by the wayside of society. No one ever takes the time to understand how he passes through life. Knapp's degeneration is caused by his loss of social abilities and set them in the shadows, is content to revert back to the world by retiring to the secure warmth-giving atmosphere of his tiny cell-like room.

Mr. Salaburg can only be compared to the think-blinking portrayal through which he subtly imparts to the spectator a small portion of the individual's self - his realities and his dreams.

In Edward Albee's Zoo Story, which will be sponsored by the Department of Speech in cooperation with the English Department, a character actor of Jerry with the usual adjectives that has characterized his myriad character portrayals ranging from Music Man to Impromptu. He tends his poignant interpretation to the young, unempt, unscrupulous valet - a crumpled and collapsing Ivan - so subject to confusion that play

CUE n CURTAIN ASSOCIATE FEELS FINE UNPRECEDENTED

by David Fendrick, Nancy Leland

I feel that the fine imposed on CUE 'n Curtain by Student Government was just and defensible. The important thing is, to a large extent, the standard of excellence, both academic and scholastic, that is measured on campus by Student Government, not the number or amount of the fines issued by the organization. These are the words of David Fendrick, coach of the College Debate Society and affiliate of CUE in Curtain. "Apparently, we arenegligent. However, perhaps Student Government and Mr. Hoover were also negligent to some extent. They do bear a part of the burden of blame, although he feels that this word 'blame' is too strong for the minor offense and the attention the issue drew on campus and in Student Government. "It was too petty; there are too many more important things on campus that merit this attention."

Under the existing laws, Student Government had no choice concerning its actions. Mr. Fendrick was puzzled at the issuance of the fine, since the theatre has never before held strictly to scheduled dates and his been changing them for the past 17 years, not only without receiving fines, but also without mention of the fact. Now they are reprimanded and fined.

CUE 'n Curtain is unique in these respects: 1) it operates in a building that is unique; it has its own use, for the time being, and no one else can occupy it. 2) one can never predict the date of a play." Different forms of communication require different forms and ways of performing. An emotional play, for instance, will take longer to direct and produce because of the intensity and impact it must have and with which it must be treated. by the actors, whereas another type of play might not take as long. "It is not a matter of hiring people, but of timing them."

On Organization

"People who are attracted to and deeply interested in the theatre are people whose greatest virtue is not organization." The original dates of March 4, 5, and 6 were changed when the leading lady of Summer Hardy's play was struck down by appendicitis and a replacement had to be found. When Miss Slaughter had been found it was discovered that the plays could still run on the scheduled dates, at which they eventually were performed, last weekend. Meanwhile Student Government found out, hence, the fine. Student direction is a most delicate thing, the director must try to pick a time best suited for what they are performing, try to hit the "peak," theatre jargon for the moment at which everyone is working at his most productive rate and the rapport is greatest, rather than over or under rehearsing. "We hit the peak and got it just right, and it felt justified in having changed the dates.

Swimmers Conclude 2-7 Season; Compete in MAC’s This Weekend

Dickinson Defeats Colonel Mermen by 56-39 Gap in Finale

by Bill Kanyuck

Last Saturday the Wilkes men closed their current season at Dickinson, losing to the Red Devils by a score of 56-39. The scoring log of 2-7 was slightly off last year’s 3-5 pace which was the best record the swimmers have been able to attain since the re-organization of the team in 1958.

In the first meet of the season, Lycoming handed the Colonels a 63-33 defeat. The Lycoming team clearly outshone the Colonels by taking nine firsts in eleven events.

In the second meet the Colonels again suffered a defeat at the hands of Harpur College. Wilkes took only two first place wins but the strength of the team gained somewhat as the Colonels placed in a greater number of second place wins than in the Lycoming meet.

Traveling to Philadelphia, the Colonels met the Swimmers of Jefferson College winning two events and earning valuable points.

Enthusiastic over their previous wins, the Colonels were well on their way to claiming victory over East Stroudsburg, but the Warriors snatched the victory in the final relay earning the 400-yard freestyle relay. The final score was ESSC 48, Wilkes 47.

The rosy future and the bright hopes of the team suffered a blow at the hands of Millersville. The Marauders overpowered the Colonels 66-29.

