Three one-act plays will be presented by Cue ‘n’ Curtain on November 8, 9, and 10, at 8 o’clock in Chase Theatre. It will mark the opening of the drama season at Wilkes. According to Mr. Grob, advisor to the Cue ‘n’ Curtain club, and director of the group, the one-act plays serve three purposes. First, they afford entertainment to the students and guests of the college. Second, the plays provide opportunity for club members to get experience in acting and working behind the scenes. Finally, those members interested in directing have a chance to do so.

The first production, “No Orchids,” will be directed by Don Williams and Jim Gaten. The cast features Ann Attil in the female lead, and Sandra Carle, the former actress who gave up the theater for love. The male lead, Charles Thibodeau, will portray Ham Raymond, a Broadway columnist. Also cast are Miss Mavis, the calm efficient secretary to Sandra Carle; Nancy Lee, a former model, and Miss Attil, a famous writer for women’s magazines and Ted Blahay, a bell boy at the Waldorf-Astoria.

The second attraction is entitled “A Night At An Inn”, which is directed by Peter Menzo. The cast consists of Earl Wolfe, Jim Gaten, John Moore, Ned Mundfly, and Paul Maltas, a former radio drama writer about his midget’s eye story, which is groups by a stolen of thieves. It tells of the search by the priest for the missing eye.

The subject of Dr. Kazlauskas’ talk will be “Europe-Cultural Harmony and Political Controversy.”

Dr. Kazlauskas has written several books. He recently wrote THE BALTIMORE ART, a book which concerns itself with the propaganda of a regional federation of Europe and the Baltic Sea.

The Faculty Women Program November 10 to Feature Dr. Bronius Kazlauskas

The Wilkes Faculty Women have announced that on Friday, November 10, Dr. Bronius Kazlauskas will speak at their meeting in Chase Lounge. All faculty members are invited. The meeting will be held at 8 o’clock.

ATTENTION!

A coffee hour, sponsored by the Wilkes Faculty Women, will be held in the college cafeteria on Tuesday, November 7, from 3:00 to 5:00 o’clock. Dr. Mary Craig and Mrs. James Laggan will pour.

JUVESE BACON

ATTENTION!

On Monday, November 13, a talk will be given by Dr. and Mrs. Farley from four to six for all Economists Majors.

On Tuesday, a similar tea will be given by Mr. and Mrs. Grif-

A BELL HAS RUNG

The spirit for teamwork and cooperation is evident in the story on the right. Yet, the du Pont Company is only one of the many organizations eager to aid their country in another battle for freedom. Freedom?—certainly an intangible term. But we know what it means. The definitions will vary. From Maine to Mississippi we may define it 150,000 different definitions, but they all add up to the same thing. The same is true of "American way of life" or "the rights of free men" or any of the hundreds and hundreds of terms and phrases which are shuttling across our newspresses, and across the broadcast frequencies throughout our nation.

Yet, we should not be blind to the faults of our government. We owe it to our future generations, our neighbors and ourselves to take active part and interest in national and international affairs. We owe it to ourselves to vote regularly. Whether be a school or a national election, voting, free voting, remains our prime weapon to maintain that intangible freedom.

The foundation of our government is good; so, too, is that of the United Nations. And no matter what definition you may use for freedom, the key lies somewhere in the structure of those organizations. We feel that the du Pont Company and all of the others who have gone "all out" in our present defense measures realize the extreme importance of our battle for freedom.

We have an obligation to help in both the national and world situations. We shouldn't forget that this is our world, too, and we're going to have to live in it.

Letters To The Editor....

Holloway's, 1950

To the Editor: I certainly was thrilled to see my name in print last Friday, and Tony too. I'm sure that in the past we had only a little thing mixed. Indeed, it wouldn't have mattered if you had it in a B instead of an A. And it wouldn't have made me any different. It was a B instead of an A. And it wouldn't have made me any different. I didn't take part in the suites, outside of those points Tony had correctly observed. I was in the Drama Society I was in the Cue and Cushions Club.

Getchel B in Botanical Personal Relationships was quite a surprise but a B at Wilkes is a shock. I'm sure that in the past there have been one or two occasions when it would have been better to have had a B instead of an A.

Sincerely,

ECCO ZICH

Dear Mr. Editor,

I hope you've learned your lesson from the details on the Enquirer Calendar girl contest sponsored by the BEA. Last week and this week, I think that the whole thing was a farce. Never of all, you didn't have enough publicity on the campus; the majority of students were unaware of the voting time or place. Sure, you can stories and pictures of the ENQUIRER; but only once, in an insignificant point at the bottom of a story, did you explain the whole thing to the whole thing. Consequently, as I understand it, only 38 students voted. That's downright disgusting, Mr. Editor. Disgusting! Each person was called upon to vote for five beautiful co-eds. Are there that many beautiful co-eds on campus? Are there that many co-eds
BY CHUCK GOMAN

As I left the campus custodian this morning, after quipping a passing question about the weather, he justifiably blustered and then, abruptly by a strange whirring sound that seemed to come from the sky. Looking up, I saw a strange object floating down from the roof of Chase Theatre.

A flying saucer? A world lost book?

But it was neither. It was a flying saucer! I was amazed that I had been hit by the flying saucermobile!

The custodian, William S. Davis, was standing in front of a large black box, which he called a "flying saucer." I asked him how he knew it was a flying saucer.

"Oh, yes, I've been an inventor," he said.

"Well, what's your invention?"

"Well, I designed it especially for cheese," he said.

"Cheese?"

"Yes, I've designed it specifically for cheese. You just stand behind the trap and make noise. You whisper, 'Swiss! Swiss! Swiss!' and the mice fly in and you say, 'FIRE!' Then the mice find their way to death trying to get out!"

"That's a great invention!"

"Yes. I call it the 'bulletine mouse trap.'"

"Counts mouse trap? How does it work?"

"Well, I've designed it specifically for cheese. You just stand behind the trap and make noise. You whisper, 'Swiss! Swiss! Swiss!' and the mice fly in and you say, 'FIRE!' Then the mice find their way to death trying to get out!"

"That's a great invention!"

"Yes. I call it the 'bulletine mouse trap.'"

"Counts mouse trap? How does it work?"

Colonels Lead Caravan to Bloomsburg Tomorrow

MEET the Colonels

By Mike Lewis

In order to better acquaint the student body with the "Colonels" of our various sports, the Beacon is again running the "Meet the Colonels" columns of previous years. We are starting all this year by mentioning several outstanding "Goldmen" and "Booters".

One of the key men on the 1950 Wilkes line is Jack Jones who holds down the right end position. Last year he alternated on the varsity with Sen Elias and Al Dekle. Before coming to Wilkes, Jack played with Wyoming Sem and Wyomissing High School.

A former Rancocas High School star is Olez Thomas, first string guard, is one of the three married men on the Wilkes team. After completing his high school work, Olez saw six years service in the Army before coming to Wilkes in 1947.

One of three returning varsity backs from the '49 team, Al Nicholas, Sophomore, is regarded as one of the best halfbacks ever to play at Wilkes. Flashed into Al played ball at Auburn High in New York and was named all-state in his senior year.

A graduate of Kingston High School in '43, Leo Castle played four years of football there. Being named to the All-Atlantic team. He was also a letterman on last year's squad.

Some of the outstanding men on coach Purdy's team are George Wallace, Sophomore, quarterback. Kingston High School, Leo Castle, Sophomore, a two-year varsity athlete at Wilkes, Church spent the winter sport season with coach Logue's wrestlers as first string one sixty-six-pounder. A graduate of Fort High School, he spent eighteen months in the Army before entering Wilkes.

Colonels Take Lycoming, 27-14; Win Second Straight, Face Bloomsburg Tomorrow

By Paul R. Beers

It was Home-coming Day at Lycoming College last Saturday, but for the old grads that were back to "cheer the kids on" it was just miserable. The Colonels were in town, and Willamsport isn't big enough to hold Wilkes College and Lycoming. Something had to give, and it was Lycoming. The final score was 27-14.