In a second meeting with Lycoming, the Colonels were severely bruised by a score of 82-13. Wilkes gained the majority of their points from seven thirdplace wins and two secondplace places, failing to register a first place.

Shunning a defeatist attitude, the swimmers bounced back to defeat PMC. The Colonels showed their capabilities by taking first place in eight of the eleven events and setting a new school record in the 400-yard medley relay.

The Colonels met with a second close defeat at the hands of St. Joseph’s of Philadelphia. Wilkes led in nine of the eleven events but St. Joseph’s took the meet with an overall two win in the final two matches.

Jack Barnes took the only individual first place against Dickinson, winning the 100-yard freestyle, while the 400-yard freestyle relay team capped the only other first place in the meet.

The swimmers will compete in the Midatlantic Tournament today and tomorrow at Elizabethtown College.

DEEMERS
6 W. Market St., Wilkes-Barre
Wrestlers End with 9th Straight

**Moravian Bows;**
**Carr, McGinley Stay Unbeaten**

The wrestling team ended its season on a high note by downing the Greyhounds of Moravian 26-8 at Bethlehem Wednesday night.

Two of the Wilkes grapplers finished the season with perfect records. Ned McGinley took his tenth victory of the season, while John Carr capped his season with his second straight. McGinley continued in the 123-pound class and is team captain, with Carr competing in the upper weights.

Carr's victory was the third remaining match with Carr winning on a decision. Dick Cook and Fran Olexy turning in falls. Cook astonished his pin in 2:39. In the 133-pound class, Joe Kiefer lost a tough 8-7 decision to Wilson of Moravian.

The Colonels are preparing for the Mid-Atlantic Tournament to be held today and tomorrow at Gettysburg.

---

**Colonels Finish With Lowest Log In Three Years**

With nine wins and a single loss this season, the Wilkes wrestling team ended with its second lowest team score in three years. In the 1959-61 season, the Colonels scored 111.

The only blemish on the Colonels record came in the first meet of the season, with Ithaca taking a 15-14 decision. In a near-set battle, the Bombers of Ithaca managed to gain an important advantage in the first match. Heavyweight Bill Tinney took the lead in the match, but was penalized on a technical call and was forced to settle for a draw which gave Ithaca its first win over Wilkes in 10 years.

Recovering quickly, the Colonels came back with a shutdown victory over Delaware Valley and the Wilkes team began to roll.

Relying on five freshmen out of the eight weight classes, Coach Joe Reese presented an initial医务人员 and stormed over a man with little real opposition in sight. The loss was the Pioneers' first in 2 previous outings.

Wilkes anticipated a rough time with two undefeated teams they faced from Henderson got snowballed a 0-15 decision to make the trip. Due to the heavy scheduling of this year's meets, the Hoffman encounter had to be canceled.

The Colonels capped their second shutout of the season, blanking Madison-Dickinson 24-0. Freshman Ned McGinley, 157-pounder Dave Hall, and Tinney remained undefeated. Highlighting the meet was Vic Allen's 32-second fall over his opponent at 137.

With three straight victories under their belts, two of which were shutouts, the Colonels disappointed a game Mansfield team by turning back the Mountaineers 24-6, and adding John Carr to the line-up.

Millersville bowed as one of the top teams in the conference this season, but Wilkes had built up a tremendous momentum and rolled over the Ma-rauders 26-6.

Lycoming caused some anxiety for Coach Reese, presenting a strong team, but Wilkes had managed to maintain its streak, thus making it more worthy of the Colonels' challenge than any of the previous contests. The battlegrounds were shifted into the heavyweight slot and held Lycoming's Poo Gups to a 1-1 draw. The Colonels managed to continue their win skein, picking up more momentum and proceeding to grid for East Stroudsburg.

With McGinley, Hall and Carr still undefeated, Wilkes had little trouble disposing of East Stroudsburg and looked forward to finishing the season with little real opposition in sight. Dickson became the Colonels' third shutdown of the year, bowing 26-0 to the Crusaders, having set a new record with a 25-2 decision earlier in the year, made an effort to repeat his performance of last season, but was stopped by Dickenson's Tom Hallman 15-2.