From the outset it was a dark, deep secret who had the better team on the field. Coach Ralston's men were the favorites by a wide margin. In their four games this season, Lycoming hadn't scored one point, while handing out 120 points to the opposition. Their extra-point kicker could have been one of the best in the nation or one of the worst. Nobody could tell, but it was a fork that he wasn't bumbling with experience.

Everything pointed to a snap victory for our Colonels. The Caravan just went along to add up the points.

But it wasn't until the final quarter that the Colonels put the game on ice. Poor, pitiful Lycoming was in there all the time, and on the Wilkes bench the "Judas Priest" flowed like wine.

The Colonels started off fast, but got nowhere. Eddie Davis and Al Nicholas made a couple first downs, but everything just seemed to be a down. They started to score a 100-yard touchdown. It got them the ball, but the Colonels couldn't score.

The Colonels scored twice in punts from Nicholas to Manzak and McWilliams, and Lycoming got another on a pass. Out of that, nothing much happened. George Elias made some nice shoe-string tackles to take the fans a thrill and even Norm Cross caught a pass, but the game had slowed down to a walk. Still it was a nice day. The Colonels had taken their second straight and all was well.

This week we meet Bloomsburg in an afternoon tilt at Bloom. So far the Huskies have been undefeated. Last year we knocked them off with a 20-7 victory. They're not going to have an easy time this year either.

has everything for the college man's needs. . .

From ties to suits.

Fowler, Dick and Walker
Colonels' Corner

By Ed TYBUSKI

You should have so much trouble! Coach Ralston has all of our sympathy and pity, but we're afraid that even they won't help. With three of his toughest games coming up, the coach finds himself with two of them falling on the same day. David A. Colvin, the gym's ace, is converted to a fullback after the defeat of Pieczen and was hurt in the game. It is very doubtful if he will see action tomorrow afternoon. The Colonels' defense men are going down to try to finish off a good season with a win over big, rough and tough Howard. It won't be easy.

When the Colonels take Louisiana State University they won't mean much to Howard University. Year in and year out, they come up with terri-

fic soccer teams, so they don't have to play their games. Since last season Wilkes faced Howard University, the largest Negro college in the country and they came in to have a battle. As for the Colonels, we just don't know what to say. Nobody knows. Like the Colonels, Howard are expected to hit full stride this year.

This year's Colonels are better than last year's. E. A. Tinkham, one of the finest line backers in the state, Tom McLaughlin is good on both offense and defense. Perry, a fine, quick 6-foot 185-pounder wears the Maroon and Gold. Let's take a quick run-down here. Starting with quarterback, Redman has George Lamberts, a top notch blocking back. The 200-pound blocking back also was excellent in basketball and baseball.

John Stencil, another Plymouth lad, is filling in the shoes of Steve Kafka. Stencil has been replaced by the Backfield, a good young one. Stencil is the Colonels' side for the past two seasons. Tom Spack and Dan Carroll alternate at the fullback slot. Paras-

rell is the offense star who has been a hot commodity from Spack's team.

The Huskies squad is filled out with 31 first year men. On the 50-

man squad, five men hail from Wyoming Valley and others representing Hazleton, Broom and Old Forge. The local lads are Floyd Wil-

liams, a tackle out of Ashley, Merle Jones, Coughlin, guard; Walt Dylenski, another Coughlin guard; Charles Puckey, Nanticoke, guard; and two Plymouth boys already mentioned.

The Colonels will be in for one of their hottest battles of the season tomorrow afternoon, but we're pulling for them to bring the bacon home.

Boots and Bobbles

By Paul R. Beers

The Colonels will be traveling to dear old Washington, D. C. tomorrow to meet Howard, not Harry, for their final game of the season at the Capitol. They'll see the White House, the Library of Congress, and a heck of a good Howard University soccer team. But this is no time to think of the big game. This is the time to forget about the Poland game and to look forward after tomorrow afternoon. The Colonels' defense men are going down to try to finish off a good season with a win over big, rough and tough Howard. It won't be easy.

Whether the Colonels take Louisiana State University they won't mean much to Howard University. Year in and year out, they come up with terri-

fic soccer teams, so they don't have to play their games. Since last season Wilkes faced Howard University, the largest Negro college in the country and they came in to have a battle. As for the Colonels, we just don't know what to say. Nobody knows. Like the Colonels, Howard are expected to hit full stride this year.

Preparations for Home-Coming and Rollings

The Home-Coming Day this year is November 18, the day of the Kinsley-Swarthmore game. The Alumni Club is sponsoring the drive to de-

corate the buildings with posters. The posters are of the two teams tomorrow, and "Beat King's." The alumni will award prizes for the best posters.

Mr. Partridge, who is handling the affairs of the Alumni Club Council, has asked for all clubs to get their members out to the games. We want as many as possible. The smaller clubs can join forces to get out that good turnout in your bid within the next week.

On Friday, the 13th, the alumni will be holding its annual Dance at 25.
TONI MENEGUS

The name is Antoinette Marie Menegus, but her friends probably wouldn't recognize this Big Wheel unless you heard someone say, “Toni!” Then you'd realize that the name belonged to one of the viva-lincesa members of the Senior Class.

Toni comes from Clifton, N. J., where she was an outstanding member of her class. The Dramatic Society, I.R.C., Spanish Club, Hope Economics Club, and Girl Club were all part of her activities. When she reached Wilkes, she didn't slow down in her participation in extra-curricular activities. She too was a member of the Student Council, and ceil her Freshman year, and is a member again this semester, holding the office of Vice-president. Toni is also a Cheerleader, having been on the squad for her Sophomore year. She is Captain, too, but due to a slight appendectomy (1), you probably haven't and won't see her jumping around much.

The Delta Rho has claimed this part of the Senior's time; for three years she was an active member, and this year she is Services Chairman of the sorority. Toni also sits on the Wilkes Relations Club for two years, sitting on the Secretary her Sophomore year.

Aside from all these various works, she is a member of the Committee for Cinderella. Toni honors the Student Body by coming back and giving her time for her. To work with these girls in the planning of the Commencement, the Delta Rho chapter, and to aid for this Club are examples of just a few of the things she does.

Toni will graduate in June, and then she would like to do graduate work in English. She would like to teach, but then her heart seems to be set in teaching elementary courses.

CHORAL CLUB PLANS CHRISTMAS PROGRAM

by Joe Pace

The Choral Club will present a new Carmen of Joseph Gloskey's, "The World Male Flesh," at the the closing event for the annual Musical held in the new gym on the last Tuesday before Christmas.

For this assembly, a new style electric organ will be used. Mr. Charles B. Ruffin, Director of Music will participate in these programs. Dean Raitson will read "The Word Male Flesh," and there will also be an opportunity for the congregation to sing Christmas Carols.

It is expected that the music of the Choral Club will provide the traditional Xmas Assembly program music.

Farmer Dance Party To Be Held Dec. 2nd

In a joint meeting held in the Choral Club Monday evening, representatives from the Freshman and Sophomore classes discussed how the event would go. The Sophomore Farmer Dance Party will be held in the gym on December 3rd. It was decided to include the Ballroom dancing, Fox Trot, and Square dancing in the party, to be enjoyed and organized a square dance caller for the event.

Dave Whitey, president of the Sophomore Class, called a meeting of the Freshman class and we believe that it will be a real pleasure to work with the Sophomore Class. The committee picked at the meeting for the Farmer Dance: Dave Whitey and Al Wallace; Arrangements; Gene Stawicki, Ed Ruffin, and Grace Rufin; Refreshments: Rose Ruffin, Jean Lesnick, Alice Cacchio; Decorations: George E. Krier, Diana Camelon, Elsie Nesbitt, Carleton's; Music: Leo Lesnick, Mike Lewis, Carol Lesnick, and Barbara Evans; Decorations: Doris Simmons, Helen Holmes, Betty Ann Smith, Betty Lou Jones, Ruth Diller, Dave Ross, Honeysuckle, Joan Trono, and Mazie Brehm.
